Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field *Shepherding God's People* Siang-Yang Tan, 2019-07-16 This comprehensive textbook on pastoral ministry for pastors church leaders and students articulates a biblical model for shepherding God's people Written by a leading psychologist and seminary professor who has served as a pastor for more than two decades the book covers twelve major areas of pastoral ministry highlights the essential work of the Holy Spirit and focuses on the personal and family life of the pastor It includes cross cultural perspectives of special interest in our diverse world and a foreword by John Ortberg **Exposing the Elephants** Pamela J. Wilcox, 2006-11-10 Go Beyond Business As Usual with Your Nonprofit At last the real truth about nonprofit management In Exposing the Elephants Wilcox reveals the pesky pachyderms that block our way to full effectiveness How often have we grumbled that just because you're a insert profession here it doesn't mean you know how to run a nonprofit With clarity passion and sly humor Wilcox validates that perspective and many others but doesn't let us get away with just accepting the presence of the elephant in the room

Wilcox summarizes complex issues using recognizable examples and then offers sensible strategies for resolving them. Ultimately she gives us permission to do the right things. I love this book and I can't wait to start implementing the elephant solutions. Nancy Perkin Beaumont, CAE Executive Director, Society of American Archivists. Before I finished reading *Exposing the Elephants*, I met with my key staff to talk about what we must change. I also shared what I learned from reading the book with a friend who sits on several different types of boards. Wilcox says it like it is and it needs to be said in every nonprofit organization. Julie Donovan, Executive Director, Habitat for Humanity, Lake County, Illinois. A remarkably candid, fresh, and witty analysis of the challenges inherent in managing nonprofits. Insightful and pragmatic solutions to overcoming the white elephants so prevalent in the nonprofit culture. A must read for every nonprofit CEO and board member. Dick Yingst, President, CEO Financial Managers Society, Chicago, Illinois. Pam Wilcox is willing to say the things that nonprofit professionals often do not wish to hear. She reveals through clear language and flowing style the significant barriers that nonprofits face and need to remove for not just success but also excellence. Unlike many authors who point out what is wrong with nonprofits, Wilcox shows us the way to tackle our most intractable issues and move to excellence. This book should be read by any and everyone involved in the nonprofit sector. Katrina S. Rogers, PhD, Associate Dean, Research and Practice, Director, Center for Innovation in the Nonprofit Sector, Fielding Graduate University.
