

"We started it exactly 17th, as planned. The last notes of the
 (The Ring to be recorded were the last notes of Wotan. In
 the central note we stood hands and although I do not remember
 the last of us not smiling. I am sure that our thoughts went to the
 same direction, taking us back to an incident to that afternoon in
 September 1914 when the Rheingold I had played first sounded
 in the Nibelungen. It seemed like fifteen years ago, the time of the
 Ring cycle, instead of seven years, but it was all there at last, the
 the present and future generations to judge. 'Die Ende' Homer
 said, as he came in, quoting from his Art Two monologue, 'Die
 Ende'."

I was in the empty hall. The orchestra had gone. Looking
 up at me by open rings in the dimmed lights I could see one
 those Rheingolden Ring here and there pointed by Nibel-
 ungen in the opening scene of Rheingold; Flageolet in a big
 person too, remembering with Wotan; the eighteen bells and
 the wailing children, Sieles and Wodgessen singing the
 record in Act One of Siegfried, and Father that in his little room
 at the back. I thought of Christa Ludwig at Wotan in the
 quote to Brunnhilde with such quiet intensity in Act One of
 Götterdämmerung. "So wie es, sagt Ihre Wirt..."; the
 sound of Parsifal's horn in Act Two, and Fick's black Hagen, and
 Fick's Hagen when the Blotbrüder's motive rings out in
 the tower, the death of Siegfried, so nobly sung by Wodgessen,
 and the mysterious singing of Nibel in the Immolation scene.
 And I thought of Homer, the incomparable Homer, who had
 just a few moments ago sung 'Ihre Ende' and 'Ihre die Frau, die
 from an ich, die Götter' with such nobility and sorrow at such
 human disaster.

I thought of both, working himself to exhaustion, never losing
 his patience and yet never making an artistic compromise. I
 thought of my colleagues, and of all those in London and Zurich
 who had helped and supported us over the years, who had let us
 have our back and granted us the money and the conditions not
 just to make a recording of the Ring, but to do the job properly
 to the best of our abilities.

Standing in the empty hall at the end of the last Wotans
 music, with memories swirling all around us, we felt a strange
 mixture of sadness and pleasure. For better or worse, it was over.
 For seven years it had been a major part of our lives, and it would
 not come our way again."

Ring Resounding:

Ring Resounding John Culshaw, 2005 It took eight years to record Wagner's Ring for the first time The recording producer tells the story of how this grew from a wild imaginative idea into a mammoth project moving through crisis and chaos to triumph He also talks about the Vienna Philharmonic Orchestra and the great singers who were involved in the project Ring Resounding John Culshaw, 1967 Ring Resounding John Culshaw, 1972 **Ring Resounding** John Culshaw, 2012-10-18 Nothing in the history of recording approaches Decca's mammoth venture in producing Wagner's Ring complete for the first time It was eight years in the making and this book tells the story of how it was made and the people who made it written by the man who as the recording producer was in charge of the whole project Conducted by the great Georg Solti Decca's recording has been voted the best recording ever made All the celebrated Wagner singers of their age take their places in the story including Birgit Nilsson Kirsten Flagstad Hans Hotter Dietrich Fischer Dieskau Gottlob Frick and Wolfgang Windgassen The recording was made in Vienna with the Viennese Philharmonic Orchestra and Culshaw displayed extraordinary dedication to Wagner's musical requirements and to putting into practice his own belief that a stereo recording could create a theatre of the mind This is the story of how the recording evolved and how it frequently almost came to grief More than that it is the story of how a new medium recorded opera in stereo reached fulfilment and how this ground breaking recording became seen as the highly influential gold standard for the future *Billboard*, 1967-11-11 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **LIFE**, 1972-08-04 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use The Musical Work Michael Talbot, 2000-01-01 Like literature and art music has works But not every piece of music is called a work and not every musical performance is made up of works The complexities of this situation are explored in these essays which examine a broad swathe of western music From plainsong to the symphony from Duke Ellington to the Beatles this is at root an investigation into how our minds parcel up the music that we create and hear *Official Gazette of the United States Patent Office* United States. Patent Office, 1908 The ^AOxford Handbook of the Operatic Canon Cormac Newark, William Weber, 2020-08-20 The Oxford Handbook of the Operatic Canon examines how opera has become the concrete edifice it was never meant to be by looking at how it evolved from a market entirely driven by novelty to one of the most arthritically canonic art forms still in existence **The Vinyl Countdown** Travis Elborough, 2009-03-31 VINYL MAY BE FINAL NAIL IN CD'S COFFIN ran the headline in a Wired magazine article in October 2007 Ever since the arrival of the long playing record in 1948 the album has acted as the

soundtrack to our lives Record collections even on a CD or iPod are personal treasures revealing our loves errors in judgment and lapses in taste In *The Vinyl Countdown* Travis Elborough explores the way in which particular albums are deeply embedded in cultural history or so ubiquitous as to be almost invisible While music itself has experienced several different movements over the past sixty years the album has remained a constant But the way we listen to music has changed in the last ten years In the age of the iPod when we can download an infinite number of single tracks instantaneously does the concept of the album mean anything Elborough moves chronologically through relevant periods letting the story of the LP certain genres youth cults and topics like sleeve designs shops drugs and education unfurl as he goes along *The Vinyl Countdown* is a brilliant piece of popular history an idiosyncratic tribute to a much loved part of our shared consciousness and a celebration of the joy of records

Beyond the Score Nicholas Cook,2013 In *Beyond the Score* Music as Performance author Nicholas Cook supplants the traditional musicological notion of music as writing asserting instead that it is as performance that music is loved understood and consumed This book reconceives music as an activity through which meaning is generated in real time as Cook rethinks familiar assumptions and develops new approaches Focusing primarily but not exclusively on the Western art tradition Cook explores perspectives that range from close listening to computational analysis from ethnography to the study of recordings and from the social relations constructed through performance to the performing and listening body In doing so he reveals not only that the notion of music as text has hampered academic understanding of music but also that it has inhibited performance practices placing them in a textualist straightjacket *Beyond the Score* has a strong historical emphasis touching on broad developments in twentieth century performance style and setting them into their larger cultural context Cook also investigates the relationship between recordings and performance arguing that we do not experience recordings as mere reproductions of a performance but as performances in their own right *Beyond the Score* is a comprehensive exploration of new approaches and methods for the study of music as performance and will be an invaluable addition to the libraries of music scholars including musicologists music theorists and music cognition scholars everywhere
