ABA Journal ,1998-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association The Right to Counsel and the Protection of Attorney-Client Privilege in Criminal Proceedings Lorena Bachmaier Winter,Stephen C. Thaman,Veronica Lynn,2020-06-10 The book provides an overview of the right to counsel and the attorney client privilege in the following 12 jurisdictions China Germany Greece Italy Japan the Netherlands Portugal Spain Switzerland Turkey UK and USA The right to counsel is a fundamental right providing the accused access to justice in criminal proceedings Lawyers can only practice their profession properly if clients have complete trust in their lawyer s discretion This trust is safeguarded by the attorney client privilege which is an indispensable part of every constitutional state and one of the most important professional duties of a lawyer It is of particular importance in criminal proceedings regarding the protection of the confidentiality of lawyer client communications in the different procedural stages coercive measures as well as the various duties and interests in play However the communications protected by attorney client privilege vary greatly from country to country With regard to criminal investigations in an increasingly globalised world where sophisticated tools enable broad digital investigations there is an urgent need to clarify how this fundamental right is protected at both the national and supranational level Each chapter explores the regulations practices and recent developments in each jurisdiction and was written by highly qualified experts in the legal field from academia and practice alike It identifies possible solutions and best practices providing valuable insights for practitioners and law making bodies alike regarding the actual protection or lack thereof of lawyer client confidentiality in the pretrial and trial stage of criminal proceedings **The Rights of Lawyers and Clients** Stephen Gillers,1979

Lawyers of the Right Ann Southworth,2009-08-01 A timely and multifaceted portrait of the lawyers who serve the diverse constituencies of the conservative movement Lawyers of the Right explains what unites and divides lawyers for the three major groups social conservatives libertarians and business advocates that have coalesced in recent decades behind the Republican Party Drawing on in depth interviews with more than seventy lawyers who represent conservative and libertarian nonprofit organizations Ann Southworth explores their values and identities and traces the implications of their shared interest in promoting political strategies that give lawyers leading roles She goes on to illuminate the function of mediator organizations such as the Heritage Foundation and the Federalist Society for Law and Public Policy that have succeeded in promoting cooperation among different factions of conservative lawyers Such cooperation she finds has aided efforts to drive law and the legal profession politically rightward and to give lawyers greater prominence in the conservative movement Southworth concludes though that tensions between the conservative law movement s elite and populist elements may ultimately lead to its undoing **Human Rights Manual and Sourcebook for Africa** Keir Starmer,Theodora A. Christou,2005 At a time when the issue of human rights in Africa is making many advances Human Rights Sourcebook and

Manual for Africa introduces easy to use jurisprudence The first section covers key principles and human rights norms which are detailed in straightforward language The second section is devoted to the death penalty detailing the relevant provisions from both international and regional instruments and offering a comparative commentary as to how the principles and relevant rights relate to the death penalty The third section summarizes key case law from international regional and domestic African courts and tribunals The case summaries detail the facts and decisions and include a headnote of relevant concepts for quick reference The fourth section focuses on thirteen African countries yet the reports are a useful comparative resource for all countries From conducting the research and compiling the material for this final section it is apparent that nothing like this has been attempted before in Africa Much of the work emanates from primary research and investigation conducted by local research teams in the individual countries Investigative research includes visiting prisons physically counting the individuals on death row and interviewing the detainees to obtain their age and the length of time they had been on death row *ABA Journal* ,1998-09 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association
