Pirouz Mojtahed-Zadeh, 2003 **Boundary Politics and International Boundaries of Iran** Pirouz Mojtahed-Zadeh, 2007 This book is about Iranian boundaries at a time when crisis of various nature are occurring around Iran especially in Iraq and Afghanistan with immediate effect on the Iranian borderlands and substantial effect of Iran's relations with her neighbours Furthermore issues like the legal regime of the Caspian Sea and the UAE claims on the Iranian owned and Iranian held islands of Tunbs and Abu Musa in the Persian Gulf create a situation in Iran's neighbourhood which influence her foreign relations and engage the country in matters of international importance Occurrence of all these issues on and around the boundaries of Iran and a thorough study of the unexplored foundation and evolution of these issues within the framework of the study of the Iranian boundaries make this book timely special original and important **Small State Security**

Dilemma: Kuwait after 1991 Radhika Lakshminarayanan, 2019-12-31 The Arabian Gulf region is a vulnerable flashpoint Small states in this region try to leverage their core interests against big power domination This book narrates the problematique of Kuwait whose geostrategic weakness was exposed in 1990 forcing her to trade resource strength for security guarantees In recent years challenged by regional rivalries environmental impacts falling oil prices and the dangers of terrorist insurgency Kuwait faces an escalating security dilemma With the imminent disengagement of the U S from Middle Eastern entanglements should Kuwait resort to hedging partnerships with emerging multipolar giants like China Russia or India Can Kuwait survive domestic challenges of a youth bulge a huge expatriate population budgetary deficits increasing public welfare and costs of desalination What would be the main security options for Kuwait in a world that is increasingly volatile uncertain complex and ambiguous **Beyond Regionalism?** Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer comprehensive overviews of the main actors institutions historical development and current issues **The Geopolitics of Iran** Francisco José B. S. Leandro, Carlos Branco, Flavius Caba-Maria, 2021-09-13 This book assesses Iran's role in contemporary geopolitics In particular it examines three main intertwining circles Iran's development

and political challenges its relationships with neighbouring countries as well as its relations with the major global powers China the European Union Russia and the United States With contributions from over 20 authors the book spans such critical aspects of contemporary geopolitics as modern history natural resources the economy the social political context and strategic thinking Particular focus is placed on Iran s relations with its neighbours Afghanistan Iraq Israel Pakistan and the Persian Gulf States Furthermore the book offers both a bilateral and multilateral dimension on how nuclear sanctions imposed on Iran have impacted its strategic planning from the economic and military perspectives

Britain and State Formation in Arabia 1962-1971 Clive Jones, 2018-12-07 Half a century ago Britain abandoned Aden its last colonial outpost in the Arab world as its attempt to establish a new polity foundered amid a rising tide of Arab nationalism tribal infighting and anti colonial sentiment that eventually gave rise to the establishment of South Yemen Yet just over three years later in 1971 a new state the United Arab Emirates emerged in Arabia formed from the old Trucial states over which Britain had long held sway At a time when state failure and fragmentation has become synonymous with much of the Middle East and where the very idea of sovereignty and legitimacy have become contested issues this comparative historical study of the varied British attempts at state creation on the Arabian peninsula offers important insights into the limits of external ambition as well as the possibilities that great power retrenchment offered to the peoples of the region The legacy of British influence in Aden and Abu Dhabi still very much resonates today this volume explains why This book was originally published as a special issue of Middle Eastern Studies

The Dynamics of Iranian Borders Mansoureh Ebrahimi, Masoumeh Rad Goudarzi, Kamaruzaman Yusoff, 2018-06-15 This book is on Iran s geopolitical importance representing a continuum of international competition for political gains and economic benefit due to the country s unique geographical location that has always been a cause of contention Iran s massive borders and evolving political weakness along with influences from the kings of Qajar that maintained and strengthened Great Britain s hegemony in the region were major factors affecting ongoing regional conflicts Additional roles played by other world powers such as France Russia and the United States are also noted Conflicts unrest and regional wars were all consequences arising from power struggles that led to treaties and international agreements between Iran Britain and Russia that caused the eventual loss of traditional Iranian territories Hence extrinsic impositions on Iran are the subject of this study as authors examine the turbulent climate that altered Iranian borders during the Qajar Dynasty

Territoriality of Radical Islamist Groups Bohumil Doboš, Martin Riegl, Jakub Landovský, 2021-05-04 This book examines the issue of territorial control by violent jihadist groups using a comparative perspective The book argues that in many parts of the world the connection between a state and the control over territory is not as close as presented by conventional political maps and therefore it is necessary to analyse the territoriality of non state actors as well Based on a variety of case studies the work looks at different levels of connection between the violent Islamist groups and territory dividing them into non territorial semi territorial and territorial groups While the majority of the cases are located in the

context The Middle East and North Africa Alasdair Drysdale, 2024-10-15 This contemporary text the first in over a decade on the region presents the geography of the Middle East and North Africa defined as the Arab World Israel Turkey Iran and Afghanistan Thematically organized the book's eleven chapters focus on the region's physical and climatic setting demographic characteristics migration patterns religious and linguistic diversity political map offshore claims oil and gas resources and subregions and states Within this framework Drysdale emphasizes pressing current problems the impact of climate change in a region where some areas already suffer from extreme summer heat and aridity the challenge of providing additional water in a region where per capita availability of freshwater is already the lowest in the world the impact of high fertility and rapid population growth in a fragile environment where economies are often unable to absorb young workers entering the labor force the looming prospect of an aging population the effects of out and in migration the diverse impact and role of Islam in daily and public life the integrative consequences of linguistic and ethnic diversity the evolution and imperfections of the political map ongoing territorial and boundary disputes that often have global repercussions external dependence on the region's prolific oil and gas resources and the extreme regional inequalities associated with their presence or absence This timely and insightful analysis is essential reading for students of the region who need a better understanding of key regional characteristics challenges and issues **The Shah, the Islamic Revolution and the**

United States Darioush Bayandor, 2018-12-02 The Islamic Revolution in 1979 transformed Iranian society and reshaped the political landscape of the Middle East Four decades later Darioush Bayandor draws upon heretofore untapped archival evidence to reexamine the complex domestic and international dynamics that led to the Revolution Beginning with the socioeconomic transformation of the 1960s this book follows the Shah's rule through the 1970s tracing the emergence of opposition movements the Shah's blunders and miscalculations the influence of the post Vietnam zeitgeist and the role of the Carter administration The Shah the Islamic Revolution and the United States offers new revelations about how Iran was thrown into chaos and an ailing ruler lost control with consequences that still reverberate today **Iranian Foreign Policy**

Since 2001 Thomas Juneau, Sam Razavi, 2013-07-24 Examining Iranian foreign policy with a focus on the years since 2001 this book analyses the defining feature of Iran's international and regional posture its strategic loneliness and the implications of this for the Islamic Republic's foreign policy Iranian Foreign Policy since 2001 offers an in depth analysis of the key drivers behind Iran's foreign policy power strategic culture and ideology In addition the authors examine Iran's relations with key countries and regions including its often tenuous relations with China Russia and America as well as its bilateral relations with non state actors such as Hezbollah The common thread running throughout the volume is that Iran is alone in the world regardless of its political manoeuvrings the Islamic Republic's regional and international posture is largely one of strategic loneliness Assimilating contributions from the US Canada Europe and Iran this book provides an international perspective both at the theoretical and practical levels and is essential reading for those with an interest in

Middle Eastern Politics International Relations and Political Science more broadly *The Echo of Iran*, 2008 **Middle East Conflicts from Ancient Egypt to the 21st Century** Spencer C. Tucker, 2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars **The Armies of Ancient Persia** Kaveh Farrokh, 2014-02-28 Throughout most of the classical period Persia was one of the great superpowers placing a limit on the expansion of Western powers It was the most formidable rival to the Roman empire for centuries until Persia by then under the Sassanians was overwhelmed by the Islamic conquests in the seventh century AD Yet the armies of ancient Persia have received relatively little detailed attention certainly in comparison to those of Rome This work is the first of three volumes that will form the most comprehensive study of ancient Persian armies available The Sassanians the native Iranian dynasty that ousted their Parthian overlords in AD 226 developed a highly sophisticated army that was able for centuries to hold off all comers They continued the Parthians famous winning combination of swift horse archers with heavily armored cataphract cavalry also making much use of war elephants but Kaveh Farrokh interestingly demonstrates that their oft maligned infantry has been much underestimated The author born in Athens Greece and expert in ancient Persian languages and military history has been researching the military history and technology of Persia for a quarter of a century He draws on the latest research and new archaeological evidence focusing on the organization equipment and tactics of the armies that dominated the ancient Middle East for so long **Oil Spaces** Carola Hein, 2021-08-23 Oil Spaces traces petroleum s impact through a range of territories from across the world showing how industrially drilled petroleum and its refined products have played a major role in transforming the built environment in ways that are often not visible or recognized Over the past century and a half industrially drilled petroleum has powered factories built cities and sustained nation states It has fueled ways of life and visions of progress modernity and disaster In detailed international case studies the contributors consider petroleum s role in

the built environment and the imagination They study how petroleum and its infrastructure have served as a source of military conflict and political and economic power inspiring efforts to create territories and reshape geographies and national boundaries The authors trace ruptures and continuities between colonial and postcolonial frameworks in locations as diverse as Sumatra northeast China Brazil Nigeria Tanzania and Kuwait as well as heritage sites including former power stations in Italy and the port of Dunkirk once a prime gateway through which petroleum entered Europe By revealing petroleum s role in organizing and imagining space globally this book takes up a key task in imagining the possibilities of a post oil future It will be invaluable reading to scholars and students of architectural and urban history planning and geography of sustainable urban environments
