The Mother of the Lord Margaret Barker, 2012-11-29 Margaret Barker traces the veneration of the Mother of the Lord back to the Old Testament and a female deity in the first Jewish temple Interpretation of Scripture, The Fitzmyer, Joseph A., SJ, 2008 This book seeks to establish the properly oriented use of the historical critical method as the mode of ascertaining the sense of the written Word of God For Us, but Not to Us Adam E. Miglio, Caryn A. Reeder, Joshua T. Walton, Kenneth C. Way, 2020-10-02 John H Walton is a significant voice in Old Testament studies who has influenced many scholars in this field as well as others This volume is an acknowledgment from his students of Walton's role as a teacher scholar and mentor Each essay is offered by scholars and former students working in a range of fields from Old and New Testament studies to archaeology and theology They are offered as a testimony and tribute to Walton's prolific career *The Body as Property* Sandra Jacobs, 2014-04-24 The Body As Property indicates that physical disfigurement functioned in biblical law to verify legal property acquisition when changes in the status of dependents were formalized It is based on the reality the cuneiform script in particular was developed in Sumer and Mesopotamia for the purpose of record keeping to provide legal proof of ownership where the inscription of a tablet evidenced the sale or transfer of property Legitimate property acquisition was as important in biblical law where physical disfigurements marked dependents in a similar way that the veil or the head covering identified a wife or concubine in ancient Assyrian and Judean societies This is primarily substantiated in the accounts of prescriptive disfigurements namely circumcision and the piercing of a slave's ear both of which were required only when a son or slave was acquired permanently It is further argued that legal entitlement was relevant also to the punitive disfigurements recorded in Exodus 21 22 24 and Deuteronomy 25 11 12 where the physical violation of women was of concern solely as an infringement of male property rights *Ugarit at Seventy-Five* K. Lawson Younger, 2007 In the spring of 1928 a Syrian farmer was plowing on the Mediterranean coast near a bay called Minet el Beida His plow ran into a stone just beneath the surface When he examined the obstruction he found a large man made flagstone that led into a tomb in which he found some valuable objects that he sold to a dealer Little did he know what he had discovered In April of 1929 C F A Schaeffer began excavation of the tombs but a month later he moved to the nearby tell of Ras Shamra On the afternoon

of May 14 the first inscribed clay tablet came to light thus the beginnings of the study of Ugarit and the Ugaritic language Seventy five years have passed and the impact of this extraordinary discovery is still being felt Its impact on biblical studies perhaps has no equal In February 2005 some of the preeminent Ugaritologists of the present generation gathered at the Midwest Regional meetings of the American Oriental Society to commemorate these 75 years by reading the papers that are now published in this volume The first five essays deal with the Ugaritic texts while the last three deal with archaeological or historical issues

King Manasseh and Child Sacrifice Francesca Stavrakopoulou, 2012-10-24 The Hebrew Bible portrays King Manasseh and child sacrifice as the most reprehensible person and the most objectionable practice within the story of Israel This monograph suggests that historically neither were as deviant as the Hebrew Bible appears to insist Through careful historical reconstruction it is argued that Manasseh was one of Judah's most successful monarchs and child sacrifice played a central role in ancient Judahite religious practice The biblical writers motivated by ideological concerns have thus deliberately distorted the truth about Manasseh and child sacrifice

A Dictionary of the Ugaritic Language in the Alphabetic Tradition (2 vols) Gregorio del Olmo Lete, Joaquín Sanmartín, 2015-02-04 As any dictionary of a dead language the present aims to indicate the stage reached by the Ugaritic consonantal lexicography and to serve as a reference work This edition includes the whole of the new discovered materials

Layout Markers in Biblical Manuscripts and Ugaritic Tablets M.C.A. Korpel, Joseph Oesch, 2021-12-28 Series Pericope 5 Scripture as written and read in antiquity A lucid delimitation of textual units appears to have been a serious concern of ancient scribes In this fifth volume of the Pericope series this is demonstrated in the papers read at the Fourth Pericope Meeting held in connection with the SBL International Meeting at Cambridge 2003 For the first time articles on text division in New Testament manuscripts are included one on the pericope markers in some relatively early manuscripts especially papyri as well as in the four major codices and another article on Codex Bezae Cantabrigiae and papyrus 46 of the letters of Paul Other topics discussed are the setumot and petuchot in Numbers and Amos and the special phrases preceding or following them Is it possible to get more insight in the way the ancient scribes put in the spaces and blank lines in their manuscripts Furthermore the divisions made by Jerome in his commentary on the Book of Isaiah are investigated and the question about the frame story of the Book of Job is it prose or poetry The structural unity of Micah 6 is discussed resulting in some challenging proposals to resolve old exegetical problems The structure of Zechariah 4 is illuminated by data from ancient manuscripts and compared to modern divisions of the chapter Finally a study on physical division markers in ritual texts from Ugarit Babylonia and Israel reveals a long standing tradition of fixed liturgical sequences in the cult The Pericope series aims at making available data on unit delimitation found in biblical and related manuscripts to the scholarly world and provides a platform for evaluating this hitherto largely neglected evidence for the benefit of biblical interpretation
