Neo-Realism in Contemporary American Fiction ,2025-01-27 *The Cambridge Companion to American Fiction After 1945* John N. Duvall,2012 A comprehensive 2011 guide to the genres historical contexts cultural diversity and major authors of American fiction since the Second World War *The Cambridge Introduction to Contemporary American Fiction* Stacey Olster,2017-06-09 Explores American fiction of the last thirty years examining the political and cultural changes that distinguish the period American Fiction of the 1990s Jay Prosser,2016-04-01 American Fiction of the 1990s Reflections of History and Culture brings together essays from international experts to examine one of the most vital and energized decades in American literature This volume reads the rich body of 1990s American fiction in the context of key cultural concerns of the period The issues that the contributors identify as especially productive include Immigration and America s geographical borders particularly those with Latin America Racial tensions race relations and racial exchanges Historical memory and the recording of history Sex scandal and the politicization of sexuality Postmodern technologies terrorism and paranoia American Fiction of the 1990s examines texts by established authors such as Don DeLillo Toni Morrison Philip Roth and Thomas Pynchon who write some of their most ambitious work in the period but also by emergent writers such as Sherman Alexie Chang Rae Lee E Annie Proulx David Foster Wallace and Jonathan Franzen Offering new insight into both the literature and the culture of the period as well as the interaction between the two in a way that furthers the New American Studies this volume will be essential reading for students and lecturers of American literature and culture and late twentieth century fiction Contributors include Timothy Aubry Alex Blazer Kasia Boddy Stephen J Burn Andrew Dix Brian Jarvis Suzanne W Jones Peter Knight A Robert Lee Stacey Olster Derek Parker Royal Krishna Sen Zoe Trodd Andrew Warnes and Nahem Yousaf **Contemporary Historical Fiction, Exceptionalism and Community** Susan Strehle,2020-10-19 This book analyzes a significant group of contemporary historical fictions that represent damaging even catastrophic times for people and communities written after the wreck they recall instructive pasts The novels chronicle wars slavery racism child abuse and genocide they reveal damages that ensue when nations claim an exalted exceptionalist identity and violate the human rights of their Others In sympathy with the exiled writers of these contemporary historical fictions create alternative communities on the state s outer fringes These fictive communities include where the state excludes they foreground relations of debt and obligation to the group in place of individualism competition and private property Rather than assimilating members to a single identity with a unified set of views the communities open multiple possibilities for belonging Analyzing novels from Britain Australia and the U S along with additional transnational examples Susan Strehle explores the political vision animating some contemporary historical fictions The Midrashic Impulse and the Contemporary Literary Response to Trauma Monica Osborne,2017-12-06 Since the end of World War II we have witnessed countless artistic responses to the Holocaust yet we remain unable to adequately address the atrocities While Theodor

Adorno later rescinded his comments on the barbaric nature of writing poetry after Auschwitz. The Midrashic Impulse and the Contemporary Literary Response to Trauma begins with the possibility that he was right that his admonition against poetry warns against employing representational modes that transgress the boundaries of the ethical when it comes to the Holocaust. There is a language other than the language of representation with which we might speak authentically about such atrocities. This study explores what it means for the world of literature to renounce the language of representation and retain the language of witness. Drawing on the work of Emmanuel Levinas, Maurice Blanchot, Geoffrey Hartman, and others, the book focuses on the increasing tendency of contemporary writers to rely on non-representational approaches to storytelling in the context of trauma. This tendency is named the midrashic impulse given its similarity to ancient rabbinic approaches to the silences of the Hebrew Bible through the creation of Midrash.

The Cambridge Companion to John Updike Stacey Olster, 2006-04-06 John Updike is one of the most prolific and important American authors of the contemporary period with an acclaimed body of work that spans half a century and is inspired by everything from American exceptionalism to American popular culture. This Companion joins together a distinguished international team of contributors to address both the major themes in Updike's writing as well as the sources of controversy that Updike's writing has often provoked. It traces the ways in which historical and cultural changes in the second half of the twentieth century have shaped not just Updike's reassessment of America's heritage but his reassessment of the literary devices by which that legacy is best portrayed. With a chronology and bibliography of Updike's published writings, this is the only guide students and scholars of Updike will need to understand this extraordinary writer.

American Postmodernist Fiction and the Past T. Savvas, 2011-10-24 Through a close reading of the work of five prominent American postmodernist writers, this book re-evaluates the role of the past in recent American fiction, outlines the development of the postmodernist historical novel, and considers the waning influence of postmodernism in contemporary American literature.

The Cambridge Companion to Thomas Pynchon Inger H. Dalsgaard, Luc Herman, Brian McHale, 2012 This essential Companion to Thomas Pynchon provides all the necessary tools to unlock the challenging fiction of this postmodern master.

Historical Dictionary of Postmodernist Literature and Theater Fran Mason, 2016-12-12 The main aim of the book has been to include writers, movements, forms of writing, and textual strategies, critical ideas, and texts that are significant in relation to postmodernist literature. In addition, important scholars, journals, and cultural processes have been included where these are felt to be relevant to an understanding of postmodernist writing. This second edition of *Historical Dictionary of Postmodernist Literature and Theater* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on postmodernist writers, the important postmodernist aesthetic practices, significant texts produced throughout the history of postmodernist writing, and important movements and ideas that have created a variety of literary approaches within the form. This book is an excellent access point for students, researchers, and anyone wanting to know more about the postmodernist
