

## A bronze sculpture of a man in a state of deep thought, sitting on a large, dark, textured rock. The man is shown from the waist up, with his body hunched forward. His right arm is raised, with his hand resting on his chin and cheek. His left arm is bent, with his hand resting on his knee. The sculpture is highly detailed, showing the texture of the man's skin and the folds of his clothing. The background is dark and indistinct, focusing attention on the figure. The lighting highlights the contours of the man's body, emphasizing the intensity of his expression.
