Historical Manuscripts Heritage Auction Galleries (Dallas, Tex.),2008 **Nothing Less Than Full Victory** Edward G. Miller,2013-07-31 At the onset of World War II the U S Army was a third rate ground force of 145 000 with some generals who still believed in the relevance of horse cavalry Its soldiers were untrained its doctrine out of date and its weapons hopelessly obsolete Four years later the U S Army was engaged in a global war with a force of more than 8 million men armed with modern weapons and equipment Nothing Less than Full Victory is the story of how American ground troops in Europe managed to defeat one of the most proficient armies in history The author a retired lieutenant colonel in the U S Army draws on his twenty years of experience in military logistics and eight years of scholarly research to examine the Army s remarkable transformation Focusing on areas rarely considered in other books on World War II Edward G Miller analyzes the performance of American soldiers in the 1944 45 campaign in western Europe against a background of logistics organization training and deployment In doing so this groundbreaking work refutes decades of assumptions to reset the historical framework for comparison of U S and German performance over the course of the campaign Lieutenant Colonel Miller s skillful melding of little known individual and small unit combat action with the various facets of generating deploying and projecting power allows the reader to understand as never before the true significance of what took place This book is published in cooperation with the Association of the United States Army *D-Day* Spencer C. Tucker,2017-11-03 This outstanding overview of D Day makes clear its great importance in military and world history identifies mistakes committed on both sides and explains all aspects of the 1944 Allied invasion of France and the Normandy Campaign that followed The beach landings at Normandy France in June of 1944 were of critical importance in the outcome of World War II

and as a consequence served to determine the economic and political state of the modern world as we know it This latest reference book edited by esteemed historian Spencer C Tucker supplies easy to understand overview entries on the Normandy Invasion Operation OVERLORD and the European Theater in World War II as well as entries treating specific topics such as key individuals technical innovations weapons systems command structures terrain and logistical difficulties and the role played by weather Readers will come to understand why the eventual success of the Allied forces in the D Day operations was so hard fought and came at a tremendous cost of life The book addresses the immense difficulty of supplying tens of thousands of soldiers many of them inexperienced in combat and countless tons of equipment and vehicles to the invasion force from over the beaches after most of the teams landed in the wrong locations and when many command structures were wiped out almost immediately upon landing and it explains how these factors impacted the combat on the ground and resulted in the Allied forces careful planning going awry The book also describes the elaborate deception carried out by the Allies regarding the invasion landing site and how these efforts impacted battle developments and it presents nine primary documents that treat various aspects of the battle including the lengthy Allied plan for the invasion and primary sources of directives regarding the battle and technical innovations Angels Against the Sun James M. Fenelon, 2023-04-18 The Pacific theater of World War II pitted American fighting men against two merciless enemies the relentless Japanese army and the combined forces of monsoons swamps mud privation and disease General Joseph Swing s rowdy paratroopers of the 11th Airborne Division nicknamed the Angels fought in some of the war s most dramatic campaigns from bloody skirmishes in Leyte s unforgiving rainforests to the ferocious battles on Luzon including the hellish urban combat of Manila The Angels were trained as elite shock troops but high American casualties often forced them into action as ground pounding infantrymen Surviving on airdropped supplies and reinforcements the Angels fought their way across nearly impassable terrain emerging as one of the most lethal units in the Pacific War Their final task was the occupation of Japan where they were the first American boots on the ground Angels Against the Sun is an unforgettable account of the liberation of the Philippines In the tradition of Band of Brothers historian and former paratrooper James M Fenelon offers a grunt s eye view of the war From book jacket *Birth of a Regiment* Frank van Lunteren, 2022-09-06 Activated in May 1942 the 504th Parachute Infantry Regiment earned high praise for its very first mission when it effected the first U S mass regimental combat jump of World War II in the invasion of Sicily According to German General Kurt Student if it had not been for the Allied airborne forces blocking the tanks of the Hermann G ring Division from reaching the beachhead that Division would have driven the initial seaborne forces back into the sea Led by Col Reuben Tucker the 504th subsequently dropped into the endangered Fifth U S Army beachhead at Salerno bitter fighting led to hard won success at Altavilla and Hill 424 and the regimental motto Strike and Hold Birth of a Regiment is the first book length account of the birth of U S airborne forces and the first to fully capture the details danger and crucial stakes of the initial 504th missions in the unforgettable voices of the

newly minted paratroopers who fought the first Allied battles in the ETO up through the victorious entry into Naples These initial missions were all the more important in that they would determine future Allied strategy planning and tactics It is not to be forgotten that Sicily was a testing ground for the Allied coalition the first time an American army and a British army managed at the top by a unified Allied staff would undertake a major campaign According to James M Gavin the Commanding General of the 82nd ABD at the end of the war who had jumped into Sicily himself What was learned in that first cooperative action affected the whole outcome of World War II Personally interviewed by the author over a period of 20 years nearly 200 veterans of the 504th recount their remembrance of combat permitting readers of *Birth of a Regiment* to relive epic battles of the ETO through the words of the very men who made history Participants include survivors and witnesses of the tragic decimation of 23 aircraft and the death of 164 paratroopers and crew when U S troops mistook them for the enemy and fired on their planes as they flew into Sicily Veterans recount the ferocious desperate battle at Biazzi Ridge and the later regimental action at the Salerno Beachhead where the 504th crucially took Hill 424 after a night drop and seaborne landing Having undisputedly proven their prowess Tucker s troopers were chosen to spearhead the Fifth Army drive into Naples These dramatic unforgettable memories of the war provide new information from the foxhole view on up giving historians and lay readers alike fresh perspective on the initial U S engagements in WWII and the difficult birth of Allied airborne operations The volume is enriched by new maps and historic archival photos including many previously unpublished photos and provided by 504th veterans *Military Review* ,1997 **Professional Journal of the United States Army** ,1987

Review of Current Military Literature ,1987 *Tragedy at Graignes* Margaret R. O'Leary,Dennis S. O'Leary,2011-02-24 *Tragedy at Graignes* tells the story of Captain Bud Sophian the only US Army officer who did not flee Graignes France as the Waffen SS overran the American positions and stormed the village Sophian was a surgeon and he refused to abandon the fourteen wounded paratroopers in his care He surrendered by waving a white flag at the door of the badly shelled Norman church where his aid station was located He hoped for fair prisoner treatment in accordance with the Geneva Convention of 1929 The German troops instead committed unspeakable atrocities leaving many of the American prisoners mutilated in grotesque heaps All of the American prisoners including Sophian were killed Captain Sophians judgment and actions in the US Army were the culmination of the rich and challenging life he led prior to the Second World War Buds correspondence with his sister and other Sophian archival materials tell the story of this compelling life These letters are reproduced verbatim in *Tragedy at Graignes The Bud Sophian Story* so that Bud and other authors may speak directly to you and to the historical record **U.S. Leadership in Wartime** Spencer C. Tucker,2009-09-10 A historical study of the relationship between civilian and military leaders in the United States during wartime from the American Revolution to the Iraq War Now from one of the world s leading publishers of military history comes a breakthrough reference on one of the most important and complex aspects of U S national defense *U S Leadership in Wartime Clashes Controversy and Compromise* offers a

comprehensive analysis of the characteristics that constitute effective leadership in war and discusses the often contentious relationships between U S civilian and military leadership throughout American history U S Leadership in Wartime focuses on ten conflicts including the Revolutionary War the Civil War World Wars I and II the Vietnam War the Iraq War and the war in Afghanistan Coverage for each conflict focuses on the dynamics of civilian military relations and their impact on the course outcome and perception of each war under discussion Coverage in each chapter includes an overview essay sidebars and detailed treatments of key engagements and battles as well as detailed biographical essays of important figures not just politicians and generals but also labor leaders business leaders journalists and women **Army History** ,1999 **The Battle of the Bridges** Frank van Lunteren,2020-01-10 On these pages the human story comes to life sometimes tragic sometimes amusing but always poignant and compelling John C McManus author of Fire and Fortitude Operation Market Garden has been recorded as a complete Allied failure in World War II an overreach that resulted in an entire airborne division being destroyed at its apex However within that operation were episodes of heroism that still remain unsung On September 17 1944 the 504th Parachute Infantry Regiment 82nd Airborne Division floated down across the Dutch countryside in the midst of German forces and proceeded to fight their way to vital bridges to enable the Allied offensive to go forward The 101st Airborne was behind them the British 1st Airborne was far advanced In the 82nd s sector the crucial conduits needed to be seized The Germans were as aware of the importance of the bridge over the Waal River at Nijmegen as James Gavin and his 82nd troopers were Thus began a desperate fight for the Americans to seize it no matter what the cost The Germans would not give up however and fought tenaciously in the town and fortified the bridge On September 20 Gavin turned his paratroopers into sailors and conducted a deadly daylight amphibious assault in small plywood and canvas craft across the Waal River to secure the north end of the highway bridge in Nijmegen German machine guns and mortars boiled the water on the crossing but somehow a number of paratroopers made it to the far bank Their ferocity rolled up the German defenses and by the end of the day the bridge had fallen This book by Dutch historian Frank van Lunteren draws on a plethora of previously unpublished sources to shed new light on the exploits of the Devils in Baggy Pants A native of Arnhem the site of the Bridge Too Far the author draws on nearly 130 interviews he personally conducted with veterans of the 504th plus Dutch civilians and British and German soldiers who here tell their story for the first time
