Scriptural quotes are from the New International Version of the Bible Cover *A Journey to Enlightenment* Linda Abrams, 2012-07-10 A JOURNEY TO ENLIGHTENMENT is a journey to the light within each of us Most people instinctively know there is a greater power at the core of creation We have named that power God and have created many religions to celebrate God Religions at their basis teach love and the Golden Rule but unfortunately because mankind has interjected their opinions into the mix there has been great separation between religions and people on this planet Most of the wars have been fought because of the differences in interpretation that religions have Each religion believes they are the one true path to God But with all of the many religions which one is the one true way We have learned to give our power to people outside of ourselves thus making ourselves powerless It is time we turned within to the power inside of each of us our heart Soul and God within For it is there and only there that our true power lies God is not outside of us as many religions have inferred When we wake up and remember our authentic self as an aspect of the Creator is when the Journey to Enlightenment happens We are much more than these bodies we inhabit We are an Eternal Spirit focused in these human forms having a human experience with powers and abilities far beyond our imagining One of these powers is the ability to co create with all of creation Have you heard the expression Thoughts become things What we think goes forth from us and it takes form in this world we live in At this time we are moving from the third dimensional frequency to the fifth which is assisting us to remembering our Divine self Allow me to assist you on your Journey To Enlightenment **Along the Path to Enlightenment** Dr Hawkins, 2011-06 What blocks spiritual progress And how do we transcend these blocks The spiritual teachings of David R Hawkins on the nature of consciousness spirit and ego are known worldwide by students seeking to realise spiritual Truth **A Skeptic's Guide to Faith** Philip Yancey, 2009 For those on the borderlands of belief Philip Yancey confronts questions of faith and religion head on If this is God's world why doesn't it look more like it For anyone who's ever wondered if the visible world is all there is for anyone who feels like an empirical understanding of reality is missing something bestselling author and fellow pilgrim Philip Yancey comes beside you to explore this tug between the visible and the invisible In the gentle understanding voice of one who's been through skepticism Yancey investigates questions like What is the good life Do my deepest experiences of beauty and pain have meaning Is there life after death If God does exist why does this world seem to be coming apart at the seams Does faith make any difference in my daily life *A Skeptic's Guide to Faith* previously titled *Rumors of Another World* reads like a conversation inviting those skeptical of religion and turned off by the church to consider the possibility of an unseen world coexisting with our visible world According to Yancey A thin membrane of belief separates the natural from the supernatural What makes it so hard for some of us to cross that membrane Look inside to find out In this powerful read Yancey tackles the tough questions and in the process comes up with

a fresh new approach to this timeless topic **A Place for Skeptics** Scott Larson,Chris Mitchell,2005 The authors provide a spiritual journey for those who may have given up on Church but not on God *The Direct Path to Enlightenment* Ray del Sole,2010-05-28 For the genuine spiritual seeker This book deals with the theory and practice of enlightenment Real enlightenment is a matter of using the right technique It is independent from religion and belief The enlightenment training guide is derived from more than 16 years of spiritual studies and practice Table of contents Human Evolution Nature of God Human nature Process of enlightenment The different kinds of enlightenment The practice enlightenment The effects of the training Balancing meditations Spiritual development in general And much more *The Seeker: Layman's Path to Spiritual Awakening (Enlightenment)* Gregory E. Middleton,2009-09-18 The premise for this book is based upon a biblical quote that says Ask and it will be given to you seek and you will find knock and the doors will be opened to you If you seek spiritual wisdom it will be drawn to you That is simply how the spiritual universe works God wants to give us all we need in order to accomplish our earthly missions but in order to acquire what He has we must become the Seeker This book lays out a path toward spiritual enlightenment It proposes an action plan and suggests methods and principles the reader can relate to and follow if that is what they desire It is for people of all religious preferences if they are seeking spiritual wisdom knowledge and understanding All you need to do is to become the Seeker and you become the magnet that draws divine enlightenment to you *Roadmap to Enlightenment* Minh Vo,2008-05 Your path to spiritual awakening is specific unique and individual to you Roadmap to Enlightenment clearly explains the progression of your physical to spiritual consciousness along the way to awakening and connecting to your spirit By providing you a literal map of consciousness as you travel along the path of obtaining enlightenment this enables you to easily recognize where you currently are and understand what is ahead of you You are then able to understand the purpose of your life experiences Ego how you attract lessons people karma and most importantly why you must master these things in order to learn and grow **Skeptics and True Believers** Chet Raymo,1999-04-01 A noted science writer argues passionately and persuasively that science and religion are mutually reinforcing ways of experiencing the world and that words such as God grace sacred and spirituality can retain currency in an age of science once they have been stripped of their archaic meanings **True Enlightenment** Endall Beall,2020-11-23 For thousands of years even before recorded history shamans and others have sought understanding of the so called spiritual world Once writing was invented then the narratives started about what people thought Enlightenment was and what it represented In all cases it has been perceived to be something spiritual What True Enlightenment presents is an alternative explanation to all these spiritual quests by informing the reader that the road to Enlightenment is not about spirituality and mysticism but instead relates to a psychological process to prepare one for a direct interface with higher consciousness Over the ages spirit and consciousness have been mistakenly conflated to mean the same thing yet they are not the same thing Although the author of this book has presented a large number of books over the past 5 years this short book serves as a

foundational primer to show how those seeking Enlightenment have misunderstood the process and have been going about it the wrong way If you are one of those who has only recently stepped onto this path or if you are a seasoned veteran in the quest for Enlightenment who has chased the spiritual rainbow without any success for your efforts this book should benefit your understanding and help direct you down more productive channels of understanding **Enlightenment for Everyone**

Paul Ferrini,2000 Enlightenment is not contingent on finding the right teacher or having some kind of peak spiritual experience There s nothing that you need to get find or acquire to be enlightened You don t need a priest or rabbi to intercede with God for you Enlightenment is the realization of the light that is within you It is the conscious recognition and acceptance of that light **Along the Path to Enlightenment** David R. Hawkins, M.D., Ph.D.,Jeffery Scott,2011-02-01

Praised by Mother Teresa and Dr Wayne Dyer for his breakthrough research and innovative teachings on the human mind Dr David Hawkins brings us 365 daily reflections for the mind and soul The spiritual teachings of David R Hawkins on the nature of consciousness spirit and ego are known worldwide by students seeking to realize spiritual Truth As a mystic Dr Hawkins has infused the truths found in the precepts of Western religion with the core of Eastern philosophy bridging the familiar physical world to the nonlinear spiritual domain What blocks spiritual progress And how do we transcend these blocks This collection of passages carefully selected from Dr Hawkins s extensive writings offers readers a new contemplation for each day Any one of these passages fully understood can elevate one s level of consciousness **Paths to Enlightenment** Fable

Forman,2011-10-28 What if you spent years of your life seeking spiritual enlightenment but were looking in the wrong place over a long time It s happening right now to millions of seekers around the world That s why Dr Robert Forman has written his revolutionary book Told in often poetic prose it offers new direction for people looking for a sane and healthy spiritual pathway in our increasingly confusing world Traditional spiritual models are giving seekers a wrong and frustrating impression about spiritual enlightenment By exploring his own 39 year experience of spiritual enlightenment Dr Forman offers a remedy to folks who are Convinced they don t have the right stuff to achieve enlightenment in this lifetime Disillusioned by spiritual teachers who don t live up to their lofty self portraits Worried that choosing a spiritual life means
