School For Fools:

A School for Fools Саша Соколов, 1977 Sokolov's School for Fools is a network of memories of a schizophrenic raised on Russian and Western cultural traditions This child man becomes a prophet causing individuals to question their identity and their place *A School for Fools* Sasha Sokolov, 2015-11-17 By turns lyrical and philosophical witty and baffling A School for Fools confounds all expectations of the novel Here we find not one reliable narrator but two unreliable narrators the young man who is a student at the school for fools and his double What begins as a reverie with frequent interruptions comes to seem a sort of fairy tale quest not for gold or marriage but for self knowledge The currents of consciousness running through the novel are passionate and profound Memories of childhood summers at the dacha are contemporaneous with the present the dead are alive and the beloved is present in the wind Here is a tale either of madness or of the life of the imagination in conversation with reason straining at the limits of language in the words of Vladimir Nabokov an enchanting tragic and touching book **Sasha Sokolov.
