Since Fifty:

After Fifty Paul Anthony, 2003-02-03 It was interesting this morning both younger children asked me what I was doing as they saw me writing Looking up at them with a goofy look one my wife dislikes I said I m writing a book In today s world someone sitting in a room writing is perceived as being emotionally disturbed about something so to put their minds at ease I explained my mission think of it as a gift from my dad who sent me that black journal to my children so one day they can pick this up and read the ideas and concepts that their dad had If for no reason other than the smiles and warm felt love one may feel when getting to know another person that took the time to write down their memories Paul Anthony After Fifty Leslie M. Harris, 2003 Baby boomers are an incredibly lucrative market But in their rush to appeal to youth many companies have lost contact with baby boomers as they mature The experts who contributed to this book find that boomers refuse to think of themselves as old even as they seek some of the comforts of mid life As they move through their peak earning years and into retirement they still have a sense of fun and self confidence As perpetual learners boomers continue to be information hungry and willing to adopt new technologies Moreover they recognize that good health will keep them young and they work to stay healthy Leading authorities in the fields of leisure and travel financial services apparel fast food technology and health care tell you what boomers want from these industries You will find Details of todays boomer demographics compared with the generations before and after and data on their attitudes based on several representative surveys in the past year Advertising campaigns that have worked for leisure companies and destinations What mature Boomers are demanding of fast food How technology fits into their lives Why apparel companies need to rethink their designs for boomer women What boomers expect of their financial advisors Insights into their drugs of choice for combating high cholesterol and high blood pressure Dont write them off just yet Place your order now to make sure you stay ahead of the generation that has at times been referred to as A pig moving through a python This book gives you the information you need to sell to boomers After Fifty **The**
