Remote Depossession:

Remote Depossession Irene Hickman, 1994-03 **Michael's Book** Susan Schontag, 2012-04-01 We are here on Earth at this time to experience and remember our life's plan and purpose. Unfortunately, there may be interference to this objective. The expression "we are not alone" does not always mean those around us are benevolent. There are unseen beings around us. Some are of the highest vibration and some are not. Our job is to recognize that there is something in our way and figure out how to remove it. So the question arises: What is Remote Depossession and who needs it? Remote Depossession is the removal of negative attached entities or energies. These attached energies can be evil or they can be earth-bound spirits. Earth-bound spirits are those souls who died and did not go to the light or Home. Attached entities/energies have been found to produce a variety of problems. They may include behavior, emotional or physical disturbances, and their presence appears to interfere with other types of therapy and impede healing. The intent of this book is to prompt you to ascertain your soul's roots, purpose, and path and to help you recognize interference when it is present. It is also the intent of this book to share with you your off-planet advisers and assistants, especially Archangel Michael.

People Who Don't Know They're Dead
Gary Leon Hill, 2025-09-12 In *People Who Don't Know They're Dead*, Gary Leon Hill tells a family story of how his Uncle Wally and Aunt Ruth, Wally's sister, came to counsel dead spirits who took up residence in bodies that didn't belong to them. And in the telling, Hill elucidates much of what we know or think we know about life, death, consciousness, and the meaning of the universe. When people die by accident, in violence, or maybe they're drunk, stoned, or angry, they get freeze-framed. Even if they die naturally but have no clue what to expect, they might not notice they're dead. It's frustrating to see and not be seen. It's frustrating not to know what you're supposed to do next. It's especially frustrating to be in someone else's body and think it's your own. That's if you're dead. If you're alive and that spirit has attached itself to you, well, that's a whole other set of frustrations. Wally Johnston, a behavioral psychologist, first started working with a medium in the 70s to help spirits move on to the next stage. Some years after that, Ruth Johnston, an academic psychiatric nurse, who'd become interested in new consciousness and alternative healing, began working with Wally to clear spirits who weren't moving on. These hitchhikers had attached themselves to the auras of living relatives or strangers in an attempt to hold on to a physical existence they no longer need. Through her pendulum, Ruth obtains permission from the higher self of both hitchhiker and host to work with

them Then Wally speaks with them gently but firmly to make sure they know they are no longer welcome to inhabit the bodies and wreak havoc on the lives of the living Hill has woven this fascinating story with the history and theory of what happens at death with particular emphasis on the last 40 years and the work of such groundbreaking thinkers as Elmer Green Raymond Moody William James Aldous Huxley Edith Fiore Martha Rogers Mark Macy Elisabeth Kubler Ross Bruce Lipton and a host of others whose work helps inform our idea of what it is to live and to die As it turns out our best defense against hitchhikers is to live consciously And our best chance of doing that is by paying attention and staying open to possibilities
