**Transnational Coupling in the Age of Nation Making during the 19th and 20th Centuries** Nicole Leopoldie, 2023-02-14 This work examines and compares courtship and marriage patterns that occurred between France and

the United States during the nineteenth and twentieth centuries Departing from state centered studies of marriage law it draws on the methodologies of transnational history cultural history and the history of emotion to show that these unions were part of a broader pattern of the larger cultural love affair between the two societies The Club Jennifer Dasal,2025-07-15 Through masterful research and sparkling prose The Club feels like an exclusive invitation to a Parisian enclave during an era of artistic and social transformation Michael Finkel 1 New York Times best selling author of The Art Thief A deliciously entertaining never before told history of a residence for American women artists in Paris from 1893 to 1914 In Belle poque Paris the Eiffel Tower was newly built France was experiencing remarkable political stability and American women were painting the town and gathering at a female only Residence known as The American Girls Club in Paris Opened in 1893 The Club was the center of expatriate living and of dedication to a calling in the fine arts and singularly harbored a generation of independent talented and driven American women Now in The Club curator art historian and podcast host Jennifer Dasal presents the never before told story of the Club the philanthropists who created it and the artists it housed These women forged connections in the arts and letters with luminaries like Auguste Rodin and Gertrude Stein or became activists through their relationships with the likes of Emmeline Pankhurst But just as importantly these women s lives revealed the power of the Club itself and the way that having a safe home for single women of ambition allowed them to grow as teachers artists suffragists and people For readers interested in women s lives as captured in books like The Barbizon art history buffs who loved Ninth Street Women and armchair travelers longing to visit Belle poque Paris The Club is a captivating colorful new history **Traveling Beyond Her Sphere** Bess Beatty,2016-09-08 A history of American women challenging domesticity by touring Europe in the 19th and early 20th centuries The nineteenth century ideal of domesticity identified home as women s proper sphere but the ideal was frequently challenged profoundly so when woman left home and country to travel in foreign lands This book explores the reasons for and ramifications of women making a Grand Tour a trip to Europe between 1814 and 1914 this century between major European wars witnessed the golden age of American Grand Tours Men and women alike were inspired by a Euro centric education that valued the Old World as the fountainhead of their civilization Reaching Europe necessitated an Ocean crossing a disorienting time taking women far from domestic comfort Once abroad American women had to juggle accustomed norms of behavior with the demands of travel and customs of foreign lands Wearing proper attire even when hiking in the Alps coping with unfamiliar languages grappling with ever changing rules about customs and passports traveling alone these were just some of the challenges women faced when traveling Some traveled with their husband others with female relatives and friends and a few entirely alone Traveling companions had to agree on where to stay when and where to dine how to travel and where to go The sinking of the Titanic in 1912 made clear that even in the twentieth century a Grand Tour involved risk Because more women survived than men some insisted that the Titanic s example should curb female independence However a growing number of women continued

making a Grand Tour for the next two years. It was the outbreak of war in Europe in 1914 that temporarily brought an end to a century of female Grand Tours. Beatty's ability to weave the experiences of hundreds of American women on the Grand Tour in Europe into a consistent narrative is per se a remarkable feat. But the author does much more than that. She uses the journey as trope to represent the long and difficult process of women's emancipation in its several cultural, psychological, social, and political dimensions.

Susanna Delfino, Professor of American History, retired University of Genoa, Italy. **The Other Americans in Paris** Nancy L. Green, 2014-07-07. A thorough and perceptive portrait of the not so famous expatriates of the City of Light. The Wall Street Journal History may remember the American artists, writers, and musicians of the Left Bank best, but the reality is that there were many more American businessmen, socialites, manufacturers, representatives, and lawyers living on the other side of the River Seine. Be they newly minted American countesses married to foreigners with impressive titles or American soldiers who had settled in France after World War I with their French wives, they provide a new view of the notion of expatriates. Historian Nancy L. Green introduces us for the first time to a long forgotten part of the American overseas population, predecessors to today's expats, while exploring the politics of citizenship and the business relationships, love, lives, and wealth, or in some cases poverty, of Americans who staked their claim to the City of Light. **The Other Americans in Paris** shows that elite migration is a part of migration and that debates over Americanization have deep roots in the twentieth century.

**Traveling to Unknown Places** Lloyd S. Kramer, 2024-09-24. **Traveling to Unknown Places** presents a compelling incisive analysis of how French and American writers reshaped their personal and collective identities as they traveled in foreign countries after the social upheavals of the eighteenth century Atlantic revolutions. Delving into the experiences of renowned figures like Flora Tristan and Margaret Fuller alongside lesser known postrevolutionary travelers, this book illuminates how cross-cultural encounters pushed writers to redefine their views of nationality, language, race, slavery, gender, religion, science, and political ideologies. Lloyd Kramer deftly demonstrates how unsettling journeys challenged cultural preconceptions and fostered introspective writings that transcended geographical boundaries. By interweaving the perspectives of women and men whose travels led them far beyond their youthful social origins, Kramer unveils a rich tapestry of evolving selfhood, ambition, and political consciousness across the Atlantic world. Each traveler's experience was unique, but long journeys connected all these nineteenth-century writers with others who had traveled before and trips into unknown, distant cultures also carried travelers toward previously unknown places within themselves.

**Seductive Journey** Harvey Levenstein, 1998-10-01. For centuries France has cast an extraordinary spell on travelers. Harvey Levenstein's **Seductive Journey** explains why so many Americans have visited it and tells in colorful detail what they did when they got there. The result is a highly entertaining examination of the transformation of American attitudes toward French food, sex, and culture, as well as an absorbing exploration of changing notions of class, gender, race, and nationality. Levenstein begins in 1786 when Thomas Jefferson instructed young upper-class American men to travel overseas for self-improvement rather than

debauchery Inspired by these sentiments many men crossed the Atlantic to develop taste and refinement However the introduction of the transatlantic steamship in the mid nineteenth century opened France to people further down the class ladder As the upper class distanced themselves from the lower class travelers tourism in search of culture gave way to the tourism of conspicuous leisure sex and sensuality Cultural tourism became identified with social climbing upper middle class women In the 1920s prohibition in America and a new middle class intent on having fun helped make drunken sprees in Paris more enticing than trudging through the Louvre Bitter outbursts of French anti Americanism failed to jolt the American ideal of a sensual happy go lucky France full of joie de vivre It remained Americans favorite overseas destination From Fragonard to foie gras the delicious details of this story of how American visitors to France responded to changing notions of leisure and blazed the trail for modern mass tourism makes for delightful thought provoking reading a thoroughly readable and highly likable book Deirdre Blair New York Times Book Review *The Oxford Handbook of Tourism History* Eric G. E.

Zuelow, Kevin J. James, 2025-02-24 The Oxford Handbook of Tourism History offers a critical survey of the development of the field that unites historical scholarship along thematic lines and uses examples from diverse places to examine a wide set of tourism policies practices and niches in a global transnational context 'A Happy Holiday' Cecilia Louise

Morgan, 2008-01-01 One of the most revealing things about national character is the way that citizens react to and report on their travels abroad Oftentimes a tourist s experience with a foreign place says as much about their country of origin as it does about their destination A Happy Holiday examines the travels of English speaking Canadian men and women to Britain and Europe during the late nineteenth and early twentieth centuries It describes the experiences of tourists detailing where they went and their reactions to tourist sites and draws attention to the centrality of culture and the sensory dimensions of overseas tourism Among the specific topics explored are travellers class relationships with people in the tourism industry impressions of historic landscapes in Britain and Europe descriptions of imperial spectacles and cultural sights the use of public spaces and encounters with fellow tourists and how such encounters either solidified or unsettled national subjectivities Cecilia Morgan draws our attention to the important ambiguities between empire and nation and how this relationship was dealt with by tourists in foreign lands Based on personal letters diaries newspapers and periodicals from across Canada A Happy Holiday argues that overseas tourism offered people the chance to explore questions of identity during this period a time in which issues such as gender nation and empire were the subject of much public debate and discussion **The Art of Enchantment: Unleashing Your Inner Enchantment** Pasquale De Marco, Are you ready to
