and spirituality Tibet's story is rich with tradition and filled with promise It begins with the Bodhisattva Chenrizi The Holy One whose spirit many Tibetans believe resides within the Dalai Lama We learn the origins of Buddhism and about the era of Great Tibetan Emperors whose reign stretched from southwestern China to Northern India His Holiness introduces us to Tibet's greatest yogis and meditation masters and explains how the institution of the Dalai Lama was founded Laird explores with His Holiness Tibet's relations with the Mongols the Golden Age under the Great Fifth Dalai Lama Tibet's years under Manchu overlords modern independence in the early twentieth century and the Dalai Lama's personal meetings with Mao just before His Holiness fled into exile in 1959 The Story of Tibet is a tenderly crafted study that is equal parts love letter traditional history and oral history Publishers Weekly Captivating reading Tricycle *Mindscaping the Landscape of Tibet* Dan Smyer Yü, 2015-03-30 Based on the author's cross regional fieldwork archival findings and critical reading of memoirs and creative works of Tibetans and Chinese this book recounts how the potency of Tibet manifests itself in modern material culture concerning Tibet which is interwoven with state ideology politics of identity imagination nostalgia forgetting remembering and earth inspired transcendence The physical place of Tibet is the antecedent point of contact for subsequent spiritual imaginations acts of destruction and reconstruction collective nostalgia and delayed aesthetic and environmental awareness shown in the eco religious acts of native Tibetans Communist radical utopianism former military officers recollections Tibetan and Chinese artwork and touristic consumption of the Tibetan landscape By drawing connections between differences dichotomies and oppositions this book explores the interiors of the diverse agentive modes of imaginations from which Tibet is imagined in China On the theoretical front this book attempts to bring forth a set of fresh perspectives on how a culturally and religiously specific landscape is antecedent to simultaneous processes of place making identity making and the bonding between place and people *Taming Tibet* Emily Yeh, 2013-11-15 The violent protests in Lhasa in 2008 against Chinese rule were met by disbelief and anger on the part of Chinese citizens and state authorities perplexed by Tibetans apparent ingratitude for the generous provision of development In *Taming Tibet* Emily T Yeh examines how Chinese development projects in Tibet served to consolidate state space and power Drawing on sixteen months of ethnographic fieldwork between 2000 and 2009 Yeh traces how the transformation of the material landscape of Tibet between the 1950s and the first decade of the twenty first century has often been enacted through the labor of Tibetans themselves Focusing on Lhasa Yeh shows how attempts to foster and improve Tibetan livelihoods through the expansion of markets and the subsidized building of new houses the control over movement and space and the education of Tibetan desires for development have worked together at different times and how they are experienced in everyday life The master narrative of the PRC stresses generosity the state and Han migrants selflessly provide development to the supposedly backward Tibetans raising the living standards of the Han's little brothers Arguing that development is in this context a form of indebtedness engineering Yeh depicts development as a hegemonic project that simultaneously recruits Tibetans to

participate in their own marginalization while entrapping them in gratitude to the Chinese state. The resulting transformations of the material landscape advance the project of state territorialization. Exploring the complexity of the Tibetan response to and negotiations with development, *Taming Tibet* focuses on three key aspects of China's modernization: agrarian change, Chinese migration and urbanization. Yeh presents a wealth of ethnographic data and suggests fresh approaches that illuminate the Tibet Question. *China's Tibet Policy* Dawa Norbu, 2001-09-27. This major study analyses the traditional modes of Sino-Tibetan relations in order to unearth general patterns beyond partisan points of view. It sheds light on contemporary issues in the Sino-Tibetan dialogue and discerns possible future structures for conflict resolution in occupied Tibet. With its economic reforms, China is changing and will change. ***Coming Home to Tibet*** Tsering Wangmo Dhompa, 2016-07-12. In this compelling poetic memoir of love, loss and longing, a daughter's pilgrimage to her mother's native Tibet becomes a journey of homecoming and self-discovery. In this beautifully written memoir, a daughter travels to her mother's Tibetan homeland and finds both her own deep connections to her heritage and a people trying to maintain its cultural integrity despite Chinese occupation. After her mother dies in a car accident in India, Tsering Wangmo Dhompa decides to take a handful of her ashes back to her homeland in Tibet. Her mother left Tibet in her youth as a refugee and lived in exile the rest of her life, always yearning to return home. When the author arrives at the foothills of her mother's ancestral home in a nomadic village in East Tibet, she realizes that she had been preparing for this homecoming her whole life. *Coming Home to Tibet* is Dhompa's evocative tribute to her mother and a homeland that she knew little about. Dhompa's story is interlaced with poetic prose describing the land, people and spirit of the country as experienced by a refugee seeing her country for the first time. It's an intriguing memoir and also an unusual inside view of life in contemporary Tibet among ordinary people trying to negotiate the changes enforced on it by Chinese rule and modern society. *Spoiling Tibet* Gabriel Lafitte, 2013-09-12. The mineral-rich mountains of Tibet so far have been largely untouched by China's growing economy. Nor has Beijing been able to settle Tibet with politically reliable peasant Chinese. That is all about to change as China's 12th Five Year Plan from 2011 to 2015 calls for massive investment in copper, gold, silver, chromium and lithium mining in the region, with devastating environmental and social outcomes. Despite great interest in Tibet worldwide, *Spoiling Tibet* is the first book that investigates mining at the roof of the world. A unique authoritative guide through the torrent of online posts, official propaganda and exile speculation. *Conflicting Memories*, 2020-09-07. *Conflicting Memories* is a study of how the Tibetan encounter with the Chinese state during the Maoist era has been recalled and reimagined by Chinese and Tibetan authors and artists since the late 1970s. Written by a team of historians, anthropologists and scholars of religion, literature and culture, it examines official histories, biographies, memoirs and films as well as oral testimonies, fiction and writings by Buddhist adepts. The book includes translated extracts from key interviews, speeches, literature and film scripts. *Conflicting Memories* explores what these revised versions of the past chose as their focus, which types of people produced them and what aims

Tibet, Past & Present Sir Charles Alfred Bell, 1924 *Tales of Tibet* Herbert J. Batt, 2001 Vivid and varied images of Tibet spring to life in this first collection of fiction on the country ever translated into English As the storytellers portray Tibetan hunting traditions Buddhist lore and burial rites they lure readers into a haunting and unfamiliar land **Tibet** Jeff Hay, 2014-03-25 This anthology contains a collection of writings chosen for their unique insights into the historical economic and social factors that gave rise to the humanitarian crimes committed against the Tibetan people and includes writings that detail the factors that gave rise to the conflict First person narratives are provided which give the reader insight into the thoughts of the people who experienced the events Topics include the assertion that China committed genocide in Tibet the status of religion in Tibet and what outsiders have done in regard to Tibet *The Bloomsbury Handbook of Modern Chinese Literature in Translation* Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19 Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite

structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation
