Magic Monastery:

Magic Monastery Idries Shah, 2017-04-09 Many of Idries Shah's books are comprised of tales and teaching stories taken from both written and oral sources which illustrate the instructional methods employed by Eastern wise men for thousands of years. The Magic Monastery differs from its predecessors in that it contains not only traditional tales mostly unpublished but also stories specially written by Shah to complete the book as a course in non-linear thinking. As with all of his works, The Magic Monastery is rich in thought-provoking material and can be read and enjoyed at many levels. **The Magic**

Monastery Idries Shah, 1974 Tales of a Magic Monastery Theophrastus (the Monk.), Theophrastus the Monk, 1981 Here the charming mature stories from the internationally beloved monk are accompanied by original art. Like the parables of Jesus, these tales repeatedly unfold new levels of meaning if we are willing to sit with them. Wild Heart Dancing shows you how to free that innovative spirit by spending a day playing with words, music, songs, dance, and paints. You don't need to be artistic to benefit from the teachings of Elliot Sobel; you just need to open up and take the time to try your hand at new ways of expressing yourself. *World Tales* Idries Shah, 1991 No ordinary collection of tales, this anthology was the result of extensive research that led Shah to conclude that there is a certain basic fund of human fictions which recur again and again throughout the world and never seem to lose their compelling attraction. This special paperback version of World Tales concentrates on the essentials: the text of the stories and omits the illustrations which were part of a previous edition. **Stirring Waters** Bart L. Brenner, Wayne E. Purinton, 2019-08-29 In Stirring Waters, Brenner and Purinton tackle a host of questions surrounding the traditional understandings of Christian beliefs and present a variety of perspectives on the key topics of Bible, God, Yeshua, spirit, and more. They go beyond the why to asking so what. Through questions and discussion starters, Stirring Waters offers a fresh way of making sense of faith and church. It wrestles with the ambiguities, uncertainties, and risks of this age and discusses the possibilities the authors have discovered for making sense of life and death. It delves into a conversation about faith and understanding of those mysteries Christians often associate with God and the religious life. I can't tell you what kind of book this is: theology, spiritual autobiography, memoir.

practical guide It is all of these and none of these Probably it is a category that has not been invented until this moment I can tell you that this book did for me today what Marcus Borg and Dom Crosson did for me at the end of the last century From the Preface by Dr David R Sawyer **A Monk in the World** Wayne Teasdale,2010-09-24 The Mystic Heart chronicled Brother Wayne Teasdale's journey into a multifaceted spirituality blending his traditional Catholic training and the Eastern way of sannyasa Indian monkhood A Monk in the World tells what the journey has meant for him living as a monk outside the monastery integrating teachings from the world's religions with his own Catholic training combining his vigorous spiritual practice with the necessities of making a living and pursuing a course of social justice in a major American city In telling his story Teasdale shows how others can find their own internal monastery and bring spiritual practice into their busy lives

The Transformation of Suffering Thomas Keating, 2002 In this book Father Thomas Keating explores the tragedy of September 11 from the perspective of Christ consciousness and its continuing emergence in the world Even as he describes the attacks of that day as the culmination of all of the last century's growing violence and disregard for life he shows us how to recognize the resultant suffering as an expression of the agony of Christ on the cross that is extended to all humanity In the second half of the book Father Keating tells the story of the Marriage Feast at Cana in the gospel of John Here the ordinary is juxtaposed with the extraordinary for it is at this feast that Jesus performs his first miracle turning water into wine and thus revealing his divinity to the people How does the joyful story of Christ's first miracle address our suffering in the wake of September 11 Both situations demonstrate the potentialities and possibilities of Christ revealing himself within the world As Jesus' divinity became apparent even in the humble setting of the marriage feast so ordinary people's lives can be transformed by the global experience of Christ's incarnation suffering and resurrection bringing us to new consciousness understanding and love
