My Neighbour Peejay , **The Liberalism of Care** Shawn C. Fraistat,2021-04-09 Attention to care in modern society has fallen out of view as an ethos of personal responsibility free markets and individualism has taken hold The Liberalism of Care argues that contemporary liberalism is suffering from a crisis of care manifest in a decaying sense of collective political responsibility for citizens well being and for the most vulnerable members of our communities Political scientist Shawn C Fraistat argues that we have lost the political language of care which prior the nineteenth century was commonly used to express these dimensions of political life To recover that language Fraistat turns to three prominent philosophers Plato Jean Jacques Rousseau and William Godwin who illuminate the varied ways caring language and caring values have structured core debates in the history of Western political thought about the proper role of government as well as the rights and responsibilities of citizens The Liberalism of Care presents a distinctive vision for our liberal politics where political communities and citizens can utilize the ethic and practices of care to face practical challenges The Indian Easements Act, 1882 T.
