My Giant Teddy Col Red:

The Forgotten Giant of Bletchley Park Harold Liberty, 2022-07-20 In recent years the work of the Bletchley Park codebreakers has caught the public's imagination with books and films. While men such as Alan Turing and Dilly Knox have been recognized, Brigadier John Tiltman has been hardly mentioned. This overdue biography reveals that The Brig, as he was known, played a key role. After distinguished Great War military service, he established himself as a skilled codebreaker between the Wars, monitoring Russian and other unfriendly powers' messages. During World War Two, he was regarded as the most versatile of cryptographers, cracking a range of codes, including Japanese ones. He made the first breakthrough against the German High Command Lorenz system, and what he found led to the creation of machines, including Colossus, the first recognisable computer. His lack of recognition may be down to his apparent lack of association with Enigma, but in truth, he was closely involved at the start. In addition to his cryptological brilliance, The Brig was a gifted communicator and team builder whose character combined charm, intelligence, determination, and common sense. He was key to building the special relationship with our American partners, both during and after the war. Harold Liberty's biography shines light on a man whose contribution was essential to Britain's survival and triumph in the Second World War. **The Churchman**, 1896

Literature, 1928 **The Curiously Sinister Art of Jim Flora** Jim Flora, 2007-01-31 Flora was prolific in his commercial work; he created art privately in equal measure, and often with more fiendish pleasure. His style is cartoonish, evoking childhood nostalgia and dereliction of adult responsibility. There are clowns and kitty cats, grinning faces and beaming suns. But Flora did not restrain his darker impulses. His montages are crammed with bullets and knives and fang-baring snakes. Muggers run amok, demons frolic with rouged harlots, and Flora's characters suffer that is, are afflicted by the artist with severe disfigurement. The banal and the violent often coexist within inches of each other on the canvas.
