Dennis Chamberland,2005-04-30 The earth has established twin bases on Mars Two competing nations have founded their remote interplanetary outposts on the red planet separated by over two thousand kilometers of alien and hostile desert Without warning communications with the earth are suddenly and inexplicably lost All systematized transmissions from earth have ceased It is as though the earth has disappeared Without warning or explanation the colonists are alone in the universe Survival on Mars is a synthesis of skill intellect courage as well as the most advanced technology ever developed But in no one s blackest nightmare has anyone ever planned on permanently severing all links with the home planet The thin barrier between life and death has just been sliced in two and now the relatively small band of humans are no longer explorers but now they are interplanetary castaways waiting for a rescue that may never come Now there are too many people and there is far too little to go around It soon becomes apparent they would have to fight one another to live war on another planet becomes the only way out Dennis Chamberland s *Abyss of Elysium Mars Wars* is filled with the full sweep of the most dramatic high tech nail biting audacious adventure in the genre Chamberland s style is characterized by a sustained extreme energy high stakes and maximum passion a fusion of the human drama and the technology that links the humans with an alien planet *The Complete Index to Literary Sources in Film* Alan Goble,2011-09-08 No detailed description available for *The Complete Index to Literary Sources in Film* **Catalog of Copyright Entries** Library of Congress. Copyright Office,1968 **Encyclopedia of Television** Horace Newcomb,2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclo pedia of Television 2nd edition website **The Time Healer** Russ Mitchell,2012-05-30 In the year 2024 an ailing eighty year old man stumbles upon the ability to Time travel During his first experience he is transported back to the year 1950 to the Pasture of a farm on the plains of Eastern Colorado There he encounters a six year old boy who to the shock of both of them discovers is himself as a child The Old man soon realizes that he is being guided by an unknown entity Not only has he been given the ability to Time Travel he is also blessed with several abilities and powers Foremost the ability to heal the most deserving of people He uses these powers selflessly for the ultimate achievement of a very special quest this quest being instigated due to a scientific discovery made by a young teenaged boy genius in the year 1960 Due to a certain element created as a side effect of the old mans Time Travel this young genius discovers a method for developing an Artificial Weather System inside a test tube In the year 2024 the planet is on the verge of an environmental meltdown If Things cant be reversed in another twenty years Mankind will cease to exist The Quest therefore is to reverse the future decimation of the planet During this quest he

encounters a myriad of colorful characters each with a heart felt story Wanny his passionate soul mate is always by his side body and soul Only time will tell what can or will be reversed *The Tears of the Rajas* Ferdinand Mount,2015-03-12 The Tears of the Rajas is a sweeping history of the British in India seen through the experiences of a single Scottish family For a century the Lows of Clatto survived mutiny siege debt and disease everywhere from the heat of Madras to the Afghan snows They lived through the most appalling atrocities and retaliated with some of their own Each of their lives remarkable in itself contributes to the story of the whole fragile and imperilled often shockingly oppressive and devious but now and then heroic and poignant enterprise On the surface John and Augusta Low and their relations may seem imperturbable but in their letters and diaries they often reveal their loneliness and desperation and their doubts about what they are doing in India The Lows are the family of the author s grandmother and a recurring theme of the book is his own discovery of them and of those parts of the history of the British in India which posterity has preferred to forget The book brings to life not only the most dramatic incidents of their careers the massacre at Vellore the conquest of Java the deposition of the boy king of Oudh the disasters in Afghanistan the Reliefs of Lucknow and Chitral but also their personal ordeals the bankruptcies in Scotland and Calcutta the plagues and fevers the deaths of children and deaths in childbirth And it brings to life too the unrepeatable strangeness of their lives the camps and the palaces they lived in the balls and the flirtations in the hill stations and the hot slow rides through the dust An epic saga of love war intrigue and treachery The Tears of the Rajas is surely destined to become a classic of its kind *Jet* ,1970-02-05 The weekly source of African American political and entertainment news
