A Guide to

Educational Research Peter Gordon, 2014-01-14 This account of development in educational research is intended as a guide to possible research areas both fundamental and policy related for students in colleges and higher education institutions and should also be of interest to those engaged in curriculum planning and administration

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07 Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church As a result Christian education remains one of the largest and oldest continuously functioning educational systems in the world comprising both formal day schools and higher education institutions as well as informal church study groups and parachurch ministries in more than 140 countries In The Encyclopedia of Christian Education contributors explore the many facets of Christian education in terms of its impact on curriculum literacy teacher training outcomes and professional standards This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy home schooling Sunday schools women s education graded schools compulsory education of the deaf and blind and kindergarten With an editorial advisory board of more than 30 distinguished scholars and five consulting editors The Encyclopedia of Christian Education contains more than 1 200 entries by 400 contributors from 75 countries These volumes covers a vast range of topics from Christian education History spanning from the church s founding through the Middle Ages to the modern day Denominational and institutional profiles Intellectual traditions in Christian education Biblical and theological frameworks curricula missions adolescent and higher education theological training and Christian pedagogy Biographies of distinguished Christian educators This work is ideal for scholars of both the history of Christianity and education as well as researchers and students of contemporary Christianity and modern religious education

The Life Story, Domains of Identity, and Personality Development in

Emerging Adulthood Michael W. Pratt, M. Kyle Matsuba, 2018 The Life Story Domains of Identity and Personality Development in Emerging Adulthood focuses on individuals formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood In this book authors Michael W Pratt and M Kyle Matsuba present a series of chapters exploring how one s life story manifests across the many components of their developing identity including their religion morality vocation society and the relationships they have with their parents peers and romantic partners Taking their cue from Erik Erikson s model of adolescent and adult development the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual s personality and development during this formative phase of life Organized around a set of life contexts where

personality is manifested i e adjustment personal ideology close relationships occupation and civic life this book draws on the authors own longitudinal research on the development of the life story in emerging adulthood Throughout the book they incorporate fascinating case studies and historical examples e g Darwin Pope Francis Martin Luther King Jr Jane Fonda of individuals unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context Human Behavior for Social Work Practice, Second Edition Wendy L.

Haight,Edward H. Taylor,2013-07-01 Contemporary social workers continue to face growing challenges of complex and diverse issues such as child maltreatment poverty unemployment oppression violence mental illness and end of life care across varied contexts Wendy L Haight and Edward H Taylor present their book Human Behavior for Social Work Practice Second Edition as a core text that will help students implement a consistent framework through which to approach multifaceted social issues in any environment whether it be in inner city schools or rural nursing homes with individuals of different ages ethnicities and socioeconomic status Human Behavior for Social Work Practice Second Edition uses the developmental ecological systems perspective as an analytic tool to show students how social scientific evidence helps us understand human development and enhances social work practice Students will learn that by effectively connecting theory to practice they can develop successful strategies to use as they encounter complex issues currently facing social workers The authors have reorganized and expanded this new edition to better illustrate developmental thinking in social work practice throughout the lifespan This book also now includes special topic chapters on human brain development and the increasing relevance of neuroscience to social work practice as well as important social justice issues specific to race and gender that occur throughout the lifespan Also new to this edition Haight and Taylor have developed instructor s materials that can be tailored to include the social work experience of the instructor It is comprehensive so that no additional resources are needed and it is dynamically structured so information can be added where relevant to the course material

The Oxford Handbook of Reciprocal Adult Development and Learning Carol Hoare,2011-09-06 One of the Best Books of 2011 from the Center for Optimal Adult Development The fields of adult development and the study of learning have traditionally been considered separate with development falling under psychology and learning under education However recent ideas research and practices that have emerged in these fields of study effectively emphasize the inherent reciprocal relationship that exists between them advances in development frequently lead to learning and conversely learning almost necessarily fuels development In this second edition of The Oxford Handbook of Reciprocal Adult Learning and Development the synchronicity between development and learning is explored further as expert authors advance the latest theories to provide a rich foundation for this new area of study and practice for this interrelated field of study At the border of two disciplines this handbook focuses on the capacities of intelligence meta cognition insight self efficacy spirituality interpersonal competence wisdom and other key adult attributes as they relate to positive changes and personal growth in

adults Contexts for development and learning e.g the work role and environment are also addressed and mixed in throughout the volume are emanating implications for research practice and policy What emerges is a thoughtful handbook for all who promote optimal aging and is a must read for academics psychologists and practitioners in adult development The Oxford Handbook of Religion and Education Liam Francis Gearon,Arniika Kuusisto,2025-04-29 The Oxford Handbook of Religion and Education offers a multi disciplinary work of scholarship and research highlighting the global significance of a critical interface of cultural and social political and theological importance Drawing on historical perspective and contemporary reflection the collection provides a uniquely transformative analysis of why the interface of religion and education is of such critical significance With contributions from some of the leading thinkers in the field this Handbook presents a cumulatively powerful argument to reassess the complexities of the intersection of religion and education With ambitious and yet accessible intellectual engagements the Handbook here furthers a central thesis that the interface of religion and education is not merely a matter of arcane disputation about a domain of ancient origin or a rudimentary matter of formal educational process but a vibrant domain of critical contestation fundamental to knowing understanding and living in the modern world

Religion and Spirituality for Diverse Women Thema Bryant-Davis, Asuncion Miteria Austria, Debra M. Kawahara, Diane J. Willis Ph.D., 2014-09-30 This collection of essays considers the role of spirituality and religion in the lives of American women from various ethnic backgrounds showing how faith empowers those in populations often marginalized in the United States Religion and spirituality are sources of strength and resilience for many women particularly ethnically diverse women This thought provoking text examines this psychological trend exploring the specific ways in which women from diverse backgrounds have benefited from their faith traditions the various spiritual pathways they have chosen and the impact of those choices on their lives Essays in this informative compilation show how women from African American Latina American Indian Asian American and Caucasian backgrounds recover from difficulties and traumas with the help of their faith Contributors consider why women are more likely to endorse religious engagement than men why ethnically marginalized women tap into spirituality for comfort more than any other population and why many believers embrace religion as a coping mechanism throughout their lives from adolescence to older adulthood The work suggests ways for counselors leaders and religious figures to utilize this knowledge to bolster the well being of those they serve

Human Behavior for Social Work Practice Wendy L. Haight, Edward H. Taylor, Ruth Soffer-Elnekave, 2020-04-15 Featuring an interdisciplinary developmental ecological systems framework Human Behavior for Social Work Practice Third Edition helps students implement a consistent system through which to approach multifaceted social issues in any environment Students will learn that by effectively connecting theory to practice they can develop successful strategies to use as they encounter complex issues currently facing social workers whether it be in inner city schools or rural nursing homes with individuals of different ages ethnicities and socioeconomic status

[Social constructionism and theology \[electronic resource\]](#) Chris A. M. Hermans, 2002 Practical theology starts its theological reflections from practices aims at analyzing empirically practices and is directed towards the transformation of these practices From this practice orientation there is a strong connection between practical theology and the social sciences Social constructionism is a growing theory within the social sciences This volume offers a theological and social scientific
