Sourcebook of the World's Religions Joel Beversluis, 2011-02-08 Now in its third edition this is the most comprehensive work available on the rich variety of paths available to today's spiritual seekers More than an academic reference it explores how religions can collaborate to help the world Essays exploring the realm of building an interfaith community add to the book's detailed portraits of the major religious traditions The Sourcebook also contains essays on spiritual practices as diverse as theosophy wicca and indigenous religions This revised edition of the Sourcebook offers an unparalleled look at where spirituality is headed in the coming millennium The Role of Religion in Peace and Conflict Zoran

Matevski, 2021-02-03 This book explains the role of religion in peace and conflict in contemporary European society It confirms the idea that multiculturalism is a dead concept because it is too static The main link between all of the chapters of the book is the idea that European society is segregated especially along the axes of religious and ethnic belonging Because of this religious nationalism which is especially characteristic for Christian and Islamic religious institutions is becoming stronger The much more dynamic principle of interculturalism is based on this concept The book presents a message to the political and religious elites of Europe to build one society for all and interculturalism instead of furthering the ideologies of ethno nationalism and religious nationalism A part of this text is dedicated to the situation in Africa in comparison to Europe

Peace on Earth Thomas Matyók, Maureen Flaherty, Hamdesa Tusó, Jessica Senehi, Sean Byrne, 2013-12-16 *Peace on Earth* The Role of Religion in Peace and Conflict Studies provides a critical analysis of faith and religious institutions in peacebuilding practice and pedagogy The work captures the synergistic relationships among faith traditions and how multiple approaches to conflict transformation and peacebuilding result in a creative process that has the potential to achieve a more detailed view of peace on earth containing breadth as well as depth Library and bookstore shelves are filled with critiques of the negative impacts of religion in conflict scenarios *Peace on Earth* The Role of Religion in Peace and Conflict Studies offers an alternate view that suggests religious organizations play a more complex role in conflict than a simply negative one Faith based organizations and their workers are often found on the frontlines of conflict throughout the world conducting conflict management and resolution activities as well as advancing peacebuilding initiatives
