Lennox,2015-03-13 Five years ago Janine Hart fell in love and her world fell apart She found herself pregnant and in love with a man who didn t know how to love Anyone So she left and came back to the arms of her family pulled her life together and gave birth to two beautiful twin daughters Now Micah is back and he wants to try again He s willing to try things her way but can she risk being hurt again And how was she to explain that he was a father How could she tell this powerful Italian male that she wouldn t put herself into that position again especially when she couldn t avoid falling into his arms

The Twin in the Transference Vivienne Lewin,2018-05-16 The universal phantasy of having a twin originates in our earliest relational experiences This book is about twins and twinning processes The existence of an actual twin alive or dead may be experienced as an embodiment of the phantasy of having a twin with developmental consequences Twinning processes in twins lead to the creation of an internal twin relationship that is enduring The twin relationship may be at the narcissistic end of the spectrum leading to an enmeshed twinship or it may be a more mature object relationship All twin relationships will be manifest in the transference relationship with the analyst The twin transference has been largely neglected in the psychoanalytic literature to the detriment of our understanding of dynamic processes in twin patients In this book case material is used to explore the nature of the twin transference relationship and the necessity of analysing the twin transference as well as maternal and paternal transference relationships
