Los Angeles Transformed Fletcher Bowron's Urban Reform Revival 1938 1953:

Los Angeles Transformed Tom Sitton, 2005 When Fletcher Bowron 1887 1968 ran for mayor of Los Angeles in 1938 his twelve years as a superior court judge with a reputation for honesty and fairness carried him to victory against a notoriously corrupt incumbent During his nearly fifteen years as a neo progressive mayor Bowron presided over fundamental reforms in the police department public utilities and other agencies charged with basic services rooting out bribery kickbacks and influence peddling World War II brought economic and population booms racial conflict social dislocation and environmental problems to Los Angeles and complicated Mayor Bowron's job After the war Bowron initiated massive public housing and desegregation projects These forward looking programs alienated enough voters to cost him the 1953 election as his leftist supporters fell away under the influence of McCarthyism This political history of the mid twentieth century reform period in Los Angeles is also a case study of the ways outside events can affect municipal affairs As Tom Sitton demonstrates the choices made during Bowron's administration have had a direct bearing on how Los Angeles looks today and how its government operates

Radical L.A. Errol Wayne Stevens, 2012-11-20 When the depression of the 1890s prompted unemployed workers from Los Angeles to join a nationwide march on Washington Coxey's Army marked the birth of radicalism in that city In this first book to trace the subsequent struggle between the radical left and L.A.'s power structure Errol Wayne Stevens tells how both sides shaped the city's character from the turn of the twentieth century through the civil rights era On the radical right Los Angeles's business elite supported by the Los Angeles Times sought the destruction of the trade union movement defended on the left by socialists Wobblies communists and other groups In portraying the conflict between leftist and capitalist visions for the future Stevens brings to life colorful personalities such as Times publisher Harrison Gray Otis and Socialist mayoral candidate Job Harriman He also re-creates events such as the 1910 bombing of the Times building the savage suppression of the 1923 longshoremen's strike and the 1965 Watts riots which signaled that L.A. politics had become divided less along class lines than by complex racial and ethnic differences The book takes stock of the rivalry between right and left over the several decades in which it repeatedly flared *Radical L.A.* is a balanced work of meticulous scholarship that pieces together a rich chronicle usually seen only in smaller snippets or from a single vantage point It will change the way we see the history of the City of Angels

Sand Rush Elsa Devienne, 2024 An original approach to the iconic landscape of California the beaches of Los Angeles this book recovers untold stories of presidential jaunts wild spring break celebrations underground gay beaches and engineering feats that enlarged the shores overnight From the creation of a mini Venice on the LA sands in 1905 to Baywatch's David Hasselhoff and Pamela Anderson captivating billions of television viewers worldwide in the 1990s the book offers a comprehensive look at a landscape that is at once natural and artificial but now under threat from climate change and rising sea levels

Bohemian Los Angeles Daniel Hurewitz, 2008-04-30 Historian Hurewitz brings to life a vibrant and all but forgotten milieu of artists leftists and gay men

and women whose story played out over the first half of the twentieth century and continues to shape the entire American landscape In a hidden corner of Los Angeles the personal first became the political the nation's first enduring gay rights movement emerged and the broad spectrum of what we now think of as identity politics was born Portraying life over more than forty years in the hilly enclave of Edendale now part of Silver Lake Hurewitz considers the work of painters and printmakers looks inside the Communist Party's intimate cultural scene and examines the social world of gay men He discovers why and how these communities inspiring both one another and the city as a whole transformed American notions of political identity with their ideas about self expression political engagement and race relations From publisher description

L.A.'s Titans of Temple Street Tom Sitton, 2023-03-29 This book studies Los Angeles County and its government since World War II A special focus is given to the Titans of Temple Street the five member Board of Supervisors that determines policies and actions for many issues throughout the county especially for residents who do not live in the county's 88 cities It is the largest of all U S counties with a population of more than 10 million more residents than 41 states and an annual budget of more than 44 billion more than all but 19 states It has served as an innovative example of county government since the early 1900s **Bridges of Reform** Shana Bernstein, 2011 Public Los Angeles Donald Craig Parson, 2019 Public Los Angeles is a collection of unpublished essays by scholar Don Parson focusing on little known characters and histories located in the first half of twentieth century Los Angeles An infamously private city in the eyes of outside observers structured around single family homes and an aggressively competitive regional economy Los Angeles has often been celebrated or caricatured as the epitome of an American society bent on individualism entrepreneurialism and market ingenuity But Don Parson presents a different vision for the vast Southern California metropolis one that is deftly illustrated by stories of sustained struggles for social and economic justice led by activists social workers architects housing officials and a courageous judge Public Los Angeles presents insights into LA's historic collectivism networks of solidarity and government policy A follow up to Parson's seminal Making a Better World Public Housing the Red Scare and the Direction of Modern Los Angeles 2005 this volume helps shape our understanding of public housing gender and housework judicial activism and race and class in modern day Los Angeles and asks us if history is repeating Parson's work anchors a collection of nine essays by friends and mentors who deepen the discussion of his themes Dana Cuff Mike Davis Steven Flusty Greg Goldin Jacqueline Leavitt Laura Pulido Sue Ruddick Tom Sitton Edward W Soja and Jennifer Wolch The book is richly illustrated Biographical and curatorial essays by the book's editors Roger Keil and Judy Branfman provide background material and a coherent storyline for a mosaic of fresh Los Angeles research *Alien Neighbors, Foreign Friends* Charlotte Brooks, 2009-08-01 Between the early 1900s and the late 1950s the attitudes of white Californians toward their Asian American neighbors evolved from outright hostility to relative acceptance Charlotte Brooks examines this transformation through the lens of California's urban housing markets arguing that the perceived foreignness of Asian Americans which initially stranded them

in segregated areas eventually facilitated their integration into neighborhoods that rejected other minorities Against the backdrop of cold war efforts to win Asian hearts and minds whites who saw little difference between Asians and Asian Americans increasingly advocated the latter group s access to middle class life and the residential areas that went with it But as they transformed Asian Americans into a model minority whites purposefully ignored the long backstory of Chinese and Japanese Americans early and largely failed attempts to participate in public and private housing programs As Brooks tells this multifaceted story she draws on a broad range of sources in multiple languages giving voice to an array of community leaders journalists activists and homeowners and insightfully conveying the complexity of racialized housing in a multiracial society

Beyond Alliances George J. Sanchez, Bruce Zuckerman, 2011-12-15 This volume focuses on the special role that Jews played in reshaping the racial landscape of southern California in the twentieth century Rather than considering this issue in terms of broad analyses of organizations or communities each contribution instead approaches it by examining the activity of a single Jewish individual and how he or she navigated the social terrain of a changing southern California In particular this volume is one of the first to take seriously the unique racial ethnic makeup of southern California for Jewish activism with a particular focus on the relationship between Jews and Mexican Americans in the area around Los Angeles The Jewish individuals who are this volume s subjects represent a wide spectrum of backgrounds and perspectives ranging from an elected official to an activist lawyer and from a local businessman to a Democratic Party organizer The volume culminates with an interview with one of the most beloved of local university rabbis who has been operating in the ever changing environment of higher education in Los Angeles over the past thirty years While its overall message is one of optimism the volume does not shy away from taking on some of the more vexed issues in the scholarship of racial ethnic interaction While Jewish activism in shaping local civil rights is thoroughly discussed the specific and unequal dynamics of power within the civil rights community is also analyzed The changing relationship of Jews to whiteness in southern California during the late twentieth century in both geographic and political terms shapes many of these ongoing relationships Finally the volume provides a unique historical perspective on our understanding of contemporary Los Angeles in all its ethnic complexity and specifically in thinking through the future of Jewish role in urban southern California

Boyle Heights George J. Sánchez, 2022-07-12 The radical history of a dynamic multiracial American neighborhood When I think of the future of the United States and the history that matters in this country I often think of Boyle Heights George J Sanchez The vision for America s cross cultural future lies beyond the multicultural myth of the great melting pot That idea of diversity often imagined ethnically distinct urban districts the Little Italys Koreatowns and Jewish quarters of American cities built up over generations and occupying spaces that excluded one another But the neighborhood of Boyle Heights shows us something altogether different a dynamic multiracial community that has forged solidarity through a history of social and political upheaval Boyle Heights is an in depth history of the Los Angeles neighborhood showcasing the potent experiences of

its residents from early contact between Spanish colonizers and native Californians to the internment of Japanese Americans during World War II the hunt for hidden Communists among the Jewish population negotiating citizenship and belonging among Latino migrants and Mexican American residents and beyond Through each period and every struggle the residents of Boyle Heights have maintained remarkable solidarity across racial and ethnic lines acting as a unified polyglot community even as their tribulations have become more explicitly racial in nature Boyle Heights is immigrant America embodied and it can serve as the true beacon on a hill toward which the country can strive in a time when racial solidarity and civic resistance have never been in greater need A Companion to Los Angeles William Deverell,Greg Hise,2014-01-28 This Companion contains 25 original essays by writers and scholars who present an expert assessment of the best and most important work to date on the complex history of Los Angeles The first Companion providing a historical survey of Los Angeles incorporating critical multi disciplinary themes and innovative scholarship Features essays from a range of disciplines including history political science cultural studies and geography Photo essays and contemporary voice sections combine with traditional historiographic essays to provide a multi dimensional view of this vibrant and diverse city Essays cover the key topics in the field within a thematic structure including demography social unrest politics popular culture architecture and urban studies L.A. Noir John Buntin,2010-04-06 Now the TNT Original Series MOB CITY Midcentury Los Angeles A city sold to the world as the white spot of America a land of sunshine and orange groves wholesome Midwestern values and Hollywood stars protected by the world s most famous police force the Dragnet era LAPD Behind this public image lies a hidden world of pleasure girls and crooked cops ruthless newspaper tycoons corrupt politicians and East Coast gangsters on the make Into this underworld came two men one L A s most notorious gangster the other its most famous police chief each prepared to battle the other for the soul of the city **Hollywood's Spies** Laura B Rosenzweig,2018-01-23 The remarkable story of the Jewish moguls in Hollywood who established the first anti Nazi Jewish resistance organization in the country in the 1930s Finalist Celebrate 350 Award in American Jewish Studies The 1939 film Confessions of a Nazi Spy may have been the first cinematic shot fired by Hollywood against Nazis in America but it by no means marked the political awakening of the film industry s Jewish executives to the problem Hollywood s Spies tells the remarkable story of the Jewish moguls in Hollywood who paid private investigators to infiltrate Nazi groups operating in Los Angeles establishing the first anti Nazi Jewish resistance organization in the country the Los Angeles Jewish Community Committee LAJCC Drawing on more than 15 000 pages of archival documents Laura B Rosenzweig offers a compelling narrative illuminating the role that Jewish Americans played in combating insurgent Nazism in the United States in the 1930s Forced undercover by the anti Semitic climate of the decade the LAJCC partnered with organizations whose Americanism was unimpeachable such as the American Legion to channel information regarding seditious Nazi plots to Congress the Justice Department the FBI and the Los Angeles Police Department Hollywood s Spies corrects the decades long belief that American Jews lacked the political

organization and leadership to assert their political interests during this period in our history and reveals that the LAJCC was one of many covert fact finding operations funded by Jewish Americans designed to root out Nazism in the United States A remarkable tale The Wall Street Journal Expose s a buried story about underground plots waged by Nazis against major Hollywood figures Los Angeles Review of Books Shameful Victory John H. M. Laslett, 2015-10-22 On May 8 1959 the evening news shocked Los Angeles residents who saw LA County sheriffs carrying a Mexican American woman from her home in Chavez Ravine not far from downtown Immediately afterward the house was bulldozed to the ground This violent act was the last step in the forced eviction of 3 500 families from the unique hilltop barrio that in 1962 became the home of the Los Angeles Dodgers John H M Laslett offers a new interpretation of the Chavez Ravine tragedy paying special attention to the early history of the barrio the reform of Los Angeles s destructive urban renewal policies and the influence of the evictions on the collective memory of the Mexican American community In addition to examining the political decisions made by power brokers at city hall Shameful Victory argues that the tragedy exerted a much greater influence on the history of the Los Angeles civil rights movement than has hitherto been appreciated The author also sheds fresh light on how the community grew on the experience of individual home owners who were evicted from the barrio and on the influence that the event had on the development of recent Chicano a popular music drama and literature South Central Dreams Pierrette Hondagneu-Sotelo, Manuel Pastor, 2021-07-13 One of the Choice Outstanding Academic Titles for 2022 given by Choice Winner of the 2022 Latino a Section Best Book Award given by the American Sociological Association Honorable Mention for the Robert E Park Award given by the Community and Urban Sociology Section of the American Sociological Association Finalist for the 2021 C Wright Mills Award given by the Society for the Study of Social Problems Race place and identity in a changing urban America Over the last five decades South Los Angeles has undergone a remarkable demographic transition In South Central Dreams eminent scholars Pierrette Hondagneu Sotelo and Manuel Pastor follow its transformation from a historically Black neighborhood into a predominantly Latino one providing a fresh inside look at the fascinating and constantly changing relationships between these two racial and ethnic groups in California Drawing on almost two hundred interviews and statistical data Hondagneu Sotelo and Pastor explore the experiences of first and second generation Latino residents their long time Black neighbors and local civic leaders seeking to build coalitions Acknowledging early tensions between Black and Brown communities they show how Latino immigrants settled into a new country and a new neighborhood finding various ways to co exist cooperate and most recently demonstrate Black Brown solidarity at a time when both racial and ethnic communities have come under threat Hondagneu Sotelo and Pastor show how Latino and Black residents have practiced and adapted innovative strategies of belonging in a historically Black context ultimately crafting a new route to place based identity and political representation South Central Dreams illuminates how racial and ethnic demographic shifts as well as the search for identity and belonging are dramatically shaping American cities and neighborhoods around the

country *Nikita Khrushchev's Journey into America* Lawrence J. Nelson, Matthew Schoenbachler, 2019-05-31 When Nikita Khrushchev toured America in 1959 the first Russian leader ever to set foot in the Western Hemisphere let alone the United States the country was enjoying a period of unprecedented prosperity just as the Cold War and the possibility of thermonuclear annihilation were causing widespread bone deep dread throughout the land This book for the first time fully explores Khrushchev s journey as a reflection of a critical moment in US life Deeply researched and deftly written Nikita Khrushchev s Journey into America captures that moment in all its complexity and implications describing not only the Russian leader s occasionally surreal itinerary a tantrum at being denied entry into Disneyland for instance or a near riot upon wandering into a grocery store in San Francisco but also the tenor of the crowds and the country along the way Following Khrushchev from his arrival in the nation s capital to the eerily silent greeting of hundreds of thousands of spectators to his tickling of pigs kissing of babies and glad handing of union workers and farm laborers in rural Iowa to his encounter with President Dwight Eisenhower Nelson and Schoenbachler s work offers glimpses of the clash between a true believer in the Soviet system and the icons of capitalism and visions of prosperity he repeatedly confronted on his trip At the same time the book shows us the American people of the time coming to terms with who they were even as they confronted the embodiment of everything they believed they weren t atheistic socialist and ideological As the narrative unfolds Khrushchev s visit can be understood as easily the most democratic event of the Cold War one that laid bare the depth of ideological commitments on both sides of the geopolitical divide as well as the key role of religion in shaping Americans reactions to the Soviet leader and to the Cold War itself *City of Dreams* Jerald Podair, 2019-07-09 A vivid history of the controversial building of Dodger Stadium and how it helped transform Los Angeles When Walter O Malley moved his Brooklyn Dodgers to Los Angeles in 1957 with plans to construct a new ballpark he ignited a bitter half decade dispute over the future of a rapidly changing city For the first time City of Dreams tells the full story of the controversial building of Dodger Stadium and how it helped create modern Los Angeles In a vivid narrative Jerald Podair tells how the city was convulsed over whether where and how to build the stadium Eventually it was built on publicly owned land from which the city had uprooted a Mexican American community raising questions about the relationship between private profit and public purpose Indeed the battle over Dodger Stadium crystallized issues with profound implications for all American cities Filled with colorful stories City of Dreams will fascinate anyone who is interested in the history of the Dodgers baseball Los Angeles and the modern American city *Sunshine Was Never Enough* John H. M. Laslett, 2014-03-26 Delving beneath Southern California s popular image as a sunny frontier of leisure and ease this book tells the dynamic story of the life and labor of Los Angeles s large working class In a sweeping narrative that takes into account more than a century of labor history John H M Laslett acknowledges the advantages Southern California s climate open spaces and bucolic character offered to generations of newcomers At the same time he demonstrates that in terms of wages hours and conditions of work L A differed very little

from America's other industrial cities Both fast paced and sophisticated *Sunshine Was Never Enough* shows how labor in all its guises blue and white collar industrial agricultural and high tech shaped the neighborhoods economic policies racial attitudes and class perceptions of the City of Angels Laslett explains how until the 1930s many of L A's workers were under the thumb of the Merchants and Manufacturers Association This conservative organization kept wages low suppressed trade unions and made L A into the open shop capital of America By contrast now at a time when the AFL CIO is at its lowest ebb a young generation of Mexican and African American organizers has infused the L A movement with renewed strength These stories of the men and women who pumped oil loaded ships in San Pedro harbor built movie sets assembled aircraft and in more recent times cleaned hotels and washed cars is a little known but vital part of Los Angeles history

A Better Way to Build Michael R. Adamson, 2013-01-15 While architects have been the subject of many scholarly studies we know very little about the companies that built the structures they designed This book is a study in business history as well as civil engineering and construction management It details the contributions that Charles J Pankow a 1947 graduate of Purdue University and his firm have made as builders of large often concrete commercial structures since the company's foundation in 1963 In particular it uses selected projects as case studies to analyze and explain how the company innovated at the project level The company has been recognized as a pioneer in design build a methodology that involves the construction company in the development of structures and substitutes negotiated contracts for the bidding of architects plans The Pankow companies also developed automated construction technologies that helped keep projects on time and within budget The book includes dozens of photographs of buildings under construction from the company's archive and other sources At the same time the author analyzes and evaluates the strategic decision making of the firm through 2004 the year in which the founder died While Charles Pankow figures prominently in the narrative the book also describes how others within the firm adapted the business so that the company could survive a commercial market that changed significantly as a result of the recession of the 1990s Extending beyond the scope of most business biographies this book is a study in industry innovation and the power of corporate culture as well as the story of one particular company and the individuals who created it

The Coveted Westside Jennifer Mandel, 2022-03-29 From the middle of the nineteenth century as Euro Americans moved westward they carried with them long held prejudices against people of color By the time they reached the West Coast their new settlements included African Americans and recent Asian immigrants as well as the indigenous inhabitants and descendants of earlier Spanish and Mexican settlers *The Coveted Westside* deals with the settlement and development of Los Angeles in the context of its multiracial multiethnic population especially African Americans Mandel exposes the enduring struggle between Whites determined to establish their hegemony and create residential heterogeneity in the growing city and people of color equally determined to obtain full access to the city and the opportunities including residential that it offered Not only does this book document the Black homeowners fight against housing discrimination it

shares personal accounts of Blacks efforts to settle in the highly desirable Westside of Los Angeles Mandel explores the White derived social and legal mechanisms that created this segregated city and the African American led movement that challenged efforts to block access to fair housing
