

Magical Religion and Modern Witchcraft

James R. Lewis, Editor

Magical Religion And Modern Witchcraft

Sarah M. Pike

Magical Religion And Modern Witchcraft:

Magical Religion and Modern Witchcraft James R. Lewis, 1996-01-01 Provides an overview of neo paganism from the Goddess to magic and rituals from history and ethics to the relationship of neo paganism to Christianity Magical Religion and Modern Witchcraft James R. Lewis, 1996-04-19 This comprehensive anthology examines contemporary neo paganism ranging from goddess theology to historical critical essays Many of the contributors are academically trained neo pagans and the resulting volume is a benchmark study of a significant movement that promises to reshape the religious landscape of the next century *Origins of Modern Witchcraft* Aoumiel, 2000 This book sheds new light on the ancient origins of religion to give Wiccans Witches and the Neo Pagans a sense of where they belong in history Witchcraft and Magic Helen A. Berger, 2005 In original essays the book explores both religions that incorporate magical or occult beliefs and practices and contemporary responses to these religions in North America and the Caribbean **Witchcraft Today** James R. Lewis, 1999-12-06 A clear concise overview of the origins and history of the Wiccan and Neopagan movements with A Z coverage of concepts rituals practices and practitioners *Witchcraft Today* presents a concise survey of this fascinating movement charts its development and offers A Z coverage of Neopagan concepts rituals practices and practitioners ranging from African Religions and Celtic Tradition to Numerology and Theosophy An excellent and thorough introduction that explains the origin and history of contemporary Wiccan and Neopagan beliefs and a chronology detail the development of these modern religions A documents section reprints texts important to the central belief system of Wiccans and Neopagans including the text of Charge of the Goddess and a bibliography and index complete this timely source Consult this work whether you need to know the characteristics of Wicca the difference between Celtic Alexandrian and Blue Star traditions the meaning of skyclad the work of Emanuel Swedenborg or the origins of Tarot The Realities of Witchcraft and Popular Magic in Early Modern Europe E. Bever, 2008-06-11 Exploring the elements of reality in early modern witchcraft and popular magic through a combination of detailed archival research and broad ranging interdisciplinary analyses this book complements and challenges existing scholarship and offers unique insights into this murky aspect of early modern history Modern Witchcraft Deborah Blake, 2020-07-07 Deborah Blake s *Modern Witchcraft* is a guidebook to witchcraft as a female empowering religion including detailed instructions on how to practice self care in today s society through goddess worship and magic In a time when most formal religions are on the wane Wicca is said to be the fastest growing religion in North America What is it that draws people to Witchcraft and how does a spiritual path with its roots in ancient beliefs and traditions transform itself into a practice that resonates so deeply with today s modern woman There are a number of explanations for the phenomenon such as Witchcraft s connection to the natural world or acceptance of members regardless of lifestyle choices For women however the greatest appeal may be the worship of a goddess or goddesses No stern patriarchal God here Instead Wicca and most other forms of modern Witchcraft embrace deity in both the feminine and the

masculine Suddenly women can look at the divine and see themselves reflected back In addition many women are frustrated frightened triggered and down right furious with the current social and political environment but feel powerless to create positive change Witchcraft can give them a sense of personal empowerment There are many different Witchcraft paths and a multitude of approaches to its practice This book will guide the reader on the journey to connecting with the feminine divine both without and within and open the door to this magical religion that will enlighten uplift and energize their lives

Witchcraft and Magic Helen A. Berger, 2011-03-19 Magic always part of the occult underground in North America has experienced a resurgence since the 1960s Although most contemporary magical religions have come from abroad they have found fertile ground in which to develop in North America Who are today's believers in Witchcraft and how do they worship Alternative spiritual paths have increased the ranks of followers dramatically particularly among well educated middle class individuals Witchcraft and Magic conveys the richness of magical religious experiences found in today's culture covering the continent of North America and the Caribbean These original essays survey current and historical issues pertinent to religions that incorporate magical or occult beliefs and practices and they examine contemporary responses to these religions The relationship between Witchcraft and Neopaganism is explored as is their intersection with established groups practicing goddess worship Recent years have seen the growth in New Age magic and Afro Caribbean religions and these developments are also addressed in this volume All the religions covered offer adherents an alternative worldview and rituals that are aimed at helping individuals redefine themselves and make their interactions with the environment more empowered Many modern occult religions share an absence of dogma or central authority to determine orthodoxy and have become a contemporary experience embracing modern concerns like feminism environmentalism civil rights and gay rights Afro Caribbean religions such as Santería Palo and Curanderismo which do have a more developed dogma and authority structure offer their followers a religion steeped in African and Hispanic traditions Responses to the growth of magical religions have varied from acceptance to an unfounded concern about the growth of a satanic underground And as magical religions have flourished increased interest has resulted in a growing commercialization with its threat of trivialization *Magic, Witchcraft and the Otherworld* Susan Greenwood, 2020-08-02 Anthropology's long and complex relationship to magic has been strongly influenced by western science and notions of rationality This book takes a refreshing new look at modern magic as practised by contemporary Pagans in Britain It focuses on what Pagans see as the essence of magic a communication with an otherworldly reality Examining issues of identity gender and morality the author argues that the otherworld forms a central defining characteristic of magical practice Integrating an experiential ethnographic approach with an analysis of magic this book asks penetrating questions about the nature of otherworldly knowledge and argues that our scientific frameworks need re envisioning It is unique in providing an insider's view of how magic is practised in contemporary western culture *The to Z of Witchcraft* Michael D. Bailey, 2009-09-28 A great deal has been written about

the history of witchcraft but much of what has been written is unreliable exaggerated or inaccurate This problem is especially acute in regard to modern witchcraft or Wicca and its supposed connections to historical witchcraft in medieval and early modern Europe The A to Z of Witchcraft provides a reliable reference source for both academics and general readers interested in the actual historical development of witchcraft in the western world The focus of the dictionary is on Western Europe during the late medieval and early modern periods when the specific idea of diabolical witchcraft developed and when the so called great witch hunts occurred Entries are also provided that deal with magic and witchcraft in the earlier Christian period and classical antiquity as well as with the lingering belief in witchcraft in the modern world and with the development of the modern neo pagan religion of witchcraft also known as Wicca For comparative purposes some entries have been provided that deal with aspects and systems of magic found in other parts of the world that seem to bear some relation to the idea of witchcraft as it developed in Christian Europe The regions dealt with are mainly Africa along with such New World practices as Voodoo and Santeria Entries in the dictionary cover important people in the history of witchcraft from the medieval inquisitors and early modern magistrates who developed the stereotype of the historical witch to the modern individuals who have developed the religion of Wicca Also included are legal terms and concepts important to the prosecution of the supposed crime of witchcraft and religious and theological concepts pertaining to the demonic elements that came to be associated with witchcraft as well as more popular beliefs and aspects of common folklore and mythology that became attached to the developing idea of witchcraft Geographic entries are also included discussing the scope of witch hunting in various regions

The Encyclopedia of Modern Witchcraft and Neo-Paganism Shelley Rabinovitch, James Lewis, 2004

A comprehensive guide to the world of magick this book includes definitions straightforward thorough explanations biographies of all of the important figures in Wiccan and Pagan cultures and descriptions of the various traditions of Wicca as well as offering a detailed history of the pagan tradition With essays from authorities such as Lois Bourne and Marian Green on topics ranging from Jungian Psychology and Neo Paganism to Buffy the Vampire Slayer this book is the first encyclopedia that discusses modern Neo Pagan beliefs from international points of view

The A to Z of Witchcraft Michael D. Bailey, 2009-09-28

A great deal has been written about the history of witchcraft but much of what has been written is unreliable exaggerated or inaccurate This problem is especially acute in regard to modern witchcraft or Wicca and its supposed connections to historical witchcraft in medieval and early modern Europe The A to Z of Witchcraft provides a reliable reference source for both academics and general readers interested in the actual historical development of witchcraft in the western world The focus of the dictionary is on Western Europe during the late medieval and early modern periods when the specific idea of diabolical witchcraft developed and when the so called great witch hunts occurred Entries are also provided that deal with magic and witchcraft in the earlier Christian period and classical antiquity as well as with the lingering belief in witchcraft in the modern world and with the development of the modern neo pagan religion of

witchcraft also known as Wicca For comparative purposes some entries have been provided that deal with aspects and systems of magic found in other parts of the world that seem to bear some relation to the idea of witchcraft as it developed in Christian Europe The regions dealt with are mainly Africa along with such New World practices as Voodoo and Santeria Entries in the dictionary cover important people in the history of witchcraft from the medieval inquisitors and early modern magistrates who developed the stereotype of the historical witch to the modern individuals who have developed the religion of Wicca Also included are legal terms and concepts important to the prosecution of the supposed crime of witchcraft and religious and theological concepts pertaining to the demonic elements that came to be associated with witchcraft as well as more popular beliefs and aspects of common folklore and mythology that became attached to the developing idea of witchcraft Geographic entries are also included discussing the scope of witch hunting in various regions

Historical Dictionary of Witchcraft Michael David Bailey, 2003 The only single volume scholarly reference work available on this subject this dictionary provides reliable information on magic and witchcraft for the entire span of western history from classical antiquity to modern Wicca Particular attention is paid to the history of witchcraft in Europe in the 16th and 17th centuries the era of the great witch hunts

Earthly Bodies, Magical Selves Sarah M. Pike, 2001-01-24 This book incorporates the author's personal experience and scholarly work concerning ritual sacred space self identity and narrative

[The Religion Toolkit](#) John Morreall, Tamara Sonn, 2024-06-13 THE RELIGION TOOLKIT A comprehensive survey of the study of religion worldwide from ancient indigenous traditions to today's religious nationalism This is an excellent book that is a good comprehensive overview of the history of religions and the ways of studying religion within Religious Studies it really brings religions to life for the reader Gavin Flood Professor of Hindu Studies and Comparative Religion Oxford University The authors provide a clear first rate introduction to the study of religions origins leading scholars and their theories and beliefs This is by far the best introductory volume I am aware of both in terms of substance clarity and insights John L Esposito Distinguished University Professor Georgetown University and Past President of the American Academy of Religion The Religion Toolkit Understanding Religion in the World Today is a clear and comprehensive introduction to the academic study of religions providing readers an introduction to the history and theories of Religious Studies a survey of global religious traditions and an overview of religion in the public sphere today Discusses theory and methodology in religion including the disciplines of anthropology psychology philosophy biblical studies and theology Describes the early development of religion with overviews of traditions around the world including Judaism Christianity Islam Baha'i Hinduism Zoroastrianism Jainism Buddhism Sikhism Daoism Confucianism and Shinto Covers traditions not commonly addressed in introductory textbooks such as Santeria Vodou Tengrism and indigenous traditions of the Americas Examines recent developments and contemporary issues such as secularization bioethics and the rise of religious nationalism Includes access to a companion website with discussion questions additional material and helpful primary and secondary sources Providing the knowledge

and tools required to explore and understand the nature and roles of religion The Religion Toolkit Understanding Religion in the World Today Second Edition is an excellent introductory textbook for undergraduate and graduate courses in Religious Studies History of Religion Religions of the World and Theory and Method in the Study of Religion as well as a valuable resource for general readers interested in the role of religion in the world today *The Paganism Reader* Chas Clifton, Graham Harvey, 2004 The Paganism Reader provides a definitive collection of key sources in Paganism ranging from its ancient origins to its twentieth century reconstruction and revival *Theorizing Faith* Arweck, Martin D. Stringer, 2002-05-31 All but the final paper in this collection of nine essays was read at a June 1999 conference of the same title as the book held at the U of Birmingham UK The conference was organized by the Worship in Birmingham Project bringing together established scholars and research students to discuss the *Voices from the Pagan Census* Helen A. Berger, Evan A. Leach, Leigh S. Shaffer, 2021-11-24 A compelling portrait of an emerging religious group Voices from the Pagan Census provides unprecedented insight into the expanding but largely unstudied religious movement of Neo Paganism in the United States Helen A Berger Evan A Leach and Leigh S Shaffer present the findings of The Pagan Census which was created and distributed by Berger and Andras Corban Arthen of the Earthspirit Community Analyzing the most comprehensive and largest scale survey of Neo Pagans to date the authors offer a portrait of this emerging religious community including an examination of Neo Pagan political activism educational achievements family life worship methods experiences with the paranormal and beliefs about such issues as life after death A collection of religious groups whose practices evolved from Great Britain's Wicca movement of the 1940s Neo Paganism spread to the United States in the 1960s While the number of people who identify themselves with the religion has continued to rise quantitative study of Neo Paganism has been difficult given the movement's lack of centralized leadership and doctrine and its development as scattered independent groups and individuals Endorsed by all major Neo Pagan leaders The Pagan Census generated a demographically diverse response In contrast to most previous surveys which were limited to Neo Pagan festivals this survey incorporates input from the large population of practitioners who do not participate in such events Keenly anticipated by the academic and Neo Pagan communities the results of the census provide the most in depth information about the group yet assembled Comparing Neo Pagans with American society at large Berger Leach and Shaffer show that although the two groups share certain statistical characteristics there are differences as well The scholars also identify variations within the Neo Pagan population including those related to geography and to the movement's multiple spiritual paths **Wicca** Ethan Doyle White, 2015-10-01 The past century has borne witness to a growing interest in the belief systems of ancient Europe with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world By far the largest and best known of these Paganisms has been Wicca a new religious movement that can now count hundreds of thousands of adherents worldwide Emerging from the occult milieu of mid twentieth century Britain Wicca was first

presented as the survival of an ancient pre Christian Witch Cult whose participants assembled in covens to venerate their Horned God and Mother Goddess to celebrate seasonal festivities and to cast spells by the light of the full moon Spreading to North America where it diversified under the impact of environmentalism feminism and the 1960s counter culture Wicca came to be presented as a Goddess centred nature religion in which form it was popularised by a number of best selling authors and fictional television shows Today Wicca is a maturing religious movement replete with its own distinct world view unique culture and internal divisions This book represents the first published academic introduction to be exclusively devoted to this fascinating faith exploring how this Witches Craft developed what its participants believe and practice and what the Wiccan community actually looks like In doing so it sweeps away widely held misconceptions and offers a comprehensive overview of this religion in all of its varied forms Drawing upon the work of historians anthropologists sociologists and scholars of religious studies as well as the writings of Wiccans themselves it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft

Historical Dictionary of Witchcraft Jonathan Durrant, Michael D. Bailey, 2012-10-25 Witchcraft has proven an important if difficult historical subject to investigate and interpret over the last four decades or so Modern historical research into witchcraft began as an attempt to tease out the worldview of ordinary people in 16th and 17th century England but it quickly expanded to encompass the history of witchcraft in most cultures and societies that have existed with scholarly studies now extending back to the time of earliest law code that punished sorcery the Babylonian Code of Hammurabi 1792 1750 B C E and forward to the last witchcraft cases in England those of Helen Duncan and Jane Yorke tried in 1944 There has also been a significant amount of interest in the development of the modern religion of witchcraft or Wicca as various forms of neo paganism continue to attract adherents The second edition of Historical Dictionary of Witchcraft covers the history of the Witchcraft from 1750 B C E though the modern day This is done through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on witch hunts witchcraft trials and related practices around the world This book is an excellent access point for students researchers and anyone wanting to know more about the history of witchcraft
