Remember Dad A Journey Into Memory Loss:

Remember, Dad? Lorie Barkman, 1999 **The Emotional Journey of the Alzheimer's Family** Robert B. Santulli, MD, Kesstan Blandin, PhD, 2015-03-22 Alzheimer's disease is a growing public health crisis. According to the Alzheimer's Association, there are 5.4 million victims of this disease; by 2050, there will be close to 15 million people who suffer from this debilitating disorder of memory, thinking, personality, and functioning. The disease profoundly affects immediate family members, close friends, and neighbors. These people, the Alzheimer's family, undergo tremendous psychological and emotional change as they witness the cruel and relentless progression of the disease in their loved one. Incorporating over thirty years of experience with Alzheimer's patients and their families, with current medical knowledge, the authors chart the complex emotional journey of the Alzheimer's family from the onset of the disease through the death of the loved one. They discuss the anger that rises in the face of discordant views of the disease, the defenses that emerge when family members are unwilling to accept a dementia diagnosis, and the common emotions of anxiety, guilt, anger, and shame. They focus especially on grief as the core response to losing a loved one to dementia and describe the difficult processes of adaptation and acceptance which lead to personal growth. Final chapters emphasize the importance of establishing a care community and how to understand and cope with personal stress. This volume will be useful to medical professionals and ordinary people close to or caring for a person with dementia.

Help for the Caring Brenda Parris Sibley, 2002 This much-needed bibliography and filmography brings together lists of books about Alzheimer's and caregiving, including biographies, poetry, and even fiction, as well as instructional and dramatic films.

Journey Through Alzheimer's B. Geraldine Meggait, 2005-01-12 Caregivers would benefit from this read. This is a moving, inspirational personal journey into Alzheimer's disease. Gerry has incorporated many techniques with a gentle, loving approach to address complications arising from crippling disease. Her diary excerpts are real and honest. This book is not only emotional, truthful, and educational; it expresses the bond and undying love between mother and daughter. Caregivers must read it. It is a powerful book.

Twyla R. Proud, R.N. From the author: My title refers to the journey Mother and I took into the world of Alzheimer's. As I listen to others talk about their experiences, they also refer to it as a journey. In many ways, that word accurately describes the experience. When you start out on a journey, you often meet many obstacles, twists, and turns in the road. Many joyful and some not so happy events occur. Much the same happens when you care for someone with Alzheimer's. The road ahead is unknown, sometimes scary, with many bumps, twists, and turns, and sometimes precious and breathtakingly wonderful. I hope somehow that because of this book, your experience may be less scary and much more precious.

Grandpa's Special Journey: Remembering Together Angelique Van Oz, 2024-09-16 Grandpa's memory fades due to Alzheimer's disease, granddaughter Sofie embraces their precious moments together. From laughing in the park to a touching farewell, discover the power of love that overcomes all obstacles. A heartwarming story of connection, memories, and the legacy of unconditional love. This children's book is a glimpse into the lives of Grandpa and Sofie.

suffers from Alzheimer's which makes Sofie sad but also determined to help Grandpa This story is educational because it highlights important themes and lessons that are relevant to life such as dealing with loss cherishing precious moments showing compassion and finding strength in difficult times It also illustrates the impact of Alzheimer's on individuals and families and how love and support can help in dealing with these challenges

Between Remembering and Forgetting

James Woodward,2010-04-08 We are increasingly aware of the economic and emotional cost of dementia but its spiritual dimension is often overlooked Between Remembering and Forgetting brings together contributions from distinguished and experienced practitioners in the front line of dementia research and care to reflect on this and to explore the implications for Churches and other faith groups as well as for individual carers A practical focus offers not only a critique of areas for future research and development in the field of dementia but also directs the reader to further resources The Editor was for ten years Director of The Leveson Centre which brings together for study reflection and the exchange of ideas and information those who believe that older people should not be considered passive recipients of care but as valued and cherished members of society who can inform and enrich the lives of others In particular the Centre is developing an understanding of spirituality as lived by older people and aims to support them to express their spiritual awareness

Do This, Remembering Me

Colette Bachand-Wood,2016-03-10 Memory loss should not be spiritual loss What do I do to help Alzheimer's is the sixth leading cause of death in the United States almost everyone knows someone with some form of dementia yet few know how to answer that question and very little material exists on providing spiritual care to adults with dementia related diseases Even seminaries rarely provide training or clinical pastoral education in this field This book is an answer It provides a hands on manual that will give clergy spiritual care providers and family members an understanding of the ongoing spiritual needs of individuals with dementia as well as practical tools such as how to create a religious service in a memory care unit and how one might plan a nursing home visit Accessibly written with real life applications and sample services for a variety of settings More than just useful the book inspires with shared stories that are tender sad funny and sometimes all three at once encouraging readers to develop spiritual care ministries for people with memory loss in congregations homes nursing facilities or other communities a ministry that will only gain in importance in the coming decade as Baby Boomers age and the number of people with Alzheimer's and dementia skyrockets
