Hamnett, 2002-05-02 Studies in Spanish American regional history have as yet made little attempt to incorporate the struggles for independence within the context of provincial society and politics viewed over the broader period that spans the late colonial and early national experience of Latin America This book attempts a new perspective it emphasises the provincial milieu and popular participation in its varied forms often ambiguous and contradictory The central aim is to examine social conflicts chiefly in the Mexican provinces of Puebla Guadalajara Michoacán and Guanajuato from the middle of the eighteenth century and to assess their relationship to the widespread insurgency of the second decade of the nineteenth century **Professional Journal of the United States Army**, 1980 **U.S. Army Counterinsurgency and Contingency Operations Doctrine, 1942-1976** Andrew James Birtle, 2006 CMH Pub 70 98 1 This study examines the nature of counterinsurgency and nation building missions the institutional obstacles inherent in dealing effectively with such operations and the strengths and weaknesses of U S doctrine including the problems that can occur when that doctrine morphs into dogma **Military Review**, 2006 **The Routledge Handbook of Insurgency and Counterinsurgency** Paul B. Rich, Isabelle Duyvesteyn, 2012-03-15 This new handbook provides a wide ranging overview of the current state of academic analysis and debate on insurgency and counterinsurgency as well as an up to date survey of contemporary insurgent movements and counter insurgencies In recent years and more specifically since the insurgency in Iraq from 2003 academic interest in insurgency and counterinsurgency has substantially increased These topics have become dominant themes on the security agenda replacing peacekeeping humanitarian operations and terrorism as key concepts The aim of this volume is to showcase the rich thinking that is available in the area of insurgency and counterinsurgency studies and act as a further guide for study and research In order to contain this wide ranging topic within an accessible and informative framework the Editors have divided the text into three key parts Part I Theoretical and Analytical Issues Part II Insurgent Movements Part III Counterinsurgency Cases The Routledge Handbook of Insurgency and Counterinsurgency will be of great interest to all students of insurgency and small wars terrorism counter terrorism strategic studies security studies and IR in general as well as professional military colleges and policymakers Quarterly Review of Military Literature, 1980 A History of Counterinsurgency Gregory Fremont-Barnes, 2015-05-05 This two volume history of counterinsurgency covers all the major and many of the lesser known examples of this widespread and enduring form of conflict addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which
