,1986 *African American Authors, 1745-1945* Emmanuel S. Nelson,2000-01-30 There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson s *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography **African-American Writers** Philip Bader,2014-05-14 African American authors have consistently explored the political dimensions of literature and its ability to affect social change African American literature has also provided an essential framework for shaping cultural identity and solidarity From the early slave narratives to the folklore and dialect verse of the Harlem Renaissance to the modern novels of today *Paddy Platypus And The Ring-Tail Squatteroo* Tom de Paolo,2012-10-19 This is the heart warming story of Rollo the Ring Tail Squatteroo who is trying to find another like himself Paddy Platypus the star of the children s book series and his friends try to help him in his search with not much luck In the end Rollo discovers with the help of The Mugwump an all knowing seer that being the one and only of his kind is not so bad He is The One and Only Ring Tail Squatteroo *The Cambridge History of American Literature: Volume 6, Prose Writing, 1910-1950* Sacvan Bercovitch,Cyrus R. K. Patell,1994 Volume 6 of *The Cambridge History of American Literature* explores the emergence and flowering of modernism in the United States David Minter provides a cultural history of the American novel from the lyric years to World War I through post World War I disillusionment to the consolidation of the Left in response to the mire of the Great Depression Rafia Zafar tells the story of the Harlem Renaissance detailing the artistic accomplishments of such diverse figures as Zora Neal Hurston W E B Du Bois Langston Hughes Nella Larsen and Richard Wright Werner Sollors examines canonical texts as well as popular magazines and hitherto unknown immigrant writing from the period Taken together these narratives cover the entire range of literary prose written in the first half of the twentieth century offering a model of literary history for our times focusing as they do on the intricate interplay between text and context **California Riparian Systems** Richard E. Warner,Kathleen M. Hendrix,2023-11-15 In California s semi arid environment the narrow lush strips of riparian habitats that border

watercourses springs and seeps are critical ecosystems supporting a remarkable abundance of plant and animal life These rich environments once thrived across the state from the Central Valley to the deserts of the Great Basin providing essential habitats for wildlife and acting as vibrant corridors in otherwise dry landscapes However over time the expansion of agriculture and development has drastically altered these ecosystems Today less than 10 percent of the original riparian vegetation remains with much of it degraded through logging grazing and water diversion This volume explores the unique ecological importance of California s riparian systems discussing the delicate balance between productive land use and the conservation of these critical habitats California Riparian Systems brings together the latest research and insights from experts in ecology conservation and land management to provide a comprehensive look at the challenges facing these fragile ecosystems The book highlights the essential role riparian systems play in supporting diverse wildlife from the Yellow billed Cuckoo and Bell s Vireo which nest exclusively in riparian thickets to aquatic mammals reptiles amphibians and fish that depend on the shelter and food provided by streamside vegetation With growing public awareness and appreciation of the beauty and value of these areas this volume serves as both a call to action and a guide for sustainable management offering strategies to preserve and protect California s riparian systems while balancing agricultural and economic needs This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984

Time of Grace Ken Lamberton, 2015-11-01 I hole up in my own cozy cubicle and write considering ways to make the approaching Thanksgiving holiday not just another day in this place In prison hope faces east time is measured in wake ups Time of Grace is a remarkable book written with great eloquence by a former science teacher who was incarcerated for twelve years for his sexual liaison with a teenage student Far more than a prison memoir it is an intimate and revealing look at relationships with fellow humans and with the surprising wildlife of the Sonoran Desert both inside and beyond prison walls Throughout Ken Lamberton reflects on human relations as they mimic and defy those of the natural world whose rhythms calibrate Lamberton s days and years behind bars He writes with candor about his life while observing desert flora and fauna with the insight and enthusiasm of a professional naturalist While he studies a tarantula digging her way out of the packed earth and observes Mexican freetail bats sailing into the evening sky Lamberton ruminates on his crime and on the wrenching effects it has had on his wife and three daughters He writes of his connections with his fellow inmates some of whom he teaches in prison classes and with the guards who control them sometimes with inexplicable cruelty And he unflinchingly describes a prison system that has gone horribly wrong a system entrapped in a self created web of secrecy fear and lies This is the final book of Lamberton s trilogy about the twelve years he spent in prison Readers of his earlier books will savor this last volume Those who are only now discovering Lamberton s distinctive voice part poet part

scientist part teacher and always deeply achingly human will feel as if they are making a new friend Gripping sobering and beautifully written Lamberton s memoir is an unforgettable exploration of crime punishment and the power of the human spirit *The Texan Star: The Story of a Great Fight for Liberty* Joseph Alexander Altsheler, 2020-09-28
