Queer Constellations Dianne Chisholm, *Queer Constellations* investigates the dreams and catastrophes of recent urban history viewed through new queer narratives of inner city life The gay village gay mecca gai Paris the lesbian flaneur the lesbian boheme these and other urban phantasmagoria feature paradoxically in this volume as figures of revolutionary utopia and commodity spectacle as fossilized archetypes of social transformation and ruins of haunting cultural potential Dianne Chisholm introduces readers to new practices of walking seeing citing and remembering the city in works by Neil Bartlett Samuel Delany Robert Gluck Alan Hollinghurst Gary Indiana Eileen Myles Sarah Schulman Edmund White and David Wojnarowicz Reading these authors with reference to the history sociology geography and philosophy of space particularly to the everyday avant garde production and practice of urban space Chisholm reveals how and how effectively queer narrative documentary resembles and reassembles Walter Benjamin's constellations of Paris capital of the nineteenth century Considering experimental queer writing in critical conjunction with Benjamin's city writing the book shows how a queer perspective on inner city reality exposes contradictions otherwise obscured by mythic narratives of progress If Benjamin regards the Paris arcade as a microcosm of high capitalism wherein the unmaking of industrial society is perceived retrospectively in contemporary queer narrative we see the sexually charged and commodity entranced space of the gay bathhouse as a microcosm of late capitalism and as an exemplary site for excavating the contradictions of mass sex In Chisholm's book we discover how looking back on the ruins of queer mecca queer authors return to Benjamin to advance his dialectics of seeing how they cruise the paradoxes of market capital blasting a queer era out of the homogeneous course of history

Queer Style Adam Geczy, Vicki Karaminas, 2013-08-29 *Queer Style* offers an insight into queer fashionability by addressing the role that clothing has played in historical and contemporary lifestyles From a fashion studies perspective it examines the function of subcultural dress within queer communities and the mannerisms and messages that are used as signifiers of identity Diverse dress is examined

The Routledge International Handbook of Deindustrialization Studies is a timely volume that provides an overview of this interdisciplinary field that emerged in response to the widespread decline of manufacturing and heavy industry from the 1980s onward. Edited by prominent figures in the field, the volume brings together many of the leading scholars from a range of countries across the globe to offer a multifaceted overview of deindustrialization and its impact. Deindustrialization has been cited as one of the factors behind the rise of the far right and to a lesser extent the far left across Europe, the rise and success of Trumpism in the US, and the Brexit vote, as well as the more recent and sudden erosion of UK Labour's Red Wall of the North of England. This collection brings together scholars of deindustrialization around the globe and from a wide variety of academic disciplines including history, sociology, politics, geography, economics, anthropology, literature, arts, practice, photography, heritage, and cultural studies. In doing so, the volume explores the roots of deindustrialization across the world, highlights the key themes and issues in the field, illustrates the intersectional and interdisciplinary character of the field, and shows how deindustrialization lies at the heart of many of the key political, cultural, social, and economic issues of our time. Written in a clear and accessible style, the Handbook is a comprehensive interdisciplinary volume for this young but maturing field. The volume is a valuable resource for students, teachers, and researchers interested in industrial decline, closure, and the multifaceted impacts they cause. It speaks to readers across the arts, humanities, and social and political sciences concerned with deindustrialization broadly defined. Pure Jared Stearns, 2024-04-22

The untold story of the world's most famous X-rated star who rose to fame as the face of Ivory Snow and the star of *Behind the Green Door* but struggled to find her true self in a world of sex scandal and shattered dreams. Marilyn Chambers was the embodiment of the free-spirited Seventies: the world's most famous X-rated star and an unappreciated talent whose work in adult films hindered her dreams of becoming a serious actress. Raised in an affluent Connecticut suburb, Marilyn catapulted to fame when it was learned that not only had she starred in the groundbreaking X-rated film *Behind the Green Door* but was also the model on the box of Ivory Snow laundry detergent. Product tagline: 99.44% 100% Pure. Marilyn was the first woman known primarily for her work in adult films to cross over to mainstream entertainment. She sustained a versatile three-decade career in entertainment, including roles in dramatic plays, a Broadway musical, a revue, her own television show, and the lead role in David Cronenberg's film *Rabid*. But her success in adult films also proved to be her undoing. Marred by a violent relationship with her abusive husband, manager Chuck Traynor, she developed the persona of a twenty-four-hour-a-day sex star. In the process, she lost her sense of self and spent much of her life searching for her true identity. With recollections from family and friends,

many of whom have never spoken publicly along with Marilyn's own words and never before published photos Jared Stearns vividly captures the revolutionary career of one of the twentieth century's most misunderstood icons
