## **Seeking Identity Individualism Versus Community In An Ethnic Context:**

**Seeking Identity** Raymond A. Belliotti, 1995 Outlining the unwritten but deeply ingrained system of moral codes that Italian immigrants brought to America Belliotti examines that system in relation to moral theorists who argue we owe the most to people close to us and those who contend we must attach no special weight to our own interests when determining proper moral action He also investigates philosophical historical sociological and political aspects of government authority examines conflicting images of Italian immigrant women and analyzes war and pacifism

**Individualism and Community** Raymond Angelo Belliotti, 2025-08-29 This book is a philosophical investigation of the concepts of honor and authenticity informed by the paradoxes of the individual community continuum To achieve this difficult balancing act the author refines our concepts of both honor and authenticity Raymond Angelo Belliotti begins by investigating honor as a moral and social framework analyzing its historical significance particularly within the Roman aristocracy and its portrayal in The Godfather He then turns to military honor codes exploring their ethical implications and challenges From there the discussion transitions to existentialist notions of authenticity as articulated by Nietzsche Kierkegaard Heidegger Sartre and Camus assessing both their insights and limitations Ultimately the work argues for a revised understanding of authenticity Marrying the notions of authenticity and honor the reader is offered a path toward living a more meaningful and purposeful life

Values, Virtues, and Vices, Italian Style Raymond Angelo Belliotti, 2020-08-26 Values Virtues and Vices Italian Style illustrates the story of the evolution of Italian values virtues and vices is a narrative of longing exhilaration and devastation a journey of the spirit that all human beings necessarily undertake but navigate with varying degrees of success The lives of Caesar Dante Machiavelli and Garibaldi demonstrate how we can lead staunchly meaningful lives even within an inherently meaningless universe The ambition of this work is nothing more nothing less than entangling through a careful examination of the values virtues and vices of four famous historical figures a host of overlapping but distinct concepts such as pride honor justification excuse repentance and forgiveness that frame human existence Belliotti's objective is that by conducting such an interdisciplinary inquiry we might better position ourselves to craft our characters within the limitations enjoined by our cosmic circumstances As always however we must deliberate choose and act under conditions of inescapable uncertainty assume responsibility for the people we are becoming and hopefully depart the planet with honor and merited pride Along the way we might even magnify our link in the generational chain that defines our identity

**Machiavelli's Secret**

Raymond Angelo Belliotti, 2015-08-31 The political statesman Machiavelli tells us must love his country more than his own soul Political leaders must often transgress clear moral principles using means that are typically wrong even horrifying What sort of inner life does a leader who uses evil well experience and endure The conventional view held by most scholars is that a Machiavellian statesman lacks any inwardness because Machiavelli did not delve into the state of mind one might find in a politician with dirty hands While such a leader would bask in his glory the argument goes we can only wonder at the

condition of the soul they have presumably risked in discharging their duties In Machiavelli's Secret Raymond Angelo Belliotti uncovers a range of clues in Machiavelli's writings that when pieced together reveal that the Machiavellian hero most certainly has inwardness and is surely deeply affected by the evil means he must sometimes employ Belliotti not only reveals the nature of this internal condition but also provides a springboard for the possibility of Machiavelli's ideal statesman

**Roman Philosophy and the Good Life** Raymond A. Belliotti, 2009-01-01 Raymond Angelo Belliotti's Roman Philosophy and the Good Life provides an accessible picture of these major philosophical influences in Rome and details the crucial role they played during times of major social upheaval Belliotti demonstrates the contemporary relevance of some of the philosophical issues faced by the Romans and offers ways in which today's society can learn from the Romans in our attempt to create meaningful lives

**The Godfather and Sicily** Raymond Angelo Belliotti, 2021-07-01 In this interdisciplinary work Raymond Angelo Belliotti presents an interpretation of The Godfather as among other things a commentary on the transformation of personal identity within the Sicilian and Italian immigrant experience The book explores both the novel and the film sequence in terms of an existential conflict between two sets of values that offer competing visions of the world on the one hand a nineteenth century Sicilian perspective grounded in honor and the accumulation of power within a culturally specific family order and on the other a twentieth century American perspective that celebrates individualism and commercial success Analyzing concepts such as honor power will to power respect atonement repentance forgiveness and a meaningful life Belliotti applies these analyses to the cultural understandings transported to America by nineteenth century Italian immigrants casting fresh light on Old World allegiances to l'ordine della famiglia the family order la via vecchia the old way and the patriarchal ideal of uomo di pazienza the man of patience as well as the Sicilian code of honor The two sets of values Old World Sicilian and twentieth century American coalesce uneasily in the same cultural setting and their conflict is irresolvable

**Shakespeare and Philosophy** Raymond Angelo Belliotti, 2012 This book is an interdisciplinary work that weaves literary interpretation legal theory and philosophical doctrine about sex and love into a coherent mosaic in the context of two of Shakespeare's plays The Merchant of Venice and Measure for Measure In the process the work advances literary interpretations of the plays including character studies of some of the main protagonists The aim is partly theoretical but mostly practical to demonstrate what we can learn about living a robustly meaningful and significant human life by taking Shakespeare's work seriously from contemporary philosophical and legal vantage points Shakespeare does not reveal a tightly defined moral system that he is trying to urge upon his audience Instead Shakespeare challenges his audience to struggle with moral complexity as they confront conflicting elements surrounding legal and moral issues presented in his work and within the souls of his characters His issues and their conflicts are also ours Much of Shakespeare's work consists of raising weighty questions inextricably connected to the human condition and inviting his audience to ponder possible answers The philosophical lessons about living our lives meaningfully

and significantly that we can derive from Shakespeare are simple yet powerful      Italian Rebels Raymond Angelo Belliotti, 2022-12-13 This interdisciplinary work philosophically analyzes the role of positive duties in moral theory the efficacy of theocratic republicanism viable strategies for political revolutions the implications of an enduring Sicilian ethos and the profits and perils of the individual community continuum in service of distinctive interpretations of the lives and ideologies of Giuseppe Mazzini Antonio Gramsci and Salvatore Giuliano Il Risorgimento Italiano the national unification movement refers to the period from 1821 the initial unsuccessful Milanese and Piedmontese insurrections against Austria to 1870 the annexing of Rome into the Kingdom of Italy which itself was established in 1861 The movement and its aftermath hovered over the lives of the Genoese republican prophet of Italian liberation and unification the Sardinian communist political theorist imprisoned by The Black Shirts and the Sicilian separatist murdering and fighting for his life and the honor of his island By dissecting the lives and philosophies of Mazzini Gramsci and Giuliano by extracting moral political and existential lessons from their aspirations and enterprises by reflecting on their ideals from our divergent social context by evaluating their virtues and vices from a wider perspective we may confront the people that we are and reimagine the people we might become      **Niccolo Machiavelli** Raymond Angelo Belliotti, 2010-01-01 This book places Machiavelli in historical context but argues that his understanding of moral conflicts is well ahead of his time Instead of arguing for the autonomy of politics as is commonly supposed Machiavelli grapples with the special problems of role differentiated morality where the duties of public office often conflict with the demands of conventional morality      Power Raymond Angelo Belliotti, 2016-03-14 Frequently understood in simplistic and often highly negative terms the concept of power has proven to be both uncommonly intriguing and maddeningly elusive In Power Raymond Angelo Belliotti begins by fashioning a general definition of power that is refined enough to capture the numerous types of power in all their multifaceted complexity He then proceeds in a series of discrete yet thematically connected meditations to explore the meaning of power in ancient modern and contemporary thought In grappling with the critical questions surrounding the accumulation distribution and exercise of personal and social power this work allows us to confront fundamental questions of who we are and how we might live better lives      Heroism and Wisdom, Italian Style Raymond Angelo Belliotti, 2022-09-08 This is an interdisciplinary work that philosophically analyzes concepts such as heroism practical wisdom honor Nietzsche's notions of will to power the overman and the three metamorphoses Plato's understanding of love creating meaning in life the issue of morally dirty hands in political administration the relationship between political means and ends the proper role of positive duties in society the aspirations of grand strivers and the linkages between biological biographical and autobiographical lives all in the context of explaining and evaluating the lives and works of fourteen historically significant Italian Gaius Julius Caesar Brunetto Latini Dante Alighieri Caterina Sforza Niccol Machiavelli Giuseppe Mazzini Giuseppe Garibaldi Francesca Cabrini Gabriele D Annunzio Antonio Gramsci Salvatore Giuliano Oriana Fallaci Giovanni Falcone and Paolo Borsellino By dissecting the lives

and philosophies of the figures discussed in this work by extracting moral political and existential lessons from their aspirations and enterprises by reflecting on their ideals from the vantage point of our divergent social context by evaluating their virtues and vices from a wider perspective and by confronting the conceptual puzzles and social impediments hampering the exercise of practical wisdom and heroism we may confront the people that we are and reimagine the people we might become

**Extremist Mindsets and Strategies** S. Clara Kim, 2021-06-11 Presenting an analysis of modern day extremism this book explores how any group of people or participants in a movement political ideological racial ethnonational religious or issue driven can adopt extremist mindsets if they believe their existence or interests are threatened Looking beyond fringe resistance groups already labeled as terrorists or subversives the author examines conventional organizations political parties religious groups corporations interest groups nation states police and the military that deploy extremist strategies to further their agendas Dynamics of mutual causation process between dominant and resistant extremist groups are explored including how resistant extremisms surface in response to oppressive and abusive measures advanced by the dominant groups to further their interests and maintain supremacy through systemic injustices as happens in slavery caste systems patriarchy colonialism autocracy exploitive capitalism and discrimination against minorities

*Dostoevsky's Legal and Moral Philosophy* Raymond Angelo Belliotti, 2016-11-28 This work closely examines the trial of Dmitri Karamazov as the springboard to explaining and critically assessing Dostoevsky's legal and moral philosophy The author connects Dostoevsky's objections to Russia's acceptance of western juridical notions such as the rule of law and an adversary system of adjudication with his views on fundamental human nature the principle of universal responsibility and his invocation of unconditional love Central to Dostoevsky's vision is his understanding of the relationship between the dual human yearnings for individualism

and community In the process the author related Dostoevsky s conclusions to the thought of Plato Augustine Anselm Dante Kierkegaard Schopenhauer Nietzsche and Sartre Throughout the work the author compares contrasts and evaluates Dostoevsky s analyses with contemporary discussions of the rule of law the adversary system and the relationship between individualism and communitarianism *Canadian Philosophical Reviews* ,1997 *Comptes Rendus Philosophiques* ,1997

Jesus or Nietzsche Raymond Angelo Belliotti,2013 This book reconstructs the cornerstones of Jesus s moral teachings about how to lead a good even exemplary human life It does so in a way that is compatible with the most prominent competing versions of the historical Jesus The work also contrast Jesus understanding of the best way to lead our lives with that of Friedrich Nietzsche Both Jesus and Nietzsche were self consciously moral revolutionaries Jesus refashioned the imperatives of Jewish law to conform to what he was firmly convinced was the divine will Nietzsche aspired to transvalue the dominant values of his time which themselves were influenced greatly by Christianity in service of what he took to be a higher vision The interplay of these radical versions of the good human life seasoned with critical commentary emerging from modern findings in the sciences and humanities opens possibilities and lines of inquiry that can inform our choices in answering that enduring paramount question How should we live our lives AIHA Newsletter ,1993
