Security, Identity and Nation Building in a Mini- and a Super-state Demetrios Andrew Theophylactou, 1994 Security, Identity and Nation Building Demetrios A. Theophylactou, 1995 Democracy in Southern Europe Isabelle Calleja Ragonesi, 2019-02-28 How have Malta and Cyprus both EU members transitioned from colonial island states to independent democracies With the assistance of primary documentation this book traces the difficult path of these two states to becoming independent liberal democracies by using the pathway of democratization through decolonization Using socio economic and political data analysed through the microscope of political science and international relations theories Isabelle Calleja Ragonesi charts the progress of the two islands in the context of a number of four distinct phases Firstly decolonization independence and achieving the status of procedural democracies secondly post colonial independence consolidating democracy and regime breakdown thirdly sovereign nation state status and second attempts at consolidating democracy and finally attempting to reach substantive democracy status and EU membership The study of these two states is contextualized within the context of democratization in Southern Europe and the cases of Malta and Cyprus provide new insights on the region for scholars of political science and international institutions **Cyprus And Its People** Vangelis Calotychos, 2021-11-28 This edited volume of interdisciplinary essays considers the aspects of nation identity and collective experience in the notoriously divided island of Cyprus The contributors examine the role of international politics particularly the involvement of Greece and Turkey and examine the changing relationship between the Greek and Turkish Cypriot communities since 1955 The book challenges prevailing assumptions about political and cultural identity in Cyprus and theorizes on the prospects for mobilizing more multi dimensional and workable formations of community on Cyprus The result is a tightly conceived volume divided into sections of national identity political possibilities the location of culture and social and psychological perspectives Women and Change in Cyprus Maria Hadjipavlou, 2010-05-05 Following its entry into the EU in 2004 Cyprus has become a major migrant destination The influx of migrant workers has introduced a more complex ethnic dynamic into a country traditionally considered in light of its history of conflict between its Greek and Turkish ethnic nationals Maria Hadjipavlou argues that the focus on Cyprus national problem has long prevented Cypriot women to challenge Cyprus largely patriarchal and militaristic order to pursue women s rights and public visibility While many Cypriot women are now liberated from the home this is often due to female migrant domestic workers in effect reproducing patriarchal practices Hadjipavlou here examines the experiences of women from Greek Turkish Armenian Maronite and Latin communities and migrant domestic workers in the context of ethno national conflict ethnic divisions nationalism and militarism and argues for a multi communal feminist movement in Cyprus to better promote women s rights Citizenship Policies in the New Europe Rainer Bauböck, Bernhard Perchinig, Wiebke Sievers, 2009 Citizenship Policies in the New Europe describes the citizenship laws in each of the twelve new countries as well as in the accession states Croatia and Turkey and

analyses their historical background Citizenship Policies in the New Europe complements two volumes on Acquisition and Loss of Nationality in the fifteen old Member States published in the same series in 2006 Book Jacket

Nested Political Coalitions Terrence E. Cook, 2001-11-30 Cook s principles of coalition politics are really rules of thumb followed by boundedly rational actors and can predict much coalition politics behavior Agents prefer to create marginally winning coalitions with like minded groups in the expectation of receiving rewards commensurate with investments Four distinct types of coalitions country regime agenda and cabinet are explored along with a thorough examination of current coalition literature Normally nested the broader

coalitions give rise to narrower ones revealing diminishing bases of support and duration Also barring political catastrophe change in coalitions at the program or cabinet level usually do not harm and may actually strengthen the regime or country coalitions from which they arise Students and scholars in comparative politics and political theory will benefit from Cook's ability to rise above the usual divisions and limitations of sub fields A distinctive and refreshing mix of theory and empirical material INested Political Coalitions R provides a sensible digest of diverse theoretical literatures a good overview of coalition dynamics from one level to the next and illustrates all this with breathtaking empirical coverage

Greece, Turkey and the Aegean Sea Haralambos Athanasopoulos, 2017-07-06 For many years Greece and Turkey have been involved in aggressive rivalry over large areas of the Aegean Sea as well as Cyprus Their conflicts endanger the peace between these two NATO allies and have even brought the two nations to the brink of war but no agreement has been reached despite their mutual assistance in the aftermath of the earthquakes suffered by both countries in the summer of 1999 This work provides an in depth discussion of how the conflicts began the matter of Cyprus and international law disputes and near war situations over the Aegean the dynamics of and prospects for a new Greek Turkish partnership and current developments in disputes and relations

Promoting Women's Rights Chrysttala Ellina, 2004-06-01 This dissertation examines the impact of international institutions on women's rights policies by focusing on the European Union EU as a case study in order to illustrate the influence and the ways in which international factors affect women's right as a global policy concern The principle proposition of this study is that beyond states institutions are autonomous agents that influence policy outcomes often against member states preferences

Separation, Assimilation, or Accommodation Terrence E. Cook, 2003-09-30 Ethnic violence is rampant but avoidable Cook compares and contrasts all major options in ethnic minority policy including forms of separation assimilation or accommodation typically favored by subordinate ethnic groups Topics include segregation and genocide emigrations and secessionist struggles attempts at cultural annihilation assimilating for individual or collective opportunities accommodations as minimal concessions in such things as tolerance special group rights or power sharing and accommodations as maximal demands on those same themes Grounded in current concrete examples Cook's analysis brings coherence to a confused and often lethal political problem

American Turkish Encounters Bilge Nur Criss, Selcuk Esenbel, Tony Greenwood, 2011-07-12

Turkey and the United States have been critically important to each other since the beginning of the Cold War. The history of Turkish American relations includes not only strategic but also political, social, cultural, and intellectual dimensions. While critical to understanding Turkish American relations, these dimensions rarely surface in today's discourse, which reduces bilateral relations to issues currently being contested. In reality, the encounter between East and West embodied in Turkish American interactions ranges from the official and diplomatic to unofficial and informal exchanges at the social and individual level, while often compatible and friendly, such interactions occasionally have been less so. Authors from both countries developed a variety of perspectives on their interactions through original research that will enable both specialists and general readers to appreciate its many facets. Most scholarly works on the two nations have been limited to the analysis of US Turkish relations in the context of Cold War politics. The editors intend that this volume will begin to fill a serious gap and encourage others to study American Turkish relations from as many aspects as possible. This book shows that when seen in a historical framework, the American Turkish encounter took place beyond the level of formal political and military ties during the Cold War period and has enduringly interacted at the level of educational, social, and cultural realms.
