Remembering Osiris:

ReMembering Osiris Tom Hare, 1999 The story of Osiris is one of the central cultural myths of ancient Egypt a story of dismemberment and religious passion that also exemplifies attitudes about personal identity sexuality and the transfer of royal power It is moreover a story of death and the overcoming of death and in this it lies at the center of our own means of engagement with ancient Egypt ReMembering Osiris takes as its focus this tale as it is recorded in Egyptian texts and memorialized on the walls of temples and tombs Since such a focus is attainable only through Egyptian representational systems especially hieroglyphs the book also engages broader questions of writing and visual representation decipherment controversies about the ideograph and the relation between visual images and writing ReMembering Osiris Tom Hare, 2022 The texts and visual arts of ancient Egypt reveal a persistent and sophisticated engagement with problems of language the body and multiplicity This innovative book shows how these issues were represented in ancient Egypt and how Egyptian approaches to them continue to influence the way we think about them today The story of Osiris is one of the central cultural myths of ancient Egypt a story of dismemberment and religious passion that also exemplifies attitudes about personal identity sexuality and the transfer of royal power It is moreover a story of death and the overcoming of death and in this it lies at the center of our own means of engagement with ancient Egypt This book focuses on the story of Osiris as it is recorded in Egyptian texts and memorialized on the walls of temples and tombs Since such a focus is attainable only through Egyptian representational systems especially hieroglyphs the book also engages broader questions of writing and visual representation decipherment controversies about the ideograph and the relation between visual images and writing This analysis of Egyptian representation leads to a consideration of the phallic body and the problem of multiplicity in Egyptian religion two nets of Egyptian discourse that though integrated into the writing system itself reach toward broader Egyptian discourses of gender subjectivity piety and cosmogenesis The concluding chapter considers in specific terms the question of a persisting Egyptian legacy in the West from the Greeks and Israelites to Augustine Hegel and Lacan *Servant of Mut* Sue D'Auria, 2008 Richard A Fazzini has inspired and mentored many scholars of Egyptology through his tireless efforts as curator and then chairman of the Brooklyn Museum's Department of Egyptian Classical and Ancient Middle Eastern Art ECAMEA field archaeologist of the Precinct of Mut at Karnak scholar and teacher The 35 contributions to this volume in his honor represent the variety of Professor Fazzini's own research interests namely in ancient Egyptian art religious iconography and archaeology particularly of the New Kingdom Third Intermediate Period and Late Period Reflections on Professor Fazzini's scholarship and teaching are accompanied by an extensive bibliography of his works **Renewal and Ascension** Wim van den Dungen, Ancient Egypt Barry J. Kemp, 2007-05-07 Completely revised and updated to reflect the latest developments in the field this second edition of Barry J Kemp's popular text presents a compelling reassessment of what gave ancient Egypt its distinctive and enduring characteristics Ranging across Ancient Egyptian material culture social

and economic experiences and the mindset of its people the book also includes two new chapters exploring the last ten centuries of Ancient Egyptian civilization and who in ethnic terms the ancients were Fully illustrated the book draws on both ancient written materials and decades of excavation evidence transforming our understanding of this remarkable civilization Broad ranging yet impressively detailed Kemp s work is an indispensable text for all students of Ancient Egypt Dirge Trilogy Colin Cook,2013-07-30 The Erichs a family with a war torn history fighting a life long battle against their enemies the Vulpes Timothy a man doing his best to make his way in life but who soon catches the eyes of the Erichs Be it for business or love Timothy Howell will be the catalyst for the next chapter in the Erich s existence be it for better or for worst But while he does his best to belong what will become of those he has left behind **The Gods of the Egyptians** Sir Ernest Alfred Wallis Budge,1904 **Text as Dance** Mark Franko,2024-12-12 This book offers a groundbreaking investigation into issues of gender power and the representation of sovereignty in French Baroque court ballet and in today s performances that recall them Mark Franko uses powerful interpretive tools derived from historiography and critical theory especially the work of German Jewish philosopher Walter Benjamin to offer the reader both a historical and a theoretical interpretation of this genre of dance in France c 1615 1654 as well as its aftermath and legacy today Through doing so he reaches conclusions about how sovereignty and power were both perceived by viewers at the time and how they were represented through dance given that it was the noble class who devised and performed court ballets He enquires into the role of choreography and theatricality as potentially critical forces operating at the heart of sovereignty Franko places the work of Louis Marin on power representation and movement in French Baroque painting and performance in juxtaposition to that of Benjamin on theater Other historians whose work is prominent in this study are Ernst Kantorowicz Michel Foucault and Jos Antonio Maravall With wide breadth in the work of historians philosophers political scientists critical theorists musicologists and dance historians this is the culmination of a career s worth of scholarship and research in the field *Embodied Lives:* Rosemary A. Joyce,Lynn M. Meskell,2014-02-25 Examining a wide range of archaeological data and using it to explore issues such as the sexual body mind body dualism body modification and magical practices Lynn Meskell and Rosemary Joyce offer a new approach to the Ancient Egyptian and Mayan understanding of embodiment Drawing on insights from feminist theory art history phenomenology anthropology and psychoanalysis the book takes bodily materiality as a crucial starting point to the understanding and formation of self in any society and sheds new light on Ancient Egyptian and Maya cultures The book shows how a comparative project can open up new lines of inquiry by raising questions about accepted assumptions as the authors draw attention to the long term histories and specificities of embodiment and make the case for the importance of ancient materials for contemporary theorization of the body For students new to the subject and scholars already familiar with it this will offer fresh and exciting insights into these ancient cultures **Ancient Egypt** Ian Shaw,2021 In this introduction Ian Shaw describes how our current ideas about Egypt are based not only on the discoveries made by early

Egyptologists but also on fascinating new kinds of evidence produced by modern scientific and linguistic analyses He also explores the changing influences on our responses to these finds Writing and the Ancient State Haicheng Wang, 2014-05-12 Writing and the Ancient State explores the early development of writing and its relationship to the growth of political structures The first part of the book focuses on the contribution of writing to the state's legitimating project The second part deals with the state's use of writing in administration analyzing both textual and archaeological evidence to reconstruct how the state used bookkeeping to allocate land police its people and extract taxes from them The third part focuses on education the state's system for replenishing its staff of scribe officials The first half of each part surveys evidence from Mesopotamia Egypt the Maya lowlands Central Mexico and the Andes against this background the second half examines the evidence from China The chief aim of this book is to shed new light on early China from the second millennium BC through the end of the Han period ca 220 AD while bringing to bear the lens of cross cultural analysis on each of the civilizations under discussion Torah and Nondualism James H. Cumming, 2019-12-15 Torah and Nondualism is a commentary on the Torah or Pentateuch meaning five books written in the form of five essays one for each book It reconciles modern biblical scholarship with the Jewish hermeneutical techniques recorded in the Zohar and shows that the meanings these interpretive techniques reveal are so consistent and illuminating throughout the Bible that they must have been intended by its redactors By combining these traditional methods with modern insights the book uncovers hidden themes in the Bible that other commentaries have overlooked Specifically Torah and Nondualism discovers a syncretistic subtext in the Pentateuch aimed at reconciling two religious cultures one rooted in Egyptian esoteric tradition and the other in Canaanite mythology and practice In later times these two religious cultures corresponded roughly to two rival kingdoms Judah and Israel The Torah ingeniously harmonizes this spiritual and political rift When this subtext is fully appreciated it is recognizable in all the Torah's most obscure rituals Even those priestly rites associated with temple worship are understandable The bitter rebellion against Moses and Aaron's leadership is presented in terms of the Torah's effort to harmonize conflict sometimes by demanding great personal sacrifice Illustrated to make the complexities of scribal hermeneutics readily accessible to the nonexpert Torah and Nondualism requires no prior knowledge of Hebrew and introduces the reader to an esoteric level of Bible interpretation previously known only to a small group of trained Hebrew scribes Its intelligent and well supported analysis promises to change the way you think about the Bible The Gentleman's Magazine, 1871 Egypt and the Limits of Hellenism Ian S. Moyer, 2011-07-07 In a series of studies Ian Moyer explores the ancient history and modern historiography of relations between Egypt and Greece from the fifth century BCE to the early Roman empire Beginning with Herodotus he analyzes key encounters between Greeks and Egyptian priests the bearers of Egypt's ancient traditions Four moments unfold as rich micro histories of cross cultural interaction Herodotus interviews with priests at Thebes Manetho's composition of an Egyptian history in Greek the struggles of Egyptian priests on Delos and

a Greek physician's quest for magic in Egypt In writing these histories the author moves beyond Orientalizing representations of the Other and colonial metanarratives of the civilizing process to reveal interactions between Greeks and Egyptians as transactional processes in which the traditions discourses and pragmatic interests of both sides shaped the outcome The result is a dialogical history of cultural and intellectual exchanges between the great civilizations of Greece and Egypt

Nabonidus and the Bible Janet Tyson, 2024-12-05 A selection of essays written to augment the research presented in previous monographs focusing on the last King of Babylon Nabonidus 556-539 BCE and his depiction in the Hebrew Bible Various topics are examined including the Ascent of Akrabbim petroglyphs Tarshish and Ophir Shishak and more Each relates to the central premise that Nabonidus was portrayed via the pseudonyms of Abraham Moses and Solomon A special paper is included looking at Nabonidus' Egyptian wife Nitocris and her relationship with the God's Wife Ankhnesneferibre who is alluded to in the Song of Solomon
