The Lonely Quest of Unilever's CEO Paul Polman Jeroen Smit,2023-07-25 When Paul Polman became the CEO of the multinational Unilever in 2009 he set out on a quest to convince his colleagues his board and the outside world that companies do not have the right to exist if their only purpose is making money More importantly he set out to prove that a company could in fact be both profitable and sustainable The Great Battle or The Lonely Quest of Unilever s CEO Paul Polman investigates how Polman navigated between making money and doing the right thing Smit convincingly argues that Polman was too far ahead of his time but that his ideas about responsible capitalism are the very thing we need to turn the tide

Free Churches and Society Lesley Husselbee,Paul Ballard,2012-07-05 Many of the key improvements to social conditions in the United Kingdom have been made by Christians Most of us would be able to think of such key Anglican figures as William Wilberforce Anthony Ashley Cooper Earl of Shaftesbury or Dr Thomas Barnardo but lesser known contributions were made behind the scenes by significant members of the Non Conformist Churches This book traces the Free Church contribution to society from 1800 to the present day It looks at the work of campaigners co operative societies philanthropists and politicians and traces the ways in which conditions in slums education and industry were improved including work with women and with black and ethnic minorities There is a growing interest in the part the churches can play today in community development and in the building of social capital This book will show that some of the things now seen as government initiatives had their origins in the work of Free Church pioneers
