Remembering Cable Street:

Remembering Cable Street Nadia Valman, 2000 Historians political scientists cultural scholars and journalists offer new views of the 1936 clash between police fascists and anti fascists in London s Jewish neighborhood Among their concerns are the diversity of Jewish responses government reactions fascist perception and representations the role of gender and the shifting cultural memory Also included is Simon Blumanfeld s play *The Battle of Cable Street* and excerpts from its sequel Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR

An East End Legacy Colin Holmes, Anne J Kershen, 2017-08-15 *An East End Legacy* is a memorial volume for William J Fishman whose seminal works on the East End of London in the late nineteenth century have served as a vital starting point for much of the later work on the various complex web of relations in that quarter of the capital A variety of leading scholars utilise the insight of Fishman s work to present a wide range of insights into the historical characters and events of the East End The book s themes include local politics anti alienism anti Semitism and war and culture and society In pursuing these topics the volume examines in great depth the social political religious and cultural changes that have taken place in the area over the past 120 years many of which remain both significant and relevant In addition it illustrates East London s links with other parts of the world including Europe and America and those territories beyond the oceans This book will prove valuable reading for researchers and readers interested in Victorian and twentieth century British history politics and culture

Rethinking Antifascism Hugo García, Mercedes Yusta, Xavier Tabet, Cristina Clímaco, 2016-06-01 Bringing together leading scholars from a range of nations *Rethinking Antifascism* provides a fascinating exploration of one of the most vibrant sub disciplines within recent historiography Through case studies that exemplify the field s breadth and sophistication it examines antifascism in two distinct realms after surveying the movement s remarkable diversity across nations and political cultures up to 1945 the volume assesses its postwar political and ideological salience from its incorporation into Soviet state doctrine to its radical questioning by historians and politicians Avoiding both heroic narratives and reflexive revisionism these contributions offer nuanced perspectives on a movement that helped to shape the postwar world

Stepney Samantha L. Bird, 2010-10-12 This book is the first single volume history of Stepney in modern times It sets out to provide a vivid and yet scholarly portrait of an iconic London borough situated in the heart of the East End Stepney is an area with very many well known associations and images from the horrifying murders of Jack the Ripper to the soaking up of the heavy bomb damage during the Blitz from the classical confrontation between Mosley s fascists and the socialist left at the Battle of Cable Street to the dramatic Siege of Sidney Street when Liberal Home Secretary Winston Churchill rooted out an anarchist cell Beyond these dramatic episodes Stepney witnessed the perennial struggle for subsistence among the many poor the rise and fall of the great local docks the immigration of large numbers of Jewish refugees from Eastern Europe and elsewhere the growth of the Labour Party and the surprising local ascendancy of the Communists the desperate drive to improve public housing the evacuation of a large

proportion of its children at the start of World War II and much more besides This is a truly ground breaking very readable book that fills a surprising gap in our knowledge and greatly enhances our understanding of London urban working class inter ethnic industrial and British 20th century history **Scots and the Spanish Civil War** Raeburn Fraser
Raeburn,2020-09-25 Few causes before or since have inspired such passion determination and sacrifice than the Spanish Civil War 1936-9 This book explores the many ways in which Scots responded to the war in Spain covering the activists and humanitarians who raised funds and awareness at home as well as the hundreds of Scots who journeyed to Spain to fight as part of the International Brigades Their stories reflect much larger narratives of the rise of European fascism the networks and cultures of international communism and the wider modern phenomenon of transnational foreign fighters Scots and the Spanish Civil War is a groundbreaking study of Scottish involvement in one of the 20th century's most famous and divisive conflicts drawing on newly declassified government documents and international archives in Spain and beyond As well as shedding new light on Scottish politics in the 1930s Fraser Raeburn argues that this case study part of the largest wave of foreign war volunteering in the 20th century can help us understand other such mobilisations past and present

Connecting Histories Gemma Romain,2013-10-28 First published in 2006 The dynamics of ethnicity diaspora identity and community are the defining features of contemporary life giving rise to important and exciting new interdisciplinary fields of study and literature on subjects that were previously seen as the exclusive domain of the social sciences Connecting Histories is an important contribution to this trend While using sociological and anthropological theories it is an innovative historical and comparative assessment of ethnic identities and memories Romain focuses on Afro Caribbean and Jewish individuals and groups investigating the ways in which communities remember their experiences **British Fascist Antisemitism and Jewish Responses, 1932-40** Daniel Tilles,2014-11-20 This book explores the use of antisemitism by Britain's interwar fascists and the ways in which the country's Jews reacted to this examining the two alongside one another for the first time and locating both within the broader context of contemporary events in Europe Daniel Tilles challenges existing conceptions of the antisemitism of Britain's foremost fascist organisation the British Union of Fascists He demonstrates that it was a far more central aspect of the party's thought than has previously been assumed This in turn will be shown to be characteristic of the wider relationship between interwar European fascism and antisemitism a thus far relatively neglected issue in the burgeoning field of fascist studies Tilles also argues that the BUF's leader Sir Oswald Mosley far from being a reluctant convert to the anti Jewish cause or simply a cynical exploiter of it as much of the existing scholarship suggests was aware of the role antisemitism would play in his fascist doctrine from the start and remained in control of its subsequent development These findings are used to support the notion that contrary to prevailing perceptions Jewish opposition to the BUF played no part in provoking the fascists adoption of antisemitism Britain's Jews did nevertheless play a significant role in shaping British fascism's path of development and the wide ranging and effective anti fascist activity

they pursued represents an important alternative narrative to the dominant image of Jews as mere victims of fascism

The Police and the Expansion of Public Order Law in Britain, 1829-2014 Iain Channing, 2015-05-15 Incidences of public disorder and the manner in which they have been suppressed have repeatedly ignited debate on the role of policing the effectiveness of current legislation and the implications for human rights and civil liberties These same issues have reverberated throughout British history and have frequently resulted in the enactment of new legislation that reactively aimed to counter the specific concern of that era This book offers a detailed analysis of the expansion of public order law in the context of the historical and political developments in British society The correlation of key historical events and the enactment of consequent legislation is a key theme that resonates throughout the book and demonstrates the expanding influence of the law on public assemblies and protest which has continued to criminalise and prohibit certain social behaviours Crucial movements in Britain s social and political history who have all engaged in or have provoked public disorder are examined in the book Other incidents of riot and disorder such as the Featherstone Riot 1893 the Battle of Cable Street 1936 the Inner City Riots 1980s and the UK riots 2011 are also covered By positioning legal developments within their historical context the book demonstrates the ebb and flow between the prominence of the competing demands of the liberties of free expression and assembly on the one hand and the protection of the general public and property on the other This book is essential reading for academics and students in the fields of criminology history and law

The English Rebel David Horspool, 2009-08-06 The English have a rich and glorious history of making trouble for themselves One hundred and forty years before the French Revolution the English executed their king and instituted a radical revolutionary government In 1215 more than 570 years before the United States ratified its Bill of Rights England s barons forced King John to accept the Magna Carta In 1926 over 1.5 million strikers brought the nation to its knees From the Peasants Revolt to the suffragettes from Oliver Cromwell to Arthur Scargill this ground breaking and hugely enjoyable book describes a rich and continuous tradition of resistance rebellion and radicalism of violent and charismatic individuals with axes to grind and of social eruptions and political earthquakes that have shaped England s whole culture and character

A Companion to the History of Crime and Criminal Justice Jo Turner, Paul Taylor, Sharon Morley, Karen Corteen, 2017-06-21 This companion addresses the history of crime and punishment through entries by expert contributors that select and define the central vocabulary and terminology for the study of the history of crime and punishment Organized alphabetically with useful cross references and bibliographies it goes beyond mere definitions to offer rigorous critical analysis of the terms and their use within the field both now and in the past It will be essential to students researchers and teachers in the field

If you ally need such a referred **Remembering Cable Street** books that will meet the expense of you worth, get the enormously best seller from us currently from several preferred authors.
