Simple Stories A Novel From The East German Provinces:

East German Distinctiveness in a Unified Germany Jonathan Grix, P Cooke, 2003-02-28 This book explores the nature of the dramatic growth in a distinct sense of East German identity in the years since the events that led to formal unification in 1990 While it is problematic to see East Germanness as a singular and homogenous identity it can be perceived as a distinctive phenomenon and a level of identification that exists alongside local regional and national identities The essays in this volume hope to challenge the commonly held misconception that East German regional identity is a problem that needs to be overcome in the process of unification Through analyses of the social political and cultural behaviour of East Germans and their perception of their own place in German society this volume makes a complex and nuanced contribution to discussions on German national identity and the unification process

Simple Stories Ingo Schulze, 2007-12-18 Prize winning German writer Ingo Schulze's first novel *Simple Stories* is a marvel of storytelling and craft Set in the East German town of Altenburg after the fall of the Berlin Wall it deftly leaps among an array of confused characters caught in the crossroads of their country's history a lovelorn waitress who falls for a visiting West German investor an art historian turned traveling salesman a former Communist official plagued by his past an unsuccessful writer who asks his neighbor to break his leg so that he can continue to live on welfare Schulze skillfully intercuts an assortment of moving and comic vignettes about seemingly unconnected people gradually linking them into an exhilarating whole of tidal unity and emotional force until we see that all the time we have been reading a novel in glittering fragments spun by a master With a piercing eye for detail and a magical ear for dialogue Schulze portrays the tragic comedy of ordinary people caught up in the last great historical upheaval of the century

Contemporary German Fiction Stuart Taberner, 2007-06-21 These accessible and informative essays explore the central themes and contexts of the best writers working in Germany today

Writing Postcommunism D. Williams, 2013-08-16 Moving through the elegiac ruins of the Berlin Wall and the Yugoslav disintegration *Writing Postcommunism* explores literary evocations of the pervasive disappointment and mourning that have marked the postcommunist twilight

Performing Unification Matt Cornish, 2019-07-08 Since the moment after the fall of the Berlin Wall important German theater artists have created plays and productions about unification Some have challenged how German history is written while others opposed the very act of storytelling *Performing Unification* examines how directors playwrights and theater groups including Heiner Müller Frank Castorf and Rimini Protokoll have represented and misrepresented the past confronting their nation's history and collective identity Matt Cornish surveys German language history plays from the Baroque period through the documentary theater movement of the 1960s to show how German identity has always been contested then turns to performances of unification after 1989 Cornish argues that theater in its structures and its live gestures on pages stages and streets helps us to understand the past and its effect on us our relationships with others in our communities and our futures Engaging with theater theory from Aristotle through Bertolt

Brecht and Hans Thies Lehmann's postdramatic theater and with theories of history from Hegel to Walter Benjamin and Hayden White *Performing Unification* demonstrates that historiography and dramaturgy are intertwined *Library of Congress Subject Headings* Library of Congress, Library of Congress. Office for Subject Cataloging Policy, 2012 **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office, 2009 **The Short Story in German in the Twenty-first Century** Lyn Marven, Andrew Plowman, Kate Roy, 2020 Since the 1990s the short story has re-emerged in the German speaking world as a vibrant literary genre This volume aims to establish a framework for further research into this rich field The introduction and six thematic chapters discuss theories of the short story form literary aesthetic questions and key trends in the twenty first century Seven chapters on significant literary figures from Germany Austria and Switzerland then offer a range of theoretical and thematic approaches to individual stories and collections Finally two original translations showcase contemporary short story writing in German *Textual Responses to German Unification* Carol Anne Costabile-Heming, Rachel J. Halverson, Kristie A. Foell, 2013-07-05 The unification of the two German states changed the geo political economic social and cultural borders of Germany and Europe This volume in three parts researches how East German and West German authors and directors reacted to these radical changes The basis of this research are fictional autobiographical journalistic and cinematic texts The authors and directors presented in this volume not only comment on the changes which they themselves experienced but also voice their changing attitudes to their own past within the divided Germany **Recoding World Literature** B. Venkat Mani, 2016-12-01 Winner 2018 Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures Modern Language Association Winner 2018 German Studies Association DAAD Book Prize in Germanistik and Cultural Studies From the current vantage point of the transformation of books and libraries B Venkat Mani presents a historical account of world literature By locating translation publication and circulation along routes of bibliomigrancy the physical and virtual movement of books Mani narrates how world literature is coded and recoded as literary works find new homes on faraway bookshelves Mani argues that the proliferation of world literature in a society is the function of a nation's relationship with print culture a Faustian pact with books Moving from early Orientalist collections to the Nazi magazine *Weltliteratur* to the European Digital Library Mani reveals the political foundations for a history of world literature that is at once a philosophical ideal a process of exchange a mode of reading and a system of classification Shifting current scholarship's focus from the academic to the general reader from the university to the public sphere *Recoding World Literature* argues that world literature is culturally determined historically conditioned and politically charged
