Mail & Guardian Bedside Book 2001 David Macfarlane, 2001 Mail & Guardian Bedside Book ,2002 **Mail and Guardian Bedside Book 2003** Shaun De Waal, 2003 The Mail and Guardian bedside book once again selects the best of the paper's features over the last year to bring you an unparalleled snapshot of South Africa and Africa in cross section from Happy Sindane to Idi Amin Ventersdorp to Luanda via Hollywood in the company of the best journalists in the country The paper tackles the burning issues of the day the Aids debate the oil scandal and the question of whatever happened to Jimmy Abbott It pays tribute to giants of the struggle such as Nelson Mandela and Walter Sisulu and visits a big fat Afrikaner wedding *Legitimacy and Criminal Justice* Tom R. Tyler, 2007-10-25 The police and the courts depend on the cooperation of communities to keep order But large numbers of urban poor distrust law enforcement officials *Legitimacy and Criminal Justice* explores the reasons that legal authorities are or are not seen as legitimate and trustworthy by many citizens *Legitimacy and Criminal Justice* is the first study of the perceived legitimacy of legal institutions outside the U S The authors investigate relations between courts the police and communities in the U K Western Europe South Africa Slovenia South America and Mexico demonstrating the importance of social context in shaping those relations Gorazd Meško and Goran Klemencić examine Slovenia's adoption of Western style community policing during its transition to democracy In the context of Slovenia's recent Communist past when community policing entailed omnipresent social and political control citizens regarded these efforts with great suspicion and offered little cooperation to the police When states fail to control crime informal methods of law can gain legitimacy Jennifer Johnson discusses an extra legal policing system carried out by farmers in Guerrero Mexico complete with sentencing guidelines and initiatives to reintegrate offenders into the community Feeling that federal authorities were not prosecuting the crimes that plagued their province the citizens of Guerrero strongly supported this extra legal arrangement and engaged in massive protests when the central government tried to suppress it Several of the authors examine how the perceived legitimacy of the police and courts varies across social groups Graziella Da Silva Ignacio Cano and Hugo Friling show that attitudes toward the police vary greatly across social classes in harshly unequal societies like Brazil and Chile And many of the authors find that ethnic minorities often display greater distrust toward the police and perceive themselves to be targets of police discrimination Indeed Hans Jürg Albrecht finds evidence of bias in arrests of the foreign born in Germany which has fueled discontent among Berlin's Turkish youth Sophie Body Gendrot points out that mutual hostility between police and minority communities can lead to large scale violence as the Parisian banlieu riots underscored The case studies presented in this important new book show that fostering cooperation between law enforcement and communities requires the former to pay careful attention to the needs and attitudes of the latter Forging a new field of comparative research *Legitimacy and Criminal Justice* brings to light many of the reasons the law's representatives succeed or fail in winning citizens hearts and minds A Volume in the Russell Sage Foundation Series on
