Sin In Soft Focus Pre Code Hollywood:

Censoring Sex John E. Semonche, 2007 In this volume John E Semonche surveys censorship for reasons of sex from the nineteenth century up to the present He covers the various forms of American media books and periodicals pictorial art motion pictures music and dance radio television and the Internet Despite the varieties of censorship running from self censorship to government bans a common story is told Censorship whether undertaken to ward off government regulation to help preserve the social order or to protect the weak and vulnerable proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America Sin in Soft Focus Mark A. Vieira, 1999-10 In the spring of 1934 Hollywood faced what the Los Angeles Times called the most serious crisis of its history The film capital was under siege by censorship advocates who launched a boycott demanding that the film industry enforce the Production Code it had adopted in 1930 For nearly five years defiant producers had cited artistic freedom and flouted the Code which forbade vulgarity profanity nudity excessive illegal drugs adultery sex perversion white slavery racial mingling lustful kissing and suggestive dancing In July 1934 the controversial films were outlawed Today they are called pre Code Sex and Violence Tom Pollard, 2015-11-17 *Sex and Violence* examines the history and social dynamics of film censorship in the United States It examines censorship controversies throughout film history from the beginning of cinema in the 1890s to the present The book focuses both on formal censorship systems including state and local censorship boards and industry self regulation efforts to unofficial censorship rendered by pressure groups and powerful social movements It probes beneath the official rhetoric and explanations revealing sensitive festering controversies The book critically examines dozens of Hollywood's most controversial and interesting movies focusing on recurring issues and censorship themes The book reveals the social and political processes of vetting films and their effect on film form and content In addition it examines the use of sexuality and violence in movies and the effects of movie censorship on those issues Finally it analyzes and makes recommendations for dramatic changes in motion picture ratings Hollywood's Tennessee R. Barton Palmer, William Robert Bray, 2009-04-01 No American dramatist has had more plays adapted than Tennessee Williams and few modern dramatists have witnessed as much controversy during the adaptation process His Hollywood legacy captured in such screen adaptations as *A Streetcar Named Desire* *Cat on a Hot Tin Roof* and *Suddenly Last Summer* reflects the sea change in American culture in the mid twentieth century Placing this body of work within relevant contexts ranging from gender and sexuality to censorship modernism art cinema and the Southern Renaissance Hollywood's Tennessee draws on rarely examined archival research to recast Williams's significance Providing not only cultural context the authors also bring to light the details of the arduous screenwriting process Williams experienced with special emphasis on the Production Code Administration the powerful censorship office that drew high profile criticism during the 1950s and Williams's innovative efforts to bend the code Going

well beyond the scripts themselves Hollywood's Tennessee showcases findings culled from poster and billboard art pressbooks and other production and advertising material The result is a sweeping account of how Williams's adapted plays were crafted marketed and received as well as the lasting implications of this history for commercial filmmakers and their audiences

Hollywood Biblical Epics Richard Lindsay, 2015-06-19 This is the only book of its kind to explore biblical epics from an LGBT perspective studying films from the silent era to the postwar major studio era to the present day In spite of restrictive Hollywood censorship regulations filmmakers throughout history have pushed the boundaries of sex and violence when making religious films In this unrivaled text author and educator Richard Lindsay analyzes the relationship between bible based epics and camp films with overwrought acting casts of thousands and exotic sexuality Lindsay presents the ways in which camp style identifies films as biblical in the mainstream imagination while undermining their traditional religious messages through the inclusion of sexually diverse subtexts Viewed through this lens this provocative book explores topics like the Jazz Age excesses of *The King of Kings* the pre code decadence of *The Sign of the Cross* the horror movie tropes of *The Passion of the Christ* and comparisons between *Ben Hur* and the gay male fantasies of 1960s beefcake magazines Additional content features the history of biblical epics and a comparison of the pious expectations of filmgoers against the real content of the films

Movie Censorship and American Culture Francis G. Couvares, 2006 From the earliest days of public outrage over indecent nickelodeon shows Americans have worried about the power of the movies The eleven essays in this book examine nearly a century of struggle over cinematic representations of sex crime violence religion race and ethnicity revealing that the effort to regulate the screen has reflected deep social and cultural schisms In addition to the editor contributors include Daniel Czitrom Marybeth Hamilton Garth Jowett Charles Lyons Richard Maltby Charles Musser Alison M Parker Charlene Regester Ruth Vasey and Stephen Vaughn Together they make it clear that censoring the movies is more than just a reflex against indecency however defined Whether censorship protects the vulnerable or suppresses the creative it is part of a broader culture war that breaks out recurrently as Americans try to come to terms with the market the state and the plural society in which they live

Screened Out Richard Barrios, 2005-02-16 Rapacious dykes self loathing closet cases hustlers ambiguous sophisticates and sadomasochistic rich kids most of what America thought it knew about gay people it learned at the movies A fresh and revelatory look at sexuality in the Great Age of movie making *Screened Out* shows how much gay and lesbian lives have shaped the Big Screen Spanning popular American cinema from the 1900s until today distinguished film historian Richard Barrios presents a rich compulsively readable analysis of how Hollywood has used and depicted gays and the mixed signals it has given us Marlene in a top hat Cary Grant in a negligee a pansy cowboy in *The Dude Wrangler* Such iconoclastic images Barrios argues send powerful messages about tragedy and obsession but also about freedom and compassion even empowerment Mining studio records scripts drafts including cut scenes censor notes reviews and recollections of viewers Barrios paints our fullest picture yet of how gays and lesbians were portrayed by the dream
