Old Light On Separate Ways:

Native Apostles Edward E. Andrews, 2013-04-01 As Protestantism expanded across the Atlantic most evangelists were not Anglo Americans but were members of the groups that missionaries were trying to convert Native Apostles reveals the way Native Americans Africans and black slaves redefined Christianity and addressed the challenges of slavery dispossession and European settlement *Old Light on Separate Ways* Joseph Fish, **The Indian Great Awakening** Linford D.

Fisher, 2012-06-14 This book tells the gripping story of New England's Natives efforts to reshape their worlds between the 1670s and 1820 as they defended their land rights welcomed educational opportunities for their children joined local white churches during the First Great Awakening 1740s and over time refashioned Christianity for their own purposes **Old**

Light on Separate Ways Joseph Fish, William Scranton Simmons, 1982 Dividing the Faith Richard J. Boles, 2020-12-29 Uncovers the often overlooked participation of African Americans and Native Americans in early Protestant churches Phillis Wheatley was stolen from her family in Senegambia and in 1761 slave traders transported her to Boston Massachusetts to be sold She was purchased by the Wheatley family who treated Phillis far better than most eighteenth century slaves could hope and she received a thorough education while still of course longing for her freedom After four years Wheatley began writing religious poetry She was baptized and became a member of a predominantly white Congregational church in Boston More than ten years after her enslavement began some of her poetry was published in London England as a book titled Poems on Various Subjects Religious and Moral This book is evidence that her experience of enslavement was exceptional Wheatley remains the most famous black Christian of the colonial era Though her experiences and accomplishments were unique her religious affiliation with a predominantly white church was quite ordinary Dividing the Faith argues that contrary to the traditional scholarly consensus a significant portion of northern Protestants worshipped in interracial contexts during the eighteenth century Yet in another fifty years such an affiliation would become increasingly rare as churches were by and large segregated Richard Boles draws from the records of over four hundred congregations to scrutinize the factors that made different Christian traditions either accessible or inaccessible to African American and American Indian peoples By including Indians Afro Indians and black people in the study of race and religion in the North this research breaks new ground and uses patterns of church participation to illuminate broader social histories Overall it explains the dynamic history of racial integration and segregation in northern colonies and states *Hartford's Ann Plato and the Native Borders of Identity* Ron Welburn, 2015-04-21 Who was Ann Plato Apart from circumstantial evidence there's little information about the author of Essays Including Biographies and Miscellaneous Pieces in Prose and Poetry published in 1841 Plato lived in a milieu of colored Hartford Connecticut in the early nineteenth century Although long believed to have been African American herself she may also Ron Welburn argues have been American Indian like the father in her poem The Natives of America Combining literary criticism ethnohistory and social history Welburn uses Plato as an example of how Indians in the Long
