Magnetism and Cabalistical Magic Francis Barrett, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **The Magus, or Celestial Intelligencer; being a Complete System of Occult Philosophy** Francis Barrett, 1967 [The Magus, Celestial Intelligencer](#) Edmund Kelly, 2019-08-07 Written by Francis Barrett in 1801, *The Magus* is a collection of three books. Much of the material was actually collected by Barrett from older occult handbooks, as he hints in the preface. With over 500 pages, it is a collected work of the most famous magicians, such as Zoroaster, Hermes Apollonius, Simon of the Temple, Trithemius, Agrippa, Porta, the Neapolitan, Dee, Paracelsus, Roger Bacon, Sir Edward Kelly, and a great many others. Previous demonologists such as Binsfeld (1589) had drawn up lists that comprised a hierarchy of devils and attributed them with the power to instigate people to commit the seven deadly sins. Lucifer was associated with Pride, Satan with Anger, and so forth. In *The Magus*, Barrett altered the roster of devils, and Satan now became a prince of deluders serving conjurers and witches. Edited and illustrated by Edmund Kelly, *The Magus* is a Grimoire that holds its place in occult literature. *"The" Magus Or Celestial Intelligencer* Francis Barrett, 1801 **The Magus** Francis Barrett, 2010-03-16 *The Magus or Celestial Intelligencer; being a Complete System of Occult Philosophy* is a handbook of the occult and ceremonial magic compiled by Francis Barrett and published in 1801. This book facilitated the modern revival of magic by making information from otherwise rare books readily available. It may have influenced novelist Edward Bulwer-Lytton and occultist Eliphas Levi. More controversially, it has been identified as an influence on Joseph Smith Jr., founder of the Latter Day Saint movement. In Reed C. Durham Jr.'s speech *Is There No Help for the Widow's Son*, a reproduction of the 1801 edition. [The Magus Book 2](#) Francis Barrett, 1999-07 *The Magus* has proved to be the most sought-after set of books on magic and alchemy ever published. There is a very good reason for this: These books are powerful and were considered so dangerous that for many years, rare copies could only be found in certain libraries, locked away from the general public and from those who would use or misuse its power. The original set of books was first published in 1801 by its author, Francis Barrett, who had an extensive background in the medieval and occult sciences. He spent many years of diligent study before releasing them. His premise for the material is that, before putting anything into these books, Barrett first subjected the various theories to certain tests that had to be substantiated by nature, truth, and experiment. First, they were written for those seeking the key to the philosopher's stone and the powers of magic. The illustrations in this book were taken from ancient and medieval texts, magical tables, planetary tables, talismans, and images of angels and demons. Book One covers natural magic, amulets and charms, potions, precious stones, lights, candles, alchemy, the philosopher's stone, transmutation, the four elements, numbers, and planets. Book Two covers
