Porridge Richard Weight,2020-02-06 Norman Stanley Fletcher you have pleaded guilty to the charges brought by this court and it is now my duty to pass sentence Those words spoken by a judge to the show s hero in the title sequence of every

Porridge episode are among the most famous in British comedy and they remind viewers that this is no ordinary TV sitcom. The first situation comedy anywhere in the world to be set in a prison, Porridge is about men being punished for crimes committed against the same sort of people who are watching the show. Millions of hard working Britons were fans, many of them anxious about rising crime and worried that burglars would steal the TV set they were watching it on. Yet they still settled down at 8.30pm on Friday nights between 1974 and 1977 to watch a series that celebrates the sometimes pathetic, often ingenious recidivism of a group of social misfits who by their own admission are failed citizens. How did such a comedy come to be seen as part of a golden age of British sitcom without ever losing its edge to nostalgia? Crime like sex sells. But Porridge did not romanticise villainy. Written by Dick Clement and Ian La Frenais, it's a satire of class consciousness and power warmed by a humanistic celebration of men on the margins of society. Its heroes are weak, inadequate misfits, not tough, glamorous gangsters. Porridge was a success because the essence of situation comedy is confinement: characters in this format are people who feel trapped and thwarted by circumstances beyond their control. This therefore is the ultimate sitcom. Richard Weight's entertaining study of this much loved classic places Porridge in the context of 1970s social upheavals, explores how the series satirises structures of class and authority through Fletch and Godber's battles to outwit the prison officers Mr Mackay and Mr Barrowclough, and traces its influences on TV comedy that followed.

Code: Damp
Sophie Sleigh-Johnson, 2024-11-12 An alternative occult and esoteric history of England told through one of its most popular cultural

forms the comedy sitcom Code Damp is a sometimes comedic field report that charts an esoteric code hidden within the twin poles of 1970s sitcoms Rising Damp and The Fall and Rise of Reginald Perrin Outlining how past cultural patterns condensate and repeat through technology time is shown to be a damp condensation seeping through the centuries and out onto the telly Interspersed with the author's own photographs prints Holsten Pils cans local newspaper entries and carrier bags as well as a whole host of other characters the work seems an antiquarian's conceit that takes time travel as a metaphoric methodology This is not media studies more an allegory of all reality as tele visual recorded history excavating the strata of haunted technology from which the fragile band of code comprising our sense of time is briefly emitted Drawing connections between incidents of ancient and popular culture from Mark E Smith's lyric They say damp records the past to Rising Damp's meta physical structure of decay the book finds damp's temporal power manifest in everything from alchemy mysticism and parish folklore to pulp Time Team darts the local newspaper and of course the sitcom Merging the vast with the parochial the occult with the comedic Code Damp tunes into the weird demands of damp as a time traveling material at the intersections of comedy myth and technology taking all three as serious resources to better dis orient the ground we stand on
