Scholastic Miscellany Anselm To Ockham:

A Scholastic Miscellany Eugene Rathbone Fairweather,1956-01-01 This is collection of Christian treatises written prior to the end of the sixteenth century **A Scholastic Miscellany** Eugene Rathbone Fairweather,1966 *A Scholastic Miscellany* ,1956 **A scholastic miscellany : Anselm to Ockham : Library of Christian classics, v.10** Eugene R. Fairweather,1956 **A Scholastic Miscellany** Eugene Rathbone Fairweather,1956 *A Scholastic Miscellany: Anselm to Ockham. Edited and Translated by E.R. Fairweather* Eugene Rathbone Fairweather,1956 *Rethinking Anselm's Arguments* Richard Campbell,2018-07-23 This book re examines Anselm s famous arguments for the existence of God in his Proslogion and in his Reply It demonstrates how he validly deduces from plausible premises that God so truly exists that He could not be thought not to exist Most commentators ancient and modern wrongly located his argument in a passage which is not about God at all It becomes evident that consequently much contemporary criticism is based on misreading and misunderstanding his text It reconstructs his reasoning through three distinct but logically connected stages It shows that even if Anselm s crucial premises are sceptically interpreted his conclusions still follow Properly understood this argument is not vulnerable to the standard criticisms including Gaunilo s Lost island counter example *A Scholastic Miscellany* Eugene Rathbone Fairweather,1956 *A Cosmological Reformulation of Anselm's Proof That God Exists* Richard Campbell,2021-11-15 In this book Richard Campbell reformulates Anselm s proof to show that factual evidence confirmed by modern cosmology validly implies that God exists Anselm s proof which was never the ontological argument attributed to him emerges as engaging with current philosophical issues concerning existence and scientific explanation Because every observable thing has a beginning it can be deduced that there is always in reality something than which a greater cannot be thought which exists necessarily It follows that its non existence is inconceivable Anselm then proves that this is the God in whom he believes who alone so truly exists that He could not be thought not to exist The contingent nature of the universe is therefore a consequence of the proven belief that God is the Creator of everything else *Atonement and Violence* Hans Boersma,T. Scott Daniels,2006-11-01 Recent years have witnessed a series of books articles and lectures raising serious questions about the Christian doctrine of the Atonement While coming from a variety of sources the questions usually center around the central issue of atonement and violence Doesn t the Atonement promote the idea of violence on the part of God If so isn t such violence incompatible with a God of love Doesn t this doctrine send the wrong signal excusing and perhaps even promoting such things as child abuse Is it time to abandon what has become an outmoded and harmful doctrine The authors of this book claim that to abandon the Christian doctrine of the Atonement is to abandon the central witness of the gospel for atonement speaks of nothing less than God s reconciliation of the world in the life death and resurrection of Jesus Christ However to believe in the atoning death of Jesus Christ does not mean that one believes that God has engaged in cosmic child abuse Drawing on the classical theories of the Atonement engaging in creative theological construction they present set of cogent

cohesive alternatives to either rejecting the doctrine out of hand or uncritically accepting it Contributors include J Denny Weaver Bluffton University Narrative Christus Victor The Answer to Anselmian Atonement Violence Thomas Finger Associated Mennonite Seminary Christus Victor as Nonviolent Atonement Hans Boersma Regent College Vancouver British Columbia Violence the Cross and Divine Intentionality A Modified Reformed View and T Scott Daniels Pasadena First Church of the Nazarene Passing the Peace Worship That Shapes Nonsubstitutionary Convictions *The Many-Faced Argument* John Hick, Arthur C. McGill, 2009-04-24 The Many Faced Argument presents a compilation of essays on the ontological argument for the existence of God covering responses to Anselm's position in the first half and in the second half covering developments of the argument in the context of modern philosophy Along with contributions by editors Hick and McGill other writers include Karl Barth Andre Hayden Anselm Stolz Bertrand Russell Jerome Shaffer Gilbert Ryle Aime Forest Norman Malcolm and Charles Hartshorne While interest in the the ontological argument has arisen from various disciplines historical theological and philosophical the purpose of this book is to bring these varied writings together so that scholars and students within each discipline may have contributions from other fields readily available *Historical Dictionary of Medieval Philosophy and Theology* Stephen F. Brown, Juan Carlos Flores, 2018-08-10 This second edition concentrates on various philosophers and theologians from the medieval Arabian Jewish and Christian worlds It principally centers on authors such as Abumashar Saadiah Gaon and Alcuin from the eighth century and follows the intellectual developments of the three traditions up to the fifteenth century Ibn Khaldun Hasdai Crescas and Marsilio Ficino The spiritual journeys presuppose earlier human sources such as the philosophy of Plato Aristotle Plotinus and Porphyry and various Stoic authors the revealed teachings of the Jewish Law the Koran and the Christian Bible The Fathers of the Church such as St Augustine and Gregory the Great provided examples of theology in their attempts to reconcile revealed truth and man's philosophical knowledge and deserve attention as pre medieval contributors to medieval intellectual life Avicenna and Averroes Maimonides and Gersonides St Thomas Aquinas and St Bonaventure stand out in the three traditions as special medieval contributors who deserve more attention This second edition of Historical Dictionary of Medieval Philosophy and Theology contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on important persons events and concepts that shaped medieval philosophy and theology This book is an excellent resource for students researchers and anyone wanting to know more about medieval philosophy and theology **Doctrine in Development** Heber Caros de Campos, 2017-10-15 Doctrine in Development examines the doctrine of the imputation of Christ's active obedience with a focus on the thought of Johannes Piscator Challenging earlier scholarship that regarded the doctrine as clearly present in the Reformers Heber Campos shows how Piscator's exegetical and theological arguments generated responses that brought together several other doctrines to support the imputation of Christ's active obedience in a way that Reformed theologians had not previously done Viewing Piscator's objections to the imputation of Christ's positive

righteousness as a turning point in the Reformed understanding of active obedience Campos highlights the process of doctrinal development regarding Christ's satisfaction *The Politics of Praise* William W. Young Iii, 2017-03-02 While the revelation of God's name is a central theological topic its ethical and political significance are often overlooked In a world filled with violence committed in the name of God how might invoking God's name enable peace community and hope The Politics of Praise argues that the redemptive potential of naming God lies in how this event transforms friendship It breaks new ground by tracing the connections between naming God and friendship in the work of Thomas Aquinas and Jacques Derrida Advancing an innovative reading of Aquinas on the divine names the book explores how Dionysius mysticism shapes Aquinas appropriation of Aristotle's ethics then retraces how Derrida's reading of religion renders possible an alternative conception of friendship These explorations lead to a surprising convergence between Aquinas and Derrida on the conditions of friendship

Systematic Theology Anthony C. Thiselton, 2015 [U.S. War-Culture, Sacrifice and Salvation](#) Kelly Denton-Borhaug, 2014-10-20 The military industrial complex in the United States has grown exponentially in recent decades yet the realities of war remain invisible to most Americans The U S has created a culture in which sacrificial rhetoric is the norm when dealing in war This culture has been enabled because popular American Christian understandings of redemption rely so heavily on the sacrificial U S War Culture Sacrifice and Salvation explores how the concept of Christian redemption has been manipulated to create a mentality of necessary sacrifice The study reveals the links between Christian notions of salvation and sacrifice and the aims of the military industrial complex

The Decline of Mercy in Public Life Alex Tuckness, John M. Parrish, 2014-04-21 The virtue of mercy is widely admired but is now marginalized in contemporary public life Yet for centuries it held a secure place in western public discourse without implying a necessary contradiction with justice Alex Tuckness and John M Parrish ask how and why this changed Examining Christian and non Christian ancient traditions along with Kantian and utilitarian strains of thought they offer a persuasive account of how our perception of mercy has been transformed by Enlightenment conceptions of impartiality and equality that place justice and mercy in tension Understanding the logic of this decline they argue will make it possible to promote and defend a more robust role for mercy in public life Their study ranges from Homer to the late Enlightenment and from ancient tragedies to medieval theologies to contemporary philosophical texts and will be valuable to readers in political philosophy political theory and the philosophy of law

Molten Soul , The author a self described charismatic liberal explores the many ways in which a soul molten following a profound religious experience can harden into an extreme position that is ultimately not conducive to continued spiritual growth There are no judgments here only a serious and at the same time good natured look at the traps we can set for ourselves

Intellect and Action Colin E. Gunton, 2005-03-01 An important collection including many hitherto unpublished studies Professor Colin Gunton discusses for example the nature of dogma and Christian knowledge claims holiness and virtue salvation according to Calvin and the doctrine of election and freedom in the gospel Mature

reflections on some of the central questions in theology this book will be essential reading for all scholars and students of systematic theology and Christian doctrine and of modern theology in general The Economy of Desire (The Church and Postmodern Culture) Daniel M. Jr. Bell, 2012-11-01 In this addition to the award winning Church and Postmodern Culture series respected theologian Daniel Bell compares and contrasts capitalism and Christianity showing how Christianity provides resources for faithfully navigating the postmodern global economy Bell approaches capitalism and Christianity as alternative visions of humanity God and the good life Considering faith and economics in terms of how desire is shaped he casts the conflict as one between different disciplines of desire He engages the work of two important postmodern philosophers Deleuze and Foucault to illuminate the nature of the postmodern world that the church currently inhabits Bell then considers how the global economy deforms desire in a manner that distorts human relations with God and one another In contrast he presents Christianity and the tradition of the works of mercy as a way beyond capitalism and socialism beyond philanthropy and welfare Christianity heals desire renewing human relations and enabling communion with God
