Renaissance And Reformation In Germany An Introduction

James Westfall Thompson

Renaissance And Reformation In Germany An Introduction:

The Renaissance and Reformation in Germany Gerhart Hoffmeister, 1977 *Encyclopedia of German Literature* Matthias Konzett, 2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings

Germany Britannica Educational Publishing, 2013-06-01 Germany's complex past is riddled with both stunning triumphs and staggering failures Once little more than a federation of tribes over the course of its history it formed various alliances some of which were broken while others survived and allowed Germany to become a significant power in Europe and the world And although a sense of German national identity was centuries in the making folk traditions regional culture and a robust intellectual tradition have endured throughout the ages and produced world famous musicians artists and writers Still Germany's roles in both World Wars remains a significant and appalling part of its history This all encompassing volume profiles Germany from antiquity to the present day examining its layered past including its transition from a world power to a divided state and the major economic strides it has made since unification Challenges to Authority Peter Elmer, 2000-01-01 The evolution and reception of the Renaissance was mediated by developments in various other spheres of early modern life and culture Foremost among these were the religious changes initiated by the Protestant Reformation which are discussed in the opening chapters of this book Religious and cultural developments in Germany are contrasted with sixteenth century Spain and are further explored through the study of the picaresque novel *Lazarillo de Tormes* The place of Renaissance science or natural philosophy is also the subject of critical evaluation in this book Case studies on the anatomical revolution Galileo and court patronage and Paracelsus illustrate new approaches in the field Subsequent chapters explore the Renaissance fascination with witchcraft and demonology in both learned discourse Pico's *Strix* and popular drama *The Witch of Edmonton* The volume concludes with a study of one of the most influential and provocative writers of the sixteenth century Michel de Montaigne whose *Essays* provide stimulating material for a reassessment of the impact of the Renaissance on contemporary thought This volume is the third in a series of three texts designed for the Open University course *The Renaissance in Europe A Cultural Enquiry* *The Humanities: Cultural Roots and Continuities* Charlotte V. Brown, Mary A. Witt, Roberta A. Dunbar, Frank Tirro, Ronald G. Witt, John Cell, 1997-02 **Martin Luther and the Reformation in Germany Until the Close of the Diet of Worms** Charles Beard, 1896 Martin Luther as Comforter:

Writings on Death Neil Leroux, 2007-06-30 What was Martin Luther's teaching regarding death and to what extent did his own fears of and experiences with death manifest themselves in his writings What influence did the medieval preoccupation with a good death have upon him How did Luther counsel those facing death to meet it with acceptance or resistance or both Using meticulous rhetorical analysis of select sermons pamphlets and letters of consolation this book examines how Luther offered comfort to those who were facing their own death or who were coming to terms with the death of loved ones Thus the book makes an important contribution to existing scholarship on Luther and the formation of an early modern Protestant ethos surrounding death bereavement and burial

The Humanities Ronald G. Witt, 2001 **Town, Country, and Regions in Reformation Germany** Tom Scott, 2005-04-01 This collection of essays covers relations between town and country regional economic systems and historical regional studies in late medieval and early modern Germany in particular how these bear upon social and religious change in the age of the Reformation Starting from case studies of South West Germany Switzerland and Alsace the essays broaden out to consider the formation of economic landscapes the development of urban territories and the survival of forms of serfdom throughout Germany as a whole While issues of economic and social structure take pride of place they are accompanied by analysis of regional mentalities and cultural identities as well With an Introduction by Tom Brady

Imagining Early Modern Histories Elizabeth Ketner, Allison Kavey, 2016-07-15 Interpreting textual mediations of history in early modernity this volume adds nuance to our understanding of the contributions fiction and fictionalizing make to the shape and texture of versions of and debates about history during that period Geographically the scope of the essays extends beyond Europe and England to include Asia and Africa Contributors take a number of different approaches to understand the relationship between history fiction and broader themes in early modern culture They analyze the ways fiction writers use historical sources fictional texts translate ideas about the past into a vernacular accessible to broad audiences fictional depictions and interpretations shape historical action and the ways in which nonfictional texts and accounts were given fictional histories of their own intentionally or not through transmission and interpretation By combining the already contested idea of fiction with performance action and ideas ideology this collection provides a more thorough consideration of fictional histories in the early modern period It also covers more than two centuries of primary material providing a longer perspective on the changing and complex role of history in forming early modern national gendered and cultural identities

Late-Medieval German Women's Poetry Albrecht Classen, 2004 A considerable collection of German women's poetry in translation results of ingenious archival research

The Library and Reading of Jonathan Swift Dirk Friedrich Passmann, 2003

Biography, Historiography, and Modes of Philosophizing Patrick Baker, 2017-03-06 By way of essays and a selection of primary sources in parallel text Biography Historiography and Modes of Philosophizing provides an introduction to a vast significant but neglected corpus of early modern literature collective biography It focuses especially on the various related strands of political philosophical and intellectual and cultural

biography as well as on the intersection between biography historiography and philosophy Individual texts from the fifteenth to the eighteenth century are presented as examples of how the ancient collective biographical tradition as represented above all by Plutarch Suetonius Diogenes Laertius and Jerome was received and transformed in the Renaissance and beyond in accordance with the needs of humanism religious controversy politics and the development of modern philosophy and science

Reference Studies in Mediaeval History James Westfall Thompson,1907 **A Humanist on the Frontier** Marcell Sebők,2021-08-19 A Humanist on the Frontier explores the remarkable life of Sebastian Ambrosius a sixteenth century Lutheran minister and intellectual from K sm rk now Ke marok in present day Slovakia formerly on the borderland of the Kingdom of Hungary Through an examination of Ambrosius publications and correspondence this book throws new light on the dynamics of urban communities in Upper Hungary communication within the humanist Republic of Letters in both Central European and wider European networks and ecclesiastical controversies Adopting methods of microhistory and cultural history it also reconstructs Ambrosius life by positioning him in various contexts that trace his relationship to and interpretations of themes of power tradition vocation communication and identity This book is essential reading for scholars and students of early modern European history as well as those interested in microhistory cultural history and the Republic of Letters The Church in the Early Modern Age C. Scott Dixon,2016-03-24 The years 1450 1650 were a momentous

period for the development of Christianity They witnessed the age of Reformation and Counter Reformation perhaps the most important era for the shaping of the faith since its foundation C Scott Dixon explores how the ideas that went into the making of early modern Christianity re oriented the Church to such an extent that they gave rise to new versions of the religion He shows how the varieties and ambivalences of late medieval theology were now replaced by dogmatic certainties where the institutions of Christian churches became more effective and modern staffed by well trained clergy Tracing these changes from the fall of Constantinople to the end of the Thirty Years War and treating the High Renaissance and the Reformation as part of the same overall narrative the author offers an integrated approach to widely different national social and cultural histories Moving beyond Protestant and Catholic conflicts he contrasts Western Christianity with Eastern Orthodoxy and examines the Church s response to fears of Ottoman domination **The Preservation of Jewish Religious Books in**

Sixteenth-Century Germany: Johannes Reuchlin's Augenspiegel Daniel O'Callaghan,2012-11-05 This book is the first complete and thoroughly commented English translation of Johannes Reuchlin s Augenspiegel 1511 The translation sheds light on the author s motive in appealing to the authorities for the preservation of Jewish books at a stage of great cultural change in Early Modern Europe It also addresses the question of how the church and state dealt intellectually with Judaism at a time when it was considered a threat to the existence of Christianity The translation of one of the most politically controversial sixteenth century pamphlets provides a view of the treatment of a minority s culture with perhaps lessons for today s world *Rebirth, Reform, and Resilience* James M. Kittelson,Pamela J. Transue,1984 The Classical Tradition :

Greek and Roman Influences on Western Literature Gilbert Highet, 1949-12-31 A reissue in paperback of a title first published in 1949 **Provability, Computability and Reflection** Lev D. Beklemishev, 2000-04-01 Provability Computability and Reflection
