Main Currents In The History Of Education:

Main Currents in the History of Education Edward J. Power, 1962 **Main Currents in the History of Education. Second Edition** Edward John POWER, 1970 *The History of Education* Ellwood Patterson Cubberley, 2022-09-04 In *The History of Education* Ellwood Patterson Cubberley presents a comprehensive survey of educational practices from ancient civilizations to modern times With meticulous scholarship Cubberley examines pivotal developments in educational theory the evolution of curricula and the impact of socio political factors on schooling systems His work is characterized by a clear accessible style that deftly weaves historical narrative with analytical commentary contextualizing education within broader societal changes which makes it a seminal contribution to the field of educational history Cubberley was an influential educator and a prominent figure in American education during the early 20th century serving as a professor at Stanford University His extensive experience and deep understanding of educational systems likely inspired him to create this work as a means to reflect upon and address the challenges of contemporary education His arguments emphasize the necessity of reform and adaptation in schooling to meet the evolving needs of society influenced by his commitment to progressive education I recommend *The History of Education* to educators historians and policy makers alike This seminal work not only provides an in depth understanding of past educational practices but also offers valuable insights for current educational reform making it essential reading for anyone interested in the dynamics of education in society **A Brief History of Education** Ellwood Patterson Cubberley, 1922 *The History of Education; Educational Practice and Progress Considered As a Phase of the Development and Spread of Western Civilization, Parts I, II and III of 4 parts* Ellwood Patterson Cubberley, 2025-08-19 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Philosophy of Education in Historical Perspective** Adrian M. Dupuis, Robin L. Gordon, 2010-03-23 Education students are continually asked to reflect upon their own philosophy of education and how it relates to their teaching practice *Philosophy of Education in Historical Perspective* Third Edition focuses on major educational philosophies that have had an impact on Western education and helps the reader to make sense of past and current trends and to place them in a historical context This third edition is updated to correspond with the increasingly swift changes that have been taking place in education As we move forward into the twenty first century it is hard to recall that only twenty years ago computers were not part of standard classroom equipment This widely accessible edition will update the second with another look at postmodernism as it has continued to develop in the past fifty years **Modernizing Jewish Education in Nineteenth Century Eastern Europe** Mordechai Zalkin, 2016-01-19 In *Modernizing Jewish Education in Nineteenth Century Eastern Europe* Mordechai Zalkin offers a new path through which the Eastern European traditional Jewish society underwent a rapid and significant process of modernization the Maskilic system of education Since

the beginning of the nineteenth century a few local Jews affected by the values and the principles of the European Enlightenment established new private modern schools all around The Pale of Settlement in which thousands Jewish boys and girls were exposed to different disciplines such as sciences and humanities a process which changed the entire cultural structure of contemporary Jewish society *Education for the Student Teacher (1995 Syllabus)*, 1991 Social Change in the History of British Education Joyce Goodman, Gary McCulloch, WILLIAM RICHARDSON, 2013-09-13 This work provides an overall review and analysis of the history of education and of its key research priorities in the British context It investigates the extent to which education has contributed historically to social change in Britain how it has itself been moulded by society and the needs and opportunities that remain for further research in this general area Contributors review the strengths and limitations of the historical literature on social change in British education over the past forty years ascertain what this literature tells us about the relationship between education and social change and map areas and themes for future historical research They consider both formal and informal education different levels and stages of the education system the process and experience of education and regional and national perspectives They also engage with broader discussions about theory and methodology The collection covers a large amount of historical territory from the sixteenth century to the present including the emergence of the learned professions the relationship between society and the economy the role of higher technological education the historical experiences of Ireland Scotland and Wales the social significance of teaching and learning and the importance of social class gender ethnicity and disability It involves personal biography no less than broad national and international movements in its considerations This book will be a major contribution to research as well as a general resource in the history and historiography of education in Britain **Development of Western Educational Thought** A.P. Sharma, 1997 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1972 **Educational Administration & Supervision**, 1915 **The Legacy of Isocrates and a Platonic Alternative** James R. Muir, 2018-07-27 Bringing together the history of educational philosophy political philosophy and rhetoric this book examines the influence of the philosopher Isocrates on educational thought and the history of education Unifying philosophical and historical arguments Muir discusses the role of Isocrates in raising two central questions What is the value of education By what methods ought the value of education to be determined Tracing the historical influence of Isocrates ideas of the nature and value of education from Antiquity to the modern era Muir questions normative assumptions about the foundations of education and considers the future status of education as an academic discipline **Humanistic Emphases in the Educational Thought of Vincent of Beauvais** McCarthy, 2022-07-11 **Current History**, 1925 Education Studies in South Africa Charl C. Wolhuter, 2020-12-31 The thesis of this volume is that the fields of scholarly enquiry of Education internationally as well as in South Africa in particular despite being fields of virile scholarly activity and output are in need of a major overhaul In this collected work this want in research is encapsulated in three words relevance rigour and

restructuring Research in the scholarly field s of Education is predominantly of small scale non accumulative widely condemned as not of a comparable standard to research done in other social sciences much less upon a par with research in the natural sciences and lacking structure in the sense of being anchored in a firm theory To make matters worse scholars in Education internationally and in South Africa have till very recently eschewed discussion as to the packaging or structuring of knowledge produced by Education research The book consists of chapters containing original research unpacking these desiderata from a variety of angles The authors had them served by a variety of methods from deductively argued position papers to empirical research the latter both quantitative survey research and qualitative

Financing Schools and Educational Programs Al Ramirez,2012-10-04 Al Ramirez writes on the subject of how the public schools in the United States are financed and how other funds are raised for educational programs in elementary and secondary schools A context for public school finance is provided throughout the volume by grounding each topic in historical policy political and common practice so the work spans both the theoretical and practical aspects of the subject matter The text is written primarily for graduate students in programs for education leadership administration policy studies public administration public finance and public accounting The content will also serve as a resource for practitioners and education policy leaders e g school board members foundation program officers legislators and policy analysts at the local state and national levels Each chapter is structured so as to enhance the book s value to pre service students preparing for entry level school administration positions as well as candidates for advanced degrees who need more research based theoretical content on school finance The author recognizes that each state has its own unique funding approach and guides readers to state resources that supplement the books content
