Hopkins,2014-10-29 My Life in Advertising is an autobiography detailing the life of advertising genius Claude C Hopkins author of the business classic Scientific Advertising This book is not written as a personal history but as a business story The chief object behind every chapter is to offer helpful suggestions to those who will follow his advice As practical as it is interesting My Life in Advertising is a must read book for anyone wanting to understand the secrets of how to sell Many of his strategies and techniques still apply today even for internet marketing **My Life in Advertising** Claude C. Hopkins,1917 This book is not written as a personal history but as a business story I have tried to avoid trivialities and to confine myself to matters of instructive interest The chief object behind every episode is to offer helpful suggestions to those who will follow me And to save them some of the midnight groping which I did One night in Los Angeles I told this story to Ben Hampton writer publisher and advertising man He listened for hours without interruption because he saw in this career so much of value to

beginners He never rested until he had my promise to set down the story for publication He was right Any man who by a lifetime of excessive application learns more about anything than others owes a statement to successors The results of research should be recorded Every pioneer should blaze his trail That is all I have tried to do When this autobiography was announced as a serial many letters of protest came to me Some of them came from the heads of big businesses which I had served Behind them appeared the fear that I would claim excessive credit to the hurt of others pride I rewrote some of the chapters to eliminate every possible cause for such apprehensions

My Life In Advertising - Masters of Marketing Secrets

Robert C. Worstell, Claude C. Hopkins, 2014-04-13 This book is not written as a personal history but as a business story I have tried to avoid trivialities and to confine myself to matters of instructive interest The chief object behind every episode is to offer helpful suggestions to those who will follow me And to save them some of the midnight groping which I did My only claim for credit is that I have probably worked twice as long as anybody else in this field I have lived for many years in a vortex of advertising Naturally I learned more from experience than those who had a lesser chance Now I want that experience so far as possible to help others avoid the same difficult climb Every pioneer should blaze his trail That is all I have tried to do I set down these findings solely for the purpose of aiding others to start far up the heights I scaled Then with the efforts I here describe I hope you can now attain some peaks in advertising beyond any of us to date Claude C Hopkins
