Scam Jesse Lee Peterson, 2003 In this timely and relevant book an outspoken civil rights critic takes on black leaders challenges the welfare system and offers solutions for overcoming poverty and powerlessness in the nation Hidden Defeat Governments Secret Deal With Terrorists A. F. Cerny, **Scam** Jesse Lee Peterson, 2005-10-02 In this provocative book Rev Jesse Lee Peterson the most outspoken critic of the civil rights establishment in America today lays bare its corrupt leadership courageously taking aim at the biggest names Jesse Jackson Louis Farrakhan Al Sharpton Maxine Waters among others claiming they are nothing more than scam artists profiting off the hatred and disorder they foster in the black community Peterson insists it s time to throw off the oppression of the established black leadership and stand for the American ideals of freedom personal responsibility free enterprise and moral principle **Leadership, Motivation, Change** Michael Hall, 2022-10-25 The world is full of perceptions of inequalities and injustices However ambiguous and preposterous to some these perceptions are a reality to those who live them So rather than dwell on the negatives and those things that separate and divide us this book as the first of a three part series analyzes the challenges faced and then offers positive inclusive solutions Time has shown that a properly led team with effective leadership is much stronger than an individual Each one reaches at least one **Awaiting the City** Chad Brand, Tom Pratt, 2012-11-13 People of faith have always been on search for the homeland first promised to Abraham in light of the Babylonian civilization he left That future hope was reinterpreted by Jesus and taken up by St Augustine in The City of God reinterpreted again by John Calvin in Geneva and given a final form by the Puritan pilgrims who came to America to establish the City upon a Hill Fundamental to this quest for a just holy civilization has been the progress of humankind on the earth in light of the mandate to fill and rule over it Authors Chad Brand and Tom Pratt discuss that progress as they answer the vital questions for praxis How should biblically oriented Christians think of and work toward God s justice along the way How can we steer between a utopian vision and a limited vision to a new rational compassion They Think You're Stupid Herman Cain, 2005 Do the scare tactics deceptions and distortions of politics frustrate you Have you grown cynical about the lack of real issue leadership in Washington Do you often feel as if politicians are talking down to you that they think you re stupid Well that is how politics as usual makes Herman Cain feel In They Think You re Stupid Cain proposes an action plan to help the marginalized voter find a true voice in the political process At the same time he offers political party leaders an avenue back to the heart of American democracy the voters Cain identifies a new voter phenomenon occurring across the nation Displaced Democrats rebellious Republicans irate Independents and registered non voters sitting on the sidelines are refusing to strongly identify with either political party They Think You re Stupid provides insightful analysis of the factors that have led to what he terms the politically homeless While Democrats are on the road to irrelevancy Cain believes that Republicans have an opportunity to capture the loyalty of this growing segment of America Herman Cain pinpoints a wide range of issues where he believes

voters are unified from the threat of terrorism to economic slavery He argues that the need to see real results around these issues can inspire the politically homeless to become more engaged in the political process and by their very presence transform policies and politics in Washington From the perspective of a successful businessman They Think You re Stupid offers hope for the disenfranchised voter and commonsense advice to the Republican Party Cain explains The Republicans have a unique opportunity to dominate the political landscape for decades if they do a better job of reaching out to the party outsiders with results rather than waiting for outsiders to reach in Cain sees a new day in American politics and that day must include a voice for the politically homeless Book jacket Saved by Philosophy Steven H. A Crisis of Leadership and the Role of Citizens in Black America Stephen C.W. Graves,2016-05-12 A theoretical examination of the concepts of the citizen citizenship and leadership A Crisis of Leadership and the Role of Citizens in Black America Leaders of the New School proposes to develop a prototype or model of effective Black leadership Furthermore it examines citizenship habits of the Black community based on their economic standing educational attainment participation in the criminal justice system and health and family structure It tracks data in these four categories from 1970 to today measuring effective leadership by the improvement or decline in the majority of African Americans standing in these four categories This book concludes that African Americans have negative perceptions of themselves as U S citizens which thus produce bad citizenship habits Additionally ineffective Black leaders since the Civil Rights era have been unwilling to demonstrate the purpose and significance of service particularly to the poor and disadvantaged members of the Black community Contemporary Black leaders post Civil Rights Era have focused primarily on self promotion careerism and middle class interests A new type of leader is needed one that stresses unity and reinforces commitment to the group as a whole by establishing new institutions that introduce community building

The Domestication of Martin Luther King Jr. Lewis V. Baldwin,Rufus Burrow,2013-07-03 Clarence B Jones close King advisor and draft speechwriter has done much to reinforce a conservative hijacking of King s image with the publication of his controversial books What Would Martin Say 2008 and Behind the Dream 2011 King emerges from Jones s books not as a prophetic radical who attacked systemic racial injustice economic exploitation and wars of aggression but as a fiercely conservative figure who would oppose affirmative action and illegal immigration The Domestication of Martin Luther King Jr offers a critique of Jones s work and the larger effort on the part of right wing conservatives to make King a useful symbol or the sacred aura in a protracted campaign to promote their own agenda for America This work establishes the need to rethink

The African American Male School Adaptability Crisis (AMSAC) Joe L. Rempson, 2016-03-12 The African American Male School Adaptability Crisis AMSAC cannot be solved by the school alone It is a race problem which can only be solved if we black males provide the leadership in tackling our three major demons which now mainly account for the problem IQ lag fatherless families crime AMSAC had its origin about 100 years ago when after the death of Washington DuBois gained ascendancy in our African American Garden of Eden and replaced Washington's brains property and character gospel with a civil rights agenda That agenda has led to a civil rights fixation and our second bondage Victimology wherein being the victim has become part of our core identity and made us psychological slaves Rather than being proud and self-reliant disproportionately we have come to see ourselves as victims who are entitled to system help and special treatment This bondage and it is a bondage vitiates our manhood and the energy and drive required to pursue the adaptation pathway paved by Washington but demonized by DuBois Return to that pathway and we can confront and conquer AMSAC and our three major demons Guided by history and the research evidence this book details how Its 20 chapters make for long reading but just by reading the first and last chapters you can get the message The motto of the proposed evidence-based experimental program the African American Male Career Pathway Program AMCAP A special appeal is made to black athletes and entertainers to help propagate this motto and support the proposed high school student clubs Student AMCAPs in its implementation

Eight Propositions Joe L. Rempson,2020-11-19 Rempson takes issue with those who lay the plight of African Americans on racism not seeing it today as a major obstacle to black progress Rather he traces the origin back to what he terms the African American Garden of Eden In it W E B Dubois outlasted Booker T Washington and fathered a tradition which Rempson argues has produced a victim identity and an emphasis on the system rather than the self Only black males offer a way out he declares because it is entirely our black males who are keeping us down and curtailing our progress in contrast to black females who are doing OK They are plagued by what Rempson calls the African American Male School Adaptability Crisis AMSAC Their academic performance ranks at the bottom alone below black female students and below white Asian and Hispanic male students In large urban areas their high school dropout rate is 59 percent and nationally they lag behind in college attendance and graduation rates The outcome Rempson argues is dysfunctionality and the existence of hedonistic norms which hinder family and community stability But while black males are the problem Rempson contends it is nevertheless only they who can solve it because research and experience show that it takes males to bring up and change other males Though intended for everyone he therefore writes his book to his fellow advantaged black males and makes a passionate plea for them to step up and with the help of black females and of the nation take the lead As their guide he has formulated eight propositions Arrived at through an examination of impressively extensive data from numerous sources and disciplines they are a marked departure from the customary Most strikingly delicate matters such as those which pertain to intelligence quotient IQ and culture are openly confronted and dealt with But Rempson writes unless confronted we will not solve our problems Nor he continues can we solve them unless we cut the umbilical cord to white America We have no right to expect it to be our savior nor are we justified in perceiving it as our oppressor Forcefully and finely written Rempson s book is a singular and courageous contribution Alone his eight propositions make it a worthy read **In the Name of Education** Jonas E. Alexis,2007 Alexis convincingly examines the crisis in education from a Christian perspective Social Issues **Hijacked!** Clarence Washington Sr.,2021-06-24 In this four volume series Hijacked How Dr King s Dream Became a Nightmare author Clarence Washington Sr dissects Dr Martin Luther King s dream and explores how our failure to adhere

to its principles has allowed the dream to be hijacked and turned to a nightmare and it's time to wake up In the second volume of the Hijacked collection *The Hijack* the author analyzes the various methods by which Dr King's dream is being hijacked and demonstrates the fruitless negative results that such methods are destined to impart to individual Americans and the nation as a whole This volume uncovers hidden agendas of the disciples of Saul Alinsky's rules for radicals the disciples of James Cone's Black liberation theology and the hidden agendas of other leftists and progressive elitists in America The author reveals how their philosophically biblically and historically errant ideologies have pervaded the minds of desperate people of meager means the softminded and the easily deceived in our nation with belief systems that have enslaved instead of freeing them For the full dissection of Dr King's dream and how our failure to adhere to its principles has led to a nightmare explore the other volumes in *Hijacked* *How Dr King's Dream Became a Nightmare* Other volumes in this series focus on the dream the nightmare and how we can recover **Religion and Politics in America** Frank J.

Smith, 2016-07-11 There has always been an intricate relationship between religion and politics This encyclopedia provides a comprehensive overview of the interrelation of religion and politics from colonial days to the present Can a judge display the Ten Commandments outside of the courthouse Can a town set up a nativity scene on the village green during Christmas Should U S currency bear the In God We Trust motto Should public school students be allowed to form bible study groups Controversies about the separation of church and state the proper use of religious imagery in public space and the role of religious beliefs in public education are constantly debated This work offers insights into contemporary controversies regarding the uneasy intersections of religion and politics in America Organized alphabetically the entries place each topic in its proper historical context to help readers fully grasp how religious beliefs have always existed side by side and often clashed with political ideals in the United States from the time of the colonies The information is presented in an unbiased manner that favors no particular religious background or political inclination This work shows that politics and religion have always had an impact on one another and have done so in many ways that will likely surprise modern students

Soul-Less-Society-interior-ebook Angeline Marie, 2023-11-28 In *Soul Less Society* Angeline Marie delivers a passionate wake up call to Americans by exploring the spiritual battle behind our nation's decline from prosperity to moral decay Drawing on biblical principles and extensive research she exposes the systematic dismantling of Christian values that once formed America's foundation From government overreach and banking corruption to media manipulation and educational indoctrination Marie traces how globalist elites have orchestrated America's spiritual and cultural collapse not merely as political strategy but as spiritual warfare She uncovers concerning connections between international organizations technological surveillance and the push toward a new world order that threatens individual freedoms With unflinching analysis Marie examines controversial topics including abortion gender ideology the pandemic response and China's growing influence arguing that all are symptoms of a society that has rejected God Yet despite the bleak assessment
