Remaking The Nation Place Identity And Politics In Latin America:

Remaking the Nation Sarah Radcliffe, Dr Sallie Westwood, Sallie Westwood, 2005-08-12 Remaking the Nation presents new ways of thinking about the nation nationalism and national identities Drawing links between popular culture and indigenous movements issues of race and gender and ideologies of national identity the authors draw on their work in Latin America to illustrate their retheorisation of the politics of nationalism This engaging exploration of contemporary politics in a postmodern post new world order uncovers a map of future political organisation a world of pluri nations and ethnicised identities in the ever changing struggle for democracy *Latin America Transformed* Robert N Gwynne, Kay

Cristobal, 2014-04-23 Restructured to offer a more thematic approach Designed to be more student friendly with new features including chapter summaries a glossary of Spanish phrases and acronyms All the chapters have been substantially revised and a new chapter on livelihoods and place as well as a concluding chapter have been added All the chapters have been substantially revised and a new chapter on livelihoods and place as well as a concluding chapter have been added

The formation of Croatian national identity Alex Bellamy, 2013-07-19 This book assesses the formation of Croatian national identity in the 1990s It develops a novel framework calling into question both primordial and modernist approaches to nationalism and national identity before applying that framework to Croatia In doing so the book provides a new way of thinking about how national identity is formed and why it is so important An explanation is given of how Croatian national identity was formed in the abstract via a historical narrative that traces centuries of yearning for a national state The book shows how the government opposition parties dissident intellectuals and diaspora groups offered alternative accounts of this narrative in order to legitimise contemporary political programmes based on different versions of national identity It then looks at how these debates were manifested in social activities as diverse as football religion economics and language This book attempts to make an important contribution to both the way we study nationalism and national identity and our understanding of post Yugoslav politics and society An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *The Routledge Handbook of Latin American Development* Julie Cupples, Marcela Palomino-Schalscha, Manuel Prieto, 2018-12-07 The Routledge Handbook of Latin American Development seeks to engage with comprehensive contemporary and critical theoretical debates on Latin American development The volume draws on contributions from across the humanities and social sciences and unlike earlier volumes of this kind explicitly highlights the disruptions to the field being brought by a range of anti capitalist decolonial feminist and ontological intellectual contributions The chapters consider in depth the harms and suffering caused by various oppressive forces as well as the creative and often revolutionary ways in which ordinary Latin Americans resist fight back and work to construct development defined broadly as the struggle for a better and more dignified life The book covers many key themes including development policy and practice neoliberalism and its aftermath the role played by social movements in cities and rural areas the politics

of water oil and other environmental resources indigenous and Afro descendant rights and the struggles for gender equality With contributions from authors working in Latin America the US and Canada Europe and New Zealand at a range of universities and other organizations the handbook is an invaluable resource for students and teachers in development studies Latin American studies cultural studies human geography anthropology sociology political science and economics as well as for activists and development practitioners

Performativity, Politics, and the Production of Social Space Michael R. Glass, Reuben Rose-Redwood, 2014-01-10 Theories of performativity have garnered considerable attention within the social sciences and humanities over the past two decades At the same time there has also been a growing recognition that the social production of space is fundamental to assertions of political authority and the practices of everyday life However comparatively little scholarship has explored the full implications that arise from the confluence of these two streams of social and political thought This is the first book length edited collection devoted explicitly to showcasing geographical scholarship on the spatial politics of performativity It offers a timely intervention within the field of critical human geography by exploring the performativity of political spaces and the spatiality of performative politics Through a series of geographical case studies the contributors to this volume consider the ways in which a performative conception of the political might reshape our understanding of sovereignty political subjectification and the production of social space Marking the 20th anniversary of the publication of Judith Butler's classic *Bodies That Matter* 1993 this edited volume brings together a range of contemporary geographical works that draw exciting new connections between performativity space and politics

The Politics of South American Boundaries Carlos Parodi, 2002-04-30 Parodi shows that boundary disputes have and continue to play a major role in creating tensions in South America Of the 25 international territorial boundaries that exist in South America eight were marked with major wars eight with lesser wars and five with some level of violence As recently as 1995 the armies of Ecuador and Peru were at war to define a boundary In 1982 Argentina went to war inspired by the call to restore a piece of its mutilated national territory Venezuela and Guyana Guyana and Suriname and Suriname and French Guiana have not completed boundary demarcation agreements Bolivia's insistence on its right for sovereign access to the Pacific Ocean is a source of tension with Chile and Peru Colombia and Venezuela have unresolved boundary issues in the Gulf of Venezuela Clearly boundary disputes have and continue to play a major role in creating larger conflicts within South America Territorial boundaries are marks on the ground but as Parodi shows their staying power or stability depends on their grip on consciousness By examining the boundary theory of South American states and its implementation he also explains how the symbolic system of South American boundaries is used to instill national identity mobilize people to war and control population and territory This text will be of particular interest to scholars students and researchers involved with Latin American politics diplomacy and international relations

Women, Ethnicity and Nationalism Robert E. Miller, Rick Wilford, 2004-01-14 *Women Ethnicity and Nationalism* asks whether societies caught in political or social transition provide

new opportunities for women or instead create new burdens and obstacles for them Using contemporary case studies each author looks at the interaction of gender ethnicity and class in a divided society The varying experiences of women are discussed in the following countries Northern Ireland South Africa the former Soviet Union and Yugoslavia Yemen Lebanon and Malaysia

Cultural Tourism in Latin America Michiel Baud, Annelou Ypeij, 2009-06-02 Cultural tourism has become an important source of revenue for Latin American countries especially in the Andes and Meso America Tourists go there looking for authentic cultures and artefacts and interact directly with indigenous people Cultural tourism therefore takes place in close engagement with local societies This book analyse the effects of cultural tourism and the processes of change it provokes in local societies It analyses the intricacies of informal markets the consequences of enforcing tourist policies the varied encounters of foreign tourists with local populations and the images and identities that result from the development of tourism The contributors convincingly show that the tourist experience and the reactions to tourist activities can only be understood if analysed from within local contexts Contributors Michiel Baud Annelou Ypeij Lisa Breglia Quetzil E Casta eda Ben Feinberg Carla Guerr n Montero Walter E Little Keely B Maxwell Lynn A Meisch Zoila S Mendoza Alan Middleton Beatrice Simon Griet Steel Gabriela Vargas Cetina Tourism in Latin America especially the sort of cultural tourism that plays to desires for authentic experiences has become a key foreigner currency earner for many countries This important volume examines the impact of tourism across the region providing a rich survey of the range of experiences and teasing out the theoretical implications From the almost surreal Mi Pueblito theme park in Panama to mushroom hunting tourists in Oaxaca to the eco trail leading to Machu Pichu these chapters present compelling cases that speak to identity formation nationalism and economic impacts As the contributors show benefits are differentially accrued to various actors and often not to the communities that tourists come to see Yet the contributors also make it clear that in struggles over ownership authenticity and political representation local communities actively shape the contours and meanings of tourism at times successfully leveraging cultural capital into economic gains Edward F Fischer Director Center for Latin American Studies Vanderbilt University

The Puerto Rican Nation on the Move Jorge Duany, 2003-10-15 Puerto Ricans maintain a vibrant identity that bridges two very different places the island of Puerto Rico and the U S mainland Whether they live on the island in the States or divide time between the two most imagine Puerto Rico as a separate nation and view themselves primarily as Puerto Rican At the same time Puerto Ricans have been U S citizens since 1917 and Puerto Rico has been a U S commonwealth since 1952 Jorge Duany uses previously untapped primary sources to bring new insights to questions of Puerto Rican identity nationalism and migration Drawing a distinction between political and cultural nationalism Duany argues that the Puerto Rican nation must be understood as a new kind of translocal entity with deep cultural continuities He documents a strong sharing of culture between island and mainland with diasporic communities tightly linked to island life by a steady circular migration Duany explores the Puerto Rican sense of nationhood by looking at cultural representations produced by Puerto

Ricans and considering how others American anthropologists photographers and museum curators for example have represented the nation His sources of information include ethnographic fieldwork archival research interviews surveys censuses newspaper articles personal documents and literary texts Afrodescendants, Identity, and the Struggle for Development in the Americas Bernd Reiter, Kimberly Eison Simmons, 2012-04-01 Indigenous people and African descendants in Latin America and the Caribbean have long been affected by a social hierarchy established by elites through which some groups were racialized and others were normalized Far from being racial paradises populated by an amalgamated cosmic race of mulattos and mestizos Latin America and the Caribbean have long been sites of shifting exploitative strategies and ideologies ranging from scientific racism and eugenics to the more sophisticated official denial of racism and ethnic difference This book among the first to focus on African descendants in the region brings together diverse reflections from scholars activists and funding agency representatives working to end racism and promote human rights in the Americas By focusing on the ways racism inhibits agency among African descendants and the ways African descendant groups position themselves in order to overcome obstacles this interdisciplinary book provides a multi faceted analysis of one of the gravest contemporary problems in the Americas
