Lazy Idle Schemers Gregory Dobbins,2010 Gregory Dobbins argues that the cultural politics of Irish modernism lie precisely in its engagement with the concept of idleness

The Schemer Ruth S. Jonassohn,2010-07-13 After her parents met with a deadly car accident she named her husband CEO of the bank Then it was discovered that there were missing funds of millions of dollars and no one knew why They called the Bank s attorney who advised them to notify the Authorities But Hunter advised that he had at attend an important luncheon before he could give them his reply what to do about it Since he didn t want to listen to the attorney he had no chioce but quite When Hunter didn t return to the office the CPA called Rita Hunter the owner and after learning of the problem she fired her husband as CEO and took over as CEO and called the Authorities

The Seasoned Schemer, second edition Daniel P. Friedman,Matthias Felleisen,1995-12-21 The notion that thinking about computing is one of the most exciting things the human mind can do sets both The Little Schemer formerly known as The Little LISPer and its new companion volume The Seasoned Schemer apart from other books on LISP The authors enthusiasm for their subject is compelling as they present abstract concepts in a humorous and easy to grasp fashion Together these books will open new doors of thought to anyone who wants to find out what computing is really about The Little Schemer introduces computing as an extension of arithmetic and algebra things that everyone studies in grade school and high school It introduces programs as recursive functions and briefly discusses the limits of what computers can do The authors use the programming language Scheme and interesting foods to illustrate these abstract ideas The Seasoned Schemer informs the reader about additional dimensions of computing functions as values change of state and exceptional cases The Little LISPer has been a popular introduction to LISP for many years It had appeared in French and Japanese The Little Schemer and The Seasoned Schemer are worthy successors and will prove equally popular as textbooks for Scheme courses as well as companion texts for any complete introductory course in Computer Science
