examples What this book emphatically will not do is turn anyone into an expert in the specialist and even arcane worlds of the plant and machinery valuer or the valuation of milk quotas What it will do however is give some indication of the problems and pitfalls associated with these fields *The Continental Legal History Series*, 1918 *Modern Studies in Property Law, Volume 10* Ben McFarlane, Sinéad Agnew, 2019-05-30 This book contains a collection of papers presented at the Twelfth Biennial Modern Studies in Property Law Conference held at University College London in April 2018 The conference and its published proceedings are an established forum for property lawyers from around the world to showcase the latest research This collection includes a keynote address by Dame Elizabeth Gloster former Vice President of the Court of Appeal Civil Division on technology in property law It also includes plenary addresses by Professor Henry Smith on the architecture of property law and the challenge of compiling the American Law Institute's Fourth Restatement of Property and by Her Honour Judge Karen Walden Smith on the role of the first instance judge in property cases Sixteen further chapters address a wide range of issues including the theory and taxonomy of land law the re evaluation of land obligations the nature and operation of equitable property rights and shares the role of property in commerce comparative approaches to leases and trusts and contemporary issues in land registration Collectively the chapters demonstrate the vibrancy diversity and importance of property law and of current research in the subject **The Modern Law of Evidence** Adrian Keane, Paul McKeown, 2016 The Modern Law of Evidence is essential for students studying the contemporary law of evidence It examines the theory behind the law of evidence as well as its practical application with emphasis on current debates **Modern European and Chinese Contract Law** Junwei Fu, 2011-01-01 This comparative study of European and Chinese contract law opens a clear and practical way to identify and understand the differences between the two legal regimes The author offers a detailed doctrinal comparison of the two systems of contract focusing on the following fundamental elements the importance of socio economic valuation in Chinese contract law the role of judicial interpretation pre contractual liability penalties for bad faith disclosure versus concealment validity mistake fraud threats unfair bargaining power adaptation and termination effect of registration and approval rules mandatory rules good faith and fair dealing the public interest and direct application of constitutional law to contracts The book's special power lies in its extraordinarily thorough comparison of doctrines underlying specific provisions of such instruments as the Contract Law of the People's Republic of China CLC the General Principles of the Civil Law of the People's Republic of China GPCL the Principles of European Contract Law PECL and the Draft Common Frame of Reference DCFR as well as analysis of judicial cases **State Responsibility for 'modern Slavery' in Human Rights Law** Marija Jovanović, 2023 Do humans have a right not to be trafficked This book examines the legal nature of human trafficking and its relationship with human rights law Drawing on the jurisprudence of the European Court of Human Rights it shows that human trafficking is indeed a human rights violation requiring legislative and institutional responses from states **Kafka's Indictment of Modern Law** Douglas E. Litowitz, 2017-08-11 The legal

system is often denounced as Kafkaesque but what does this really mean This is the question Douglas E Litowitz tackles in his critical reading of Franz Kafka s writings about the law Going far beyond Kafka s most familiar works such as *The Trial* Litowitz assembles a broad array of works that he refers to as Kafka s legal fiction consisting of published and unpublished works that deal squarely with the law as well as those that touch upon it indirectly as in political administrative and quasi judicial procedures Cataloguing explaining and critiquing this body of work Litowitz brings to bear all those aspects of Kafka s life that were connected to law his legal education his career as a lawyer his drawings and his personal interactions with the legal system A close study of Kafka s legal writings reveals that Kafka held a consistent position about modern legal systems characterized by a crippling nihilism Modern legal systems in Kafka s view consistently fail to make good on their stated pretensions in fact often accomplish the opposite of what they promise This indictment as Litowitz demonstrates is not confined to the legal system of Kafka s day but applies just as surely to our own A short clear comprehensive introduction to Kafka s legal writings and thought Kafka s Indictment of Modern Law is not uncritical Even as he clarifies Kafka s experience of and ideas about the law Litowitz offers an informed perspective on the limitations of these views His book affords rare insight into a key aspect of Kafka s work and into the connection between the writing the writer and the legal world

Modern Law of the Sea David Anderson, 2008 These collected essays examine different aspects of the modern law of the sea They address many key provisions in the United Convention on the Law of the Sea including its historical development the substantive rules governing navigation resources the regime of the high seas maritime jurisdiction the protection of the marine environment and the delimitation of maritime boundaries as well as the settlement of disputes The essays also review the Implementation Agreement of 1994 concerning deep seabed mining and the Implementation Agreement of 1995 concerning Straddling and Highly Migratory Fish Stocks The author presents purely personal views on many negotiations and cases in which he participated The essays written between 1988 and 2006 will be of interest to everyone involved in the law of the sea Davis Anderson is a former legal adviser to the Foreign and Commonwealth Office 1960 1996 and judge of the International Tribunal for the Law of the Sea 1996 2005 *Reflections on Law and Armed Conflicts* Hilaire

McCoubrey, Michael A. Meyer, 2023-12-11 This unique volume presents an edited selection of works upon the laws of armed conflict by the late Professor Colonel G I A D Draper OBE Professor Colonel Draper was a central figure in the analysis and dissemination of the humanitarian laws of armed conflict in the English speaking world He had a wide practical and academic experience of the subject including service as a prosecutor at the Nuremberg trials His work covered not only the contemporary substance of the law but also its moral ethical and political context the pressures upon its development and its potential for further positive and other development This edited collection presents a very significant part of Professor Colonel Draper s work including many pieces which are no longer readily accessible or have never before been published with modern commentary referring to developments which have occurred since his death The late Professor Colonel s work is

an important scholarly contribution to the subject and also retains a very great degree of modern relevance including comment upon such issues as war crimes and appropriate responses to them The Editors present this collection as both an important scholarly and practical resource and a fitting tribute to one of the great twentieth century contributors to this area of law *Essays on the Modern Law of War* Leslie C. Green, 2023-12-11 The essays convey collectively a picture of the law of armed conflict that is multidimensional in scope and insight The second revised and expanded edition is an up to date as well as a classically authoritative contribution to this immensely important field

Political Economy of Human Rights

Bas de Gaay Fortman, 2011-06-15 The plethora of literature produced over the past decade in response to the perceived failure of the human rights project to deliver results for billions of people living in adverse environments has usually focused on international legal standards and mechanisms with little regard for the root structural realities that constrain their implementation Hence a text that primarily focuses on the major challenge of realisation of human rights in the context of diverse realities is urgently needed This book then provides an analytical as well as inspirational text on human rights from a contextual perspective it offers a reconceptualisation of human rights as not merely legal resources but political tools as well After an introduction that familiarizes the reader with some of the key concepts used throughout the book is divided into six chapters The first two combine a critique of the overly legal use of human rights with a reconceptualisation of their potential as powerful tools outside of the legal context The next two chapters examine the nature of the structural challenges that face realisation both on the global and on the local level The last two chapters analyse two major areas of the human rights deficit the structural non implementation of the rights of the poor and the failing protection of non dominant collectivities Finally a concluding chapter elaborates on the main findings and insights gained The book combines rigorous juridical study with a focus on political economic analysis of rights in context Hence it aims at an interdisciplinary treatment of human rights as opposed to current texts that have a tendency to be monodisciplinary The book should be of interest to students of human rights political economy law and conflict studies as well as those who work or research in these areas *Aquinas and*

Modern Law James Bernard Murphy, 2017-07-05 This volume collects some of the best recent writings on St Thomas s philosophy of law and includes a critical examination of Aquinas s theory of the relation between law and morality his natural law theory as well as the modern reformulation of his approach to natural rights The volume shows how Aquinas understood the importance of positive law and demonstrates the modern relevance of his writings by including Thomistic critiques of modern jurisprudence and examples of applications of Thomistic jurisprudence to specific modern legal problems such as federalism environmental policy abortion and euthanasia The volume also features an introduction which places Aquinas s writings in the context of modern jurisprudence as well as an extensive bibliography The volume is suited to the needs of jurisprudence scholars teachers and students and is an essential resource for all law libraries *Race and Ethnicity:*

Debates and controversies Harry Goulbourne, 2001 *A Treatise on the Modern Law of Corporations* Arthur W.

Machen, 1908 China's Struggle for the Rule of Law Ronald C. Keith, 2016-07-27 The rule of law is more than the mere existence and application of law within the sphere of state activity Contemporary Chinese debate on the rule of law underlines the limiting of arbitrary government the materialisation of human rights legal protection of rights and interests and the principle of equality in the impartial legal mediation of conflicts within society's structure of interests Based upon China interviews and a comprehensive survey of the domestic press and Chinese language legal journal materials this book places pre and post Tiananmen Square legal reform in political context The evolving contents of specific laws across the departments of constitutional administrative criminal civil and economic law are assessed in light of the politics and intellectual dynamic of China's legal circles in their struggle to create a rule of law
