Communication Skills for Effective Management Owen Hargie, David Dickson, Dennis Tourish, 2017-03-14 It is now widely recognized that communication is at the very heart of effective management There is therefore an ever expanding demand for valid and generalizable information on how best to relate to people in organizational contexts Communication Skills for Effective Management meets this demand It demonstrates how for managers to be successful they need to employ a range of key communication skills styles and strategies The contents are based upon the authors considerable experiences of researching

teaching and consulting in a range of private and public sector organisations From their academic and real world involvement they have identified the core skills of effective management presented in an academically rigorous yet student friendly way the reader is encouraged to interact with the material covered Each chapter contains a series of boxed text diagrams tables and illustrations which summarise core points Exercises are also provided to enable managers to put the material reviewed into practice All of this is underpinned and supported by a firm foundation of research findings This will be an excellent text for undergraduate business and management students studying business communication and MBA students Practising managers will also find this book to be an invaluable resource Community Practice David A.

Hardcastle, Patricia R. Powers, Stanley Wenocur, 2004 Community Practice is a comprehensive resource for social workers and students eager to learn how to practice effectively in complex systems and diverse communities In this completely revised edition of the definitive text in the field the authors have thoroughly updated each chapter and added two entirely new chapters on community building and community organizing New material on topics such as negotiation and mediation community advocacy participatory rural appraisal the narrative approach to social change community involvement representative client boards and the latest in grassroots endeavors make this text as inspiring as it is practical Drawing upon the wealth of information available from local organizations the Internet newspapers and academic journals the authors introduce contemporary experiments and analyze classic modes of community practice and change The content exercises and references offer instructors the flexibility necessary to tailor their courses to undergraduate graduate and doctoral level students This new edition will continue to provide a comprehensive and integrated overview of the theory and skills fundamental to all areas of social work practice Broad in scope it offers students as well as practitioners the tools necessary to promote the welfare of individuals and communities **Vital coalitions, vital regions** Ina Horlings, 2023-09-04

Many rural regions in Europe are undergoing a dynamic transition driven by forces of urbanisation and agricultural development new patterns of production and consumption and new societal demands However while the historical rural urban divide is eroding rural landscapes are becoming more important to people for leisure recreation and personal orientation The complex processes affecting rural areas are proving difficult for the current institutions to manage The challenge is to find ways to create new capacity to act and get sustainable initiatives off the ground initiatives that are now often smothered or constrained by the institutional context This book bridges the gap between theory and practice to explore the conditions required to enable a transition towards sustainable regional development It analyses experiences in eight regions in the Netherlands where different regional strategies have been pursued the development of new markets rural services and linkages between producers and consumers spatial designs regional branding and new alliances between agricultural sectors and other sectors The authors argue that specific forms of networks called vital coalitions have the ability to foster better regional co operation and identify the crucial requirements for vital co operation These include the presence of leaders of

change agenda setting processes coalition building and supportive government authorities The book is of value to all those interested or involved in rural and regional development professionals policy makers scientists and students *Emerging Dimensions of Technology Management* K B Akhilesh,2013-02-12 Technology is the key driver of business May it be airport ICT smart governance manufacturing or plantations Technology management opens up opportunities for the business and help achieve leadership positions This collection of papers provides a glimpse of issues faced in different sectors These papers also should inspire more researchers to expand the scope of the subject itself *Policy That Works for Forests and People* James Mayers,2013-06-17 Since its original publication by the International Institute for Environment and Development in 1999 Policy That Works for Forests and People has been recognised as the most authoritative study to date of policy processes that affect forests and people Providing a thorough analysis of the issues options and factors that determine different outcomes and bolstered by a major annex containing tools and tactics the book offers clear and practical advice on how to formulate manage and implement policies appropriate to different contexts These are policies that result in real improvements in the governance use and economic benefits that can flow from forests to those who depend upon them This book is essential reading for policy makers forestry practitioners and academics and students in all areas of forest policy management and governance
