All My Sins are Relatives W. S. Penn, 1995-01-01 Within its pages Penn describes learning the depths of his love for his grandfather to whom he dedicated this book As arrogant as youth can be I was often too busy silently grading his grammar to pay real attention and see what he was giving me Among the gifts was an awareness of what a story could tell what it could conceal and what it could never tell His grandfather inhabited a different sense of time and it was a long while before Penn lived there too

The Keeper of Stories Sally Page, 2023-01-24 A charming uplifting debut novel full of humor and depth that has taken readers around the world by surprise Everyone has a story to tell But does Janice have the power to unlock her own She can't recall what started her collection Maybe it was in a fragment of conversation overheard as she cleaned a sink Before long as she dusted a sitting room or defrosted a fridge she noticed people were telling her their stories Perhaps they had always done so but now it is different now the stories are reaching out to her and she gathers them to her Cleaner Janice knows that it is in people's stories that you really get to know them From recently widowed Fiona and her son Adam to opera singing Geordie the quiet bus driver Euan and the pretentious Mrs YeahYeahYeah and her fox terrier Decius Janice has a unique insight into the community around her When Janice starts cleaning for Mrs B a shrewd and prickly woman in her nineties she finally meets someone who wants to hear her story But Janice is clear she is the keeper of stories she doesn't have a story to tell At least not one she can share Mrs B is no fool and knows there is more to Janice than meets the eye What is she hiding After all

doesn't everyone have a story to tell In Our Words: Queer Stories from Black, Indigenous, and People of Color Writers Victoria Villaseñor, 2021-06-15 In Our Words Queer Stories from Black Indigenous and People of Color Writers is a thoughtfully curated collection of short stories at the intersection of racial and queer identity. Comprising both the renowned and emerging voices of Black Indigenous and People of Color authors across multiple countries and diverse in style perspective and theme In Our Words reflects the complexity and diversity of human experience **Dictionary of Midwestern Literature, Volume 1** Philip A. Greasley, 2001-05-30 The Dictionary of Midwestern Literature Volume One surveys the lives and writings of nearly 400 Midwestern authors and identifies some of the most important criticism of their writings. The Dictionary is based on the belief that the literature of any region simultaneously captures the experience and influences the worldview of its people, reflecting as well as shaping the evolving sense of individual and collective identity, meaning, and values. Volume One presents individual lives and literary orientations and offers a broad survey of the Midwestern experience as expressed by its many diverse peoples over time. Philip A. Greasley's introduction fills in background information and describes the philosophy, focus, methodology, content, and layout of entries, as well as criteria for their inclusion. An extended lead essay, "The Origins and Development of the Literature of the Midwest" by David D. Anderson, provides a historical, cultural, and literary context in which the lives and writings of individual authors can be considered. This volume is the first of an ambitious three-volume series sponsored by the Society for the Study of Midwestern Literature and created by its members. Volume Two will provide similar coverage of non-author entries such as sites, centers, movements, influences, themes, and genres. Volume Three will be a literary history of the Midwest. One goal of the series is to build understanding of the nature, importance, and influence of Midwestern writers and literature. Another is to provide information on writers from the early years of the Midwestern experience as well as those now emerging who are typically absent from existing reference works **Relative Strangers** Jessica Steele, Chizuko Beppu, 2019-04-16 After the loss of her mother Zarah goes to visit her aunt whom she hasn't seen since she was a young child, but she is greeted instead by a young man named Stein who introduces himself as her aunt's son. He seems aggressive from the start, his cold smile no comfort. It turns out that Zarah's aunt has passed away and left her a huge inheritance. Though it's a complete surprise to her, Stein believes Zarah is nothing more than a gold digger. Her intention had only been to uncover the mystery of her birth, but the condition of the inheritance states that she must live in her aunt's house for six months before she can claim her legacy. Will she be able to handle red-hot Stein's icy attitude until then?
