Relief In Recovery Stopping Deprebionanger And Relapse Fast:

Relief in Recovery Bernardo Du Blanc,1996 *Trust the Process* Linda Free-Gardiner,2001-05-29 Trust the Process book and workbook is for people frustrated by lack of tools for Recovery Enhancement programs They report new feelings of hope and the loss of guilt after reading the book and completing the exercises The book is illustrated to help people understand the concepts easier Every person who has addiction issues and or unresolved life trauma can benefit from this revolutionary new approach to relapse prevention Until recently the treatment standard has been to wait for an actual wet relapse then put the person into primary treatment again and again Ask yourself if primary treatment has not prevented relapse one two three or more times why do it again Instead look at an approach proven to be effective People using the Recovery Enhancement Program show an 83% abstinence rate after two years The national average is 16% statistics taken from study Clearly explained concrete exercises keep it simple so you don t waste valuable time figuring out how to do the work The program complements your 12 Step work Think of the 12 Steps as the foundation of recovery and the Recovery Enhancement Program as the mansion built on that foundation Passages Through Recovery Terence T Gorski,2009-07-30 Passages through Recovery presents an action plan for preventing relapse one that can help us understand how recovery works and what is needed to move from active addiction to sobriety Abstinence from alcohol and other drugs is only the beginning of sobriety It s the ticket to get into the theater not the movie we are going to see Passages through Recovery One of the most important things we learn in recovery is that there really is a way out of all the misery if we know which way to go But abstinence from alcohol and other drugs is just the beginning of our journey not our destination And that journey can be a rough one if we don t know what lies ahead Based on the experiences of thousands of recovering men and women Passages through Recovery presents an action plan for preventing relapse one that can help us understand how recovery works and what is needed to move from active addiction to sobriety Gorski s pioneering work describes six stages of recovery from chemical dependency and offers sound advice for working through the challenges of each stage challenges that can create frustration and lead to relapse Passages through Recovery clearly demonstrates that sobriety is more than just healing the damage It s a way of thinking acting and relating to others Gorski writes that promotes continued physical psychological social and spiritual health The skills necessary for long term sobriety are all directed at finding meaning and purpose in life Use this book as a compass in your recovery to help you stay on course *Bulletproof Recovery* Paul W. Anderson, PhD,2001-02-01 Relapse can attack and ruin your recovery like the bullets from a drive by shooting Fifty percent of all people who attempt recovery from addictive behavior relapse How do you sustain sobriety Bad ideas lead to good people dying Not because ideas kill but because bad ideas die hard and these ideas form the hot beds for addictions to thrive Addictions kill People dont realize they have killer ideas floating around in their heads However if you attempt recovery from addiction and achieve sobriety you will quickly run into these bad ideas Certain bad ideas must die so sobriety can live Examples of

Bulletproof thinking that counteract bad ideas Bad Idea Staying sober has little to do with the shape you or your life is in Just use your program and you will be okay Bulletproof Idea The better shape you are in the better your recovery program will work for you Bad Idea What you feel is what is real Bulletproof Idea Thoughts are as important as feelings to sustain recovery Bad Idea Pain can kill you Bulletproof Idea Pain cannot kill you What you do about pain can Nothing dies harder than a bad idea Bulletproof Recovery gives you the keys and step by step direction to cure stinking thinking and stay sober from any addiction The formula is based on this fact addiction thrives in the lives of people who take poor care of themselves Chapter 6 The Seven Highly Successful Keys To Sustained Sobriety starts to fill your recovery tool box Your thinking changes with chapter 8 From Selfish to Self Care and gets you ready To Prevent Relapse Put Yourself In Hospital and Stay There chapter 10 In chapter 13 you learn You Cant Cure an Addiction But You Can Outgrow One and chapter 15 gives you insight into Balance Living In the Eye of the Hurricane Be good to yourself Get Bulletproof Recovery and stop addiction forever
