Par M. de Ramsay Andrew Michael de Ramsay,1802 *Rachel's Readings in Both French and English* ,1855 **The Art Gallery Magazine** ,1925 **The Travels of Cyrus to Wich is Annexed a Discourse Upon the Theology and Mytology of the Pagans** Andrew Michael Ramsay,1802 *Dictionnaire nouveau et universel* Nicolas Gouin Dufief,1810 **An Analytical French Reader** Jean Gustave Keetels,2025-02-15 Reprint of the original first published in 1883 *Collected Poems* Arthur Rimbaud,2001-06-07 Rimbaud the poet of revolt and the greatest Albert Camus Rimbaud is the enfant terrible of French literature the precocious genius whose extraordinary poetry is revolutionary in its visionary hallucinatory content and its often liberated forms He wrote all his poems between the ages of about 15 and 21 after which he turned his back on family friends and France to roam the world In his final years he was a trader in the Horn of Africa Out of the brief colourful life and the poetry of sensory wildness has been created the myth of Rimbaud an enduring icon of youth rebellion and freedom But behind the myth lies a poetic adventure of high ambition and painful rigour poignant yet heroic Rimbaud is one of the greatest French poets of all times This bilingual edition provides all of Rimbaud s poems with the exception of his Latin verses and some small fragments It also includes some of his prose pieces chosen because they offer a commentary on his poetic concerns ABOUT THE SERIES For over 100 years Oxford World s Classics has made available the widest range of

The Works of Lord Macaulay, Complete: Critical and historical essays Thomas Babington Macaulay Baron Macaulay, 1802

The Selected Works of George Sand George Sand, The correspondence of George Sand and Gustave Flaubert if approached merely as a chapter in the biographies of these heroes of nineteenth century letters is sufficiently rewarding In a

relationship extending over twelve years including the trying period of the Franco Prussian War and the Commune these extraordinary personalities disclose the aspects of their diverse natures which are best worth the remembrance of posterity However her passionate and erratic youth may have captivated our grandfathers George Sand in the mellow autumn of her life is for us at her most attractive phase The storms and anguish and hazardous adventures that attended the defiant unfolding of her spirit are over In her final retreat at Nohant surrounded by her affectionate children and grandchildren diligently writing botanizing bathing in her little river visited by her friends and undistracted by the fiery lovers of the old time she shows an unguessed wealth of maternal virtue swift comprehending sympathy fortitude sunny resignation and a goodness of heart that has ripened into wisdom For Flaubert too though he was seventeen years her junior the flamboyance of youth was long since past in 1862 when the correspondence begins he was firmly settled a shy proud grumpy toiling hermit of forty in his family seat at Croisset beginning his seven years labor at L Education Sentimentale master of his art hardening in his convictions and conscious of increasing estrangement from the spirit of his age He with his craving for sympathy and she with her inexhaustible supply of it meet he pours out his bitterness she her consolation and so with equal candor of self revelation they beautifully draw out and strengthen each the other s characteristics and help one another grow old But there is more in these letters than a satisfaction for the biographical appetite which indeed finds ITS account rather in the earlier chapters of the correspondents history What impresses us here is the banquet spread for the reflective and critical faculties in this intercourse of natural antagonists As M Faguet observes in a striking paragraph of his study of Flaubert It is a curious thing which does honor to them both that Flaubert and George Sand should have become loving friends towards the end of their lives At the beginning Flaubert might have been looked upon by George Sand as a furious enemy Emma Madame Bovary is George Sand s heroine with all the poetry turned into ridicule Flaubert seems to say in every page of his work Do you want to know what is the real Valentine the real Indiana the real Lelia Here she is it is Emma Roualt And do you want to know what becomes of a woman whose education has consisted in George Sand s books Here she is Emma Roualt So that the terrible mocker of the bourgeois has written a book which is directly inspired by the spirit of the 1840 bourgeois Their recriminations against romanticism which rehabilitates and poetises the courtesan against George Sand the Muse of Adultery are to be found in acts and facts in Madame Bovary Now the largest interest of this correspondence depends precisely upon the continuance beneath an affectionate personal relationship of a fundamental antagonism of interests and beliefs resolutely maintained on both sides George Sand with her lifelong passion for propaganda and reformation labors earnestly to bring Flaubert to her point of view to remould him nearer to her heart s desire He with a playful deference to the sex and years of his friend addresses her in his letters as Dear Master Yet in the essentials of the conflict though she never gives over her effort he never budes a jot he has taken his ground and in his last unfinished work Bouvard and Pecuchet he dies stubbornly fortifying his position To the last she speaks from a temperament

lyrical sanguine imaginative optimistic and sympathetic he from a temperament dramatic melancholy observing cynical and satirical She insists upon natural goodness he upon innate depravity She urges her faith in social regeneration he vents his splenetic contempt for the mob Through all the successive shocks of disillusioning experience she expects the renovation of humanity by some religious some semi mystical amelioration of its heart he grimly concedes the greater part of humanity to the devil and can see no escape for the remnant save in science and aristocratic organization For her finally the literary art is an instrument of social salvation it is her means of touching the world with her ideals her love her aspiration for him the literary art is the avenue of escape from the meaningless chaos of existence it is his subtly critical condemnation of the world The origins of these unreconciled antipathies lie deep beneath the personal relationship of George Sand and Gustave Flaubert lie deep beneath their successors who with more or less of amenity in their manners are still debating the same questions today The main currents of the nineteenth century with fluent and refluxing tides clash beneath the controversy and as soon as one hears its long withdrawing roar and thinks it is dying away and is become a part of ancient history it begins again and will be heard no doubt by the last man as a solemn accompaniment to his final contention with his last adversary
